### ***Liquidation of Compartments***

The Fund has been set up on 28 October 2011. Each compartment shall remain independent and distinct from the other compartments. Consequently, the Management Company may liquidate a compartment, in compliance with the provisions of Article L. 214-183-II and Article R. 214-226-I of the French Monetary and Financial Code, without having to liquidate any other compartment of the Fund or the Fund generally, except where no other compartment remains in existence at the Compartment Liquidation Date.

## RISK FACTORS

*The following is a summary of certain aspects of the issue of the Notes and the related transactions which prospective investors should consider before deciding to invest in the Listed Notes.*

*An investment in the Notes involves a certain degree of risk since, in particular, the Notes do not have a regular, predictable schedule of redemption. In addition, the Class B Notes will be subordinated to the Class A Notes, the Class C Notes will be subordinated to the Class B Notes and the Class D Notes will be subordinated to the Class C Notes as further detailed elsewhere in this Compartment Prospectus.*

Prospective investors should:

- carefully consider the risk factors set out below, in addition to the other information contained in this Compartment Prospectus, in evaluating whether to purchase the Listed Notes; and
- also consult their own professional advisors if they deem that necessary.

As more than one risk factor can affect the Listed Notes simultaneously, the effect of a single risk factor cannot be accurately predicted. Additionally, risk factors may have a cumulative effect so that the combined effect on the Listed Notes cannot be accurately predicted. No binding statement can be given on the effect of a combination of risk factors on the Listed Notes.

The Listed Notes may not be a suitable investment for all investors.

**The Listed Notes are a suitable investment only for investors who are capable of bearing the economic risk of an investment in the Listed Notes (including the risk that the investor shall lose all or a substantial portion of its investment) for an indefinite period of time with no need for liquidity and are capable of independently assessing the tax risks associated with an investment in the Listed Notes.**

The Listed Notes may involve substantial risks and is suitable only for sophisticated investors who have the knowledge and experience in financial and business matters necessary to prospective investors to enable them to evaluate the risks and the merits of an investment in the Listed Notes. Each potential investor in the Listed Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the Listed Notes, the merits and risks of investing in the Listed Notes and the information contained or incorporated by reference in this Compartment Prospectus;
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Listed Notes and the impact the Listed Notes will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Listed Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (d) understand thoroughly the terms of the Listed Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Furthermore, each prospective purchaser of Listed Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Listed Notes:

- is fully consistent with its (or if it is acquiring the Listed Notes for its own account or on behalf of a third party) financial needs, objectives and condition;

- complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it whether acquiring the Listed Notes for its own account or on behalf of a third party; and
- is a fit, proper and suitable investment for it (or if it is acquiring the Listed Notes for its own account or on behalf of a third party), notwithstanding the substantial risks inherent to investing in or holding the Listed Notes.

The Custodian and the Management Company believe that the risks described below are the principal risks inherent in the transaction for the Noteholders, but the inability of the Compartment to pay interest, principal or other amounts on or in connection with the Notes may occur for other reasons and the Custodian and the Management Company do not represent that the following statements regarding the risk of holding the Notes are exhaustive. Prospective investors should also read the detailed information set out elsewhere in this Compartment Prospectus and reach their own views prior to making any investment decision.

## **1. CREDIT CONSIDERATIONS AND RISKS RELATING TO THE COMPARTMENT AND THE NOTES**

### **1.1 The Notes are asset-backed debt and the Compartment has only limited assets**

The cash flows arising from the Assets of the Compartment constitute the main financial resources of the Compartment for the payment of principal and interest amounts due in respect of the Notes. The Notes represent an obligation solely of the Compartment. Pursuant to the Compartment Regulations, the right of recourse of the Securityholders with respect to their right to receive payment of principal and interest together with any arrears shall be limited to the Assets of the Compartment *pro rata* to the number of Notes owned by them.

### **1.2 Liability under the Notes**

The Compartment is the only entity responsible for making any payments on the Notes. The Notes are obligations of the Compartment only and will not be the obligations of, or guaranteed by, any other entity. In particular, the Notes do not represent an obligation of, or the responsibility of, and will not be guaranteed by the Management Company, the Custodian, the Seller, the Servicer, the Account Bank, the Interest Rate Swap Counterparty, the Cash Manager, the Paying Agent, the Arranger, the Lead Manager or any of their respective affiliates and none of such persons accepts any liability whatsoever in respect of any failure by the Compartment to make payment of any amount due on the Notes. Furthermore, no person other than the Compartment has any liability whatsoever to the holders of the Notes and of the Units in respect of any failure by the Fund to pay any amount due under the Notes or the Units. The Compartment is a compartment of a French securitisation fund (*fonds commun de titrisation*) with no capitalisation and no business operations other than the issue of the Notes and the Units, the purchase of the relevant Receivables during the Revolving Period, the entry into the Transaction Documents and the transactions ancillary thereto. Subject to the powers of the Noteholders Representatives and the powers of the General Meetings of the Noteholders (as respectively defined in “*Terms and Conditions of the Class A Notes—Condition 8 (Representation of the Class A Noteholders)*” and “*Terms and Conditions of the Class B Notes—Condition 8 (Representation of the Class B Noteholders)*”), “*Terms and Conditions of the Class C Notes—Condition 8 (Representation of the Class C Noteholders)*”) and “*Terms and Conditions of the Class D Notes—Condition 8 (Representation of the Class D Noteholders)*”) only the Management Company may enforce the rights of the Securityholders against third parties.

### **1.3 Ability of the Compartment to Make Payments**

The ability of the Compartment to perform its obligations of payments of principal and interest on the Notes shall depend on (a) payments received from the Purchased Receivables and, to a limited extent, from the proceeds of the enforcement of the Ancillary Rights, if applicable, (b) the General Reserve Fund, (c) payment of net amounts due by the Interest Rate Swap Counterparty under each Interest Rate Swap Agreement and (d) the Commingling Reserve Deposit.

The Compartment will not have any other significant sources of funds available to meet its obligations under the Notes and/or any other payments ranking in priority to the Notes. If the resources described above cannot provide the Compartment with sufficient funds to enable the

Compartment to make required payments on the Notes, the Noteholders may incur a loss of interest and/or principal which would otherwise be due and payable on the Notes.

#### **1.4 Credit Enhancement Provides only Limited Protection against Losses**

The credit enhancement mechanisms established within the Compartment through the excess margin, the issue of the Class B Notes, the Class C Notes, the Class D Notes and the establishment of the General Reserve Fund provide only limited protection to the holders of the Class A Notes. Although the credit enhancement is intended to reduce the effect of delinquent payments or losses recorded on the Purchased Receivables, the amount of such credit enhancement is limited and, upon its reduction to zero, the holders of the Class D Notes and, thereafter, the holders of the Class C Notes and, thereafter, the holders of the Class B Notes and, thereafter, the holders of the Class A Notes, may suffer from losses with the result that the Class A Noteholders or the Class B Noteholders or the Class C Noteholders or the Class D Noteholders may not receive all amounts of interest and principal due to them. Likewise, the establishment of the General Reserve Fund and the issue of the Class C Notes, the Class D Notes and the Units offer only limited protection to the holders of the Class B Notes. Likewise, the establishment of the General Reserve Fund and the issue of the Class D Notes and the Units offer only limited protection to the holders of the Class C Notes. The issue of the Units offer only limited protection to the holders of the Class D Notes.

#### **1.5 Class B Notes are Subject to Greater Risk than the Class A Notes Because the Class B Notes are Subordinated to the Class A Notes**

The Class B Notes bear greater credit risk than the Class A Notes because payments of principal in respect of the Class B Notes are subordinate, to the extent described herein, to payment of principal in respect of the Class A Notes and payments of interest in respect of the Class B Notes are subordinate to payments of principal in respect of the Class A Notes to the extent of any Class A Principal Deficiency Ledger during the Revolving Period and the Normal Redemption Period (see “*Operation of the Compartment*”).

During the Accelerated Redemption Period, the Class B Noteholders will receive payments of principal and interest only to the extent that the Class A Notes have been redeemed in full.

#### **1.6 Class C Notes are Subject to Greater Risk than the Class B Notes Because the Class C Notes are Subordinated to the Class B Notes**

The Class C Notes bear greater credit risk than the Class B Notes because payments of principal in respect of the Class C Notes are subordinate, to the extent described herein, to payment of principal in respect of the Class B Notes and payments of interest in respect of the Class C Notes are subordinate to payments of principal in respect of the Class B Notes to the extent of any Class B Principal Deficiency Ledger during the Revolving Period and the Normal Redemption Period (see “*Operation of the Compartment*”).

During the Accelerated Redemption Period, the Class C Noteholders will receive payments of principal and interest only to the extent that the Class B Notes have been redeemed in full.

#### **1.7 Class D Notes are Subject to Greater Risk than the Class C Notes Because the Class D Notes are Subordinated to the Class C Notes**

The Class D Notes bear greater credit risk than the Class C Notes because payments of principal in respect of the Class D Notes are subordinate, to the extent described herein, to payment of principal in respect of the Class C Notes and payments of interest in respect of the Class D Notes are subordinate to payments of principal in respect of the Class C Notes to the extent of any Class C Principal Deficiency Ledger during the Revolving Period and the Normal Redemption Period (see “*Operation of the Compartment*”).

During the Accelerated Redemption Period, the Class D Noteholders will receive payments of principal and interest only to the extent that the Class C Notes have been redeemed in full.

## 1.8 Interest Rate Risk

The Purchased Receivables bear a fixed interest rate but the Compartment will pay interest on the Class A Notes and the Class B Notes issued in connection with its acquisition of such Purchased Receivables based on the relevant Euribor Reference Rate. The Compartment will hedge this interest rate risk by entering into a Class A Interest Rate Swap Agreement and a Class B Interest Rate Swap Agreement with the Interest Rate Swap Counterparty. The floating rate payments the Compartment will receive under the Class A Interest Rate Swap Agreement are calculated with respect to the swap notional amount which is equal to the Principal Amount Outstanding of the Class A Notes on the immediately preceding Payment Date. The floating rate payments the Compartment will receive under the Class B Interest Rate Swap Agreement are calculated with respect to the swap notional amount which is equal to the Principal Amount Outstanding of the Class B Notes on the immediately preceding Payment Date.

During periods in which floating rate payments payable by the Interest Rate Swap Counterparty under each Interest Rate Swap Agreement are greater than the fixed rate payments payable by the Compartment under each Interest Rate Swap Agreement, the Compartment will be more dependent on receiving net payments from the Interest Rate Swap Counterparty in order to make interest payments on the Class A Notes and the Class B Notes, respectively. If in such a period the Interest Rate Swap Counterparty fails to pay any amounts when due under any Interest Rate Swap Agreement, the Available Distribution Amount may be insufficient to make the required payments on the Class A Notes and the Class B Notes and the holders of Class A Notes and the holders of the Class B Notes may experience delays and/or reductions in the interest and principal payments on the Class A Notes and the Class B Notes.

During periods in which floating rate payments payable by the Interest Rate Swap Counterparty under each Interest Rate Swap Agreement are less than the fixed rate payments payable by the Compartment under each Interest Rate Swap Agreement, the Compartment will be obliged under each Interest Rate Swap Agreement to make a net payment to the Interest Rate Swap Counterparty. The Interest Rate Swap Counterparty's claims for payment (including certain termination payments required to be made by the Compartment upon a termination of the relevant Interest Rate Swap Agreement) under each Interest Rate Swap Agreement will rank higher in priority than all payments on the Class A Notes and the Class B Notes, respectively. If a net payment under any Interest Rate Swap Agreement is due to the Interest Rate Swap Counterparty on a Payment Date, the then Available Distribution Amount may be insufficient to make such net payment to the Interest Rate Swap Counterparty and, in turn, interest and principal payments to the holders of Class A Notes and the Class B Notes, so that the Noteholders may experience delays and/or reductions in the interest and principal payments on the Class A Notes and the Class B Notes.

The Interest Rate Swap Counterparty may terminate each Interest Rate Swap Agreement upon the occurrence of either of the following events: (a) any provision of the Transaction Documents is amended and the effect of such amendment is to affect the amount, timing or priority of any payments due between the parties unless the Interest Rate Swap Counterparty has consented in writing to such amendment or any provision of the Transaction Documents is amended without the consent of the Interest Rate Swap Counterparty only to the extent where such amendment would have a material adverse effect on the Interest Rate Swap Counterparty; the Compartment will be deemed to be the "Affected Party" (as defined in each Interest Rate Swap Agreement); or (b) the Management Company announces its intention to liquidate the Compartment when the Principal Amount Outstanding of the Class A Notes and the Class B Notes is not reduced to zero on the day of the receipt by the Interest Rate Swap Counterparty of the written notice from the Management Company. The Management Company may terminate each Interest Rate Swap Agreement if, among other things, the Interest Rate Swap Counterparty becomes insolvent, or fails to make a payment under each Interest Rate Swap Agreement when due and such failure is not remedied after the notice of such failure being given, and if performance of each Interest Rate Swap Agreement becomes illegal (see "*Description of the Interest Rate Swap Agreements*").

The Compartment is exposed to the risk that the Interest Rate Swap Counterparty may become insolvent. In the event that the Interest Rate Swap Counterparty suffers a rating downgrade below the

required ratings, the Compartment may terminate any relevant Interest Rate Swap Agreement if the Interest Rate Swap Counterparty fails, within a set period of time, to take certain actions intended to mitigate the effects of such downgrade. Such actions may include the Interest Rate Swap Counterparty collateralising its obligations under the Interest Rate Swap Agreement, transferring its obligations to a replacement interest rate swap counterparty having the required ratings or procuring that an entity with the required ratings becomes a co-obligor with or guarantor of the Interest Rate Swap Counterparty. However in the event the Interest Rate Swap Counterparty is downgraded below the required ratings there can be no assurance that a co-obligor, guarantor or replacement interest rate swap counterparty will be found or that the amount of collateral provided will be sufficient to meet the Interest Rate Swap Counterparty's obligations (see "*Description of the Interest Rate Swap Agreements*").

In the event that any Interest Rate Swap Agreement is terminated by either party, then, depending on the total losses and costs incurred in connection with the termination of the swap (including but not limited to loss of bargain, cost of funding and losses and costs incurred as a result of termination, liquidating, obtaining or re-establishing any hedge or related trading position), a termination payment may be due to the Compartment or to the Interest Rate Swap Counterparty. Any such termination payment could be substantial.

In the event that any Interest Rate Swap Agreement is terminated by either party or the Interest Rate Swap Counterparty becomes insolvent, the Compartment will endeavour but may not be able to enter into a replacement interest rate swap agreement with a replacement interest rate swap counterparty immediately or at a later date. If a replacement interest rate swap counterparty cannot be contracted, the Compartment will no longer be hedge against interest rate risk and the amount available to pay principal of and interest on the Class A Notes or the Class B Notes will be reduced if the floating rate applicable to the Class A Notes and the Class B Notes exceeds the fixed rate the Compartment would have been required to pay the Interest Rate Swap Counterparty under each relevant terminated Interest Rate Swap Agreement. In these circumstances, the Available Distribution Amount may be insufficient to make the required payments on the Class A Notes and the Class B Notes and the holders of Class A Notes and the Class B Notes may experience delays and/or reductions in the interest and principal payments on the Class A Notes and the Class B Notes.

## **1.9 Yield to Maturity of the Notes**

The yields to maturity on the Notes will be sensitive to and affected by the amount and timing of delinquencies and default on the Purchased Receivables, the level of the relevant Euribor Reference Rate with respect to the Class A Notes and the Class B Notes from time to time, the Prepayments, the occurrence of an Accelerated Redemption Event or any Compartment Liquidation Event. Such events may each influence the average lives and the yield to maturity of the Notes.

No assurance can be given as to the level of prepayment that the Receivables will experience and the level of prepayment amounts (see "*Weighted Average Lives of the Listed Notes and Assumptions*").

## **1.10 Interest Arrears**

In the event that any Note of any Class is affected by any interest arrears, such amount will not bear interest.

## **1.11 Absence of Secondary Market – Limited liquidity - Selling Restrictions**

Although application has been made to list the Listed Notes on Euronext Paris, there is currently no secondary market for the Listed Notes. There can be no assurance that a secondary market in the Listed Notes will develop or, if it does develop, that it will provide Class A Noteholders or Class B Noteholders or Class C Noteholders with liquidity of investment, or that it will continue for the life of the Notes. In addition, the market value of the Notes may fluctuate with changes in prevailing rates of interest. Consequently, any sale of Class A Notes by Class A Noteholders or any sale of Class B Notes by Class B Noteholders or sale of Class C Notes by Class C Noteholders in any secondary market which may develop may be at a discount to the original purchase price of such Classes of

Notes. Consequently prospective investors in the Listed Notes and Noteholders must be prepared to hold the Listed Notes until their final amortisation date.

Furthermore, the Listed Notes are subject to certain selling restrictions which may further limit their liquidity (see “*Selling and Transfer Restrictions*”).

## 1.12 Ratings of the Listed Notes

The ratings assigned to the Listed Notes by Fitch and S&P addresses the likelihood of full and timely payment to the Noteholders of all payments of interest on each Payment Date and the likelihood of receipt of principal due on the Final Legal Maturity Date. In the Rating Agencies’ opinion the structure allows for timely payment of interest and ultimate payment of principal at par on or before the rated final legal maturity date. Rating Agencies’ rating address only the credit risks associated with the transaction. Other non-credit risks have not been addressed, but may have a significant effect on yield to investors.

There is no assurance that any such rating will continue for any period of time or that they will not be reviewed, revised, suspended or withdrawn entirely by the Rating Agencies as a result of changes in or unavailability of information or if, in the Rating Agencies’ judgement, circumstances so warrant.

For the avoidance of doubt and unless the context otherwise requires any references to “**ratings**” or “**rating**” in this Compartment Prospectus are to ratings assigned by the Rating Agencies only. Future events could have an adverse impact on the ratings of the Listed Notes.

By acquiring any Listed Note, each Noteholder acknowledges that any ratings affirmation given by the Rating Agencies:

- (a) only addresses the effect of any relevant event, matter or circumstance on the current ratings assigned by the Rating Agencies to the Listed Notes;
- (b) does not address whether any relevant event, matter or circumstance is permitted by the Transaction Documents; and
- (c) does not address whether any relevant event, matter or circumstance is in the best interests of, or prejudicial to, some or all of the Noteholders,

and that no person shall be entitled to assume otherwise.

### ***Ratings generally***

A rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time by the Rating Agencies. Any such revision, suspension or withdrawal may have an effect on the market value of the Listed Notes. The rating assigned to the Listed Notes should be evaluated independently from similar ratings on other types of securities. There is no assurance that any of the ratings mentioned above will continue for any period of time or that they will not be lowered, reviewed, revised, suspended or withdrawn by the Rating Agencies. In the event that the ratings initially assigned to the Listed Notes by the Rating Agencies are subsequently withdrawn or lowered for any reason, no person or entity is obliged to provide any additional support or credit enhancement with respect to them.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). The list of registered and certified rating agencies published by the European Securities and Markets Authority (ESMA) on its website in accordance with the CRA

Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list.

## **2. RISK FACTORS RELATING TO THE SECURITISED RECEIVABLES**

### **2.1 Performance of the Purchased Receivables is Uncertain**

The payment of principal and interest on the Notes is, *inter alia*, conditional on the performance of the Purchased Receivables. Accordingly, the Noteholders will be exposed to the credit risk of the Borrowers.

The performance of the Purchased Receivables shall depend on a number of factors, including general economic conditions, unemployment levels, the circumstances of the Borrowers, the Servicer's underwriting standards at origination and the success of the Servicer's servicing and collection strategies. Consequently, no accurate prediction can be made of how the Purchased Receivables will perform based on credit evaluation scores or other similar measures.

### **2.2 Losses and or Delinquencies on the Purchased Receivables May Cause Losses on the Notes**

The payment of principal and interest under each Class of Notes is dependent upon the future performance of the Purchased Receivables. Noteholders may therefore suffer losses on the amounts invested in the Notes in the event that the Borrowers as debtors of the Purchased Receivables default on their payment obligations and/or delinquencies.

There can be no assurance that the historical level of losses or delinquencies experienced by CA Consumer Finance on its portfolio of consumer credits is predictive of future performance of the portfolio. Losses or delinquencies could increase significantly for various reasons, including changes in the local, regional or national economies or due to other events. Any significant increase in losses or delinquencies on the Purchased Receivables could result in accelerated, reduced or delayed payments on the Notes.

The risk of loss for the holders of the Notes is partially reduced by credit enhancement which will be provided by the amounts standing to the credit of the General Reserve Account and, in the case of the Class A Notes, the subordination of the Class B Notes, the Class C Notes and the Class D Notes and in the case of the Class B Notes, the subordination of the Class C Notes and the Class D Notes and in the case of the Class C Notes, the subordination of the Class D Notes as described in this Compartment Prospectus. The amount of credit enhancement is limited. If the credit enhancement for the Class A Notes is exhausted, the holders thereof are much more likely to incur a loss on such Class A Notes. If the credit enhancement for the Class B Notes is exhausted, the holders thereof are much more likely to incur a loss on such Class B Notes. If the credit enhancement for the Class C Notes is exhausted, the holders thereof are much more likely to incur a loss on such Class C Notes. If the credit enhancement for the Class D Notes is exhausted, the holders thereof are much more likely to incur a loss on such Class D Notes.

### **2.3 Reliance on Representations**

None of the Arranger, the Lead Manager, the Management Company, the Custodian, the Account Bank, the Cash Manager, the Interest Rate Swap Counterparty or the Paying Agent has made or will make any investigations or searches or verify the characteristics of any Purchased Receivables, the Loan Agreements or the Borrowers or the solvency of the Borrowers, each of them relying only on the representations made, and on the warranties given, by the Seller regarding, among other things, the Purchased Receivables, the Loan Agreements and the Borrowers.

The Management Company will carry out consistency tests on the information provided to it by the Seller and will verify the compliance of certain of the Receivables with the Eligibility Criteria. Such tests will be undertaken in the manner, and as often as is necessary, to ensure the fulfilment by the Seller of its obligations as set out in the Master Receivables Sale and Purchase Agreement, the protection of the interests of the Noteholders with respect to the Assets of the Compartment, and, more generally, in order to satisfy its legal and regulatory obligations as defined by the provisions of

the French Monetary and Financial Code. Nevertheless, the responsibility for the non-compliance of the Receivables transferred by the Seller to the Compartment with the Eligibility Criteria on each Purchase Date will at all times remain with the Seller only (and the Management Company, the Custodian, the Arranger, the Lead Manager, the Account Bank, the Cash Manager, the Interest Rate Swap Counterparty or the Paying Agent shall under no circumstance be liable therefore) and the Management Company will therefore rely only on the representations made, and on the warranties given, by the Seller regarding the Receivables, the Loan Agreements and the Borrowers.

A specific rescission and indemnification procedure has been provided for in the Master Receivables Sale and Purchase Agreement to indemnify the Compartment in case of non-conformity of one or several Purchased Receivables with the Eligibility Criteria. The representations and warranties made or given by the Seller in relation to the conformity of the Receivables to the Eligibility Criteria and this rescission and indemnification procedure is the sole remedy available to the Compartment in respect of the non-conformity of any Receivable with the Eligibility Criteria. Consequently, a risk of loss exists if such representation or warranty is breached and no corresponding indemnification payment is made by the Seller.

In addition, should a Receivable be such, at the time at which it arises, that it does not meet the Eligibility Criteria in a manner so substantial that the common agreement of the Seller and the Compartment on the object of the assignment can be deemed as never having occurred, that Receivable may be regarded as never having been validly assigned by the Seller to the Compartment and the Compartment will only have an unsecured claim against the Seller (*provided that* the Purchase Price has already been paid in this respect).

To the extent that any loss arises as a result of a matter which is not covered by the representations and warranties, the loss will remain with the Compartment. In particular, the Seller does not guarantee the risk of non-payment of the Purchased Receivables by the Borrowers nor give any warranty as to the on-going solvency of the Borrowers.

Furthermore, the representations and warranties given or made by the Seller in relation to the conformity of the Receivables to the Eligibility Criteria shall not entitle the Noteholders to assert any claim directly against the Seller, the Management Company having the exclusive competence of the French Monetary and Financial Code to represent the Compartment against third parties and in any legal proceedings.

## **2.4 Credit Risk on Individuals**

The Compartment may be exposed to the occurrence of credit risk in relation to Borrowers, who are individuals acting for non-business purposes and who have entered into the Loan Agreements.

Although several credit enhancement mechanisms have been or will be put in place under the securitisation transaction referred to in this Compartment Prospectus (see section “*Credit Structure*”), there is no assurance that any and all such mechanisms will be sufficient to cover the occurrence of such credit risk.

## **2.5 No Independent Investigation**

None of the Compartment, the Management Company, the Custodian, the Arranger and the Lead Manager has undertaken or will undertake any investigations, searches or other actions to verify the details to the Receivables or to establish the creditworthiness of the Borrowers.

The Management Company, acting for and on behalf of the Fund with respect to the Compartment, will rely solely on the representations and warranties made and given by the Seller in respect of, *inter alia*, the Receivables and the Borrowers.

Pursuant to the Master Receivables Sale and Purchase Agreement, the transfer of any Receivable which breaches the representations and warranties given by the Seller on each Purchase Date will be rescinded (*résolu*) and the Seller shall have the option to pay to the Compartment the Outstanding Principal Balance of such Purchased Receivables plus any unpaid amount and accrued interest or to substitute new Eligible Receivables.

## 2.6 Notification to Borrowers

The assignment of the Receivables made in accordance with the Master Receivables Sale and Purchase Agreement will only be disclosed to the Borrowers upon the occurrence of any of the Servicer Termination Events in accordance with the Servicing Agreement (see section “*Servicing of the Purchased Receivables - the Servicing Agreement - Substitution of the Servicer - Personal Data relating to the Purchased Receivables*”). Until Borrowers have been notified of the assignment of the Receivables, they may discharge their payment obligations by making direct payments to the Seller. Pursuant to Article L. 214-172 of the French Monetary and Financial Code the Borrowers will be notified upon the substitution of the Servicer.

Each Borrower may further raise defenses against the Compartment arising from such Borrower’s relationship with the Seller to the extent that such defenses are existing prior to the notification of the assignment of the relevant Purchased Receivable or arise out of the set-off between the Borrower and the Seller of mutual claims which are closely connected with the Purchased Receivable (*compensation de créances connexes*).

## 2.7 Prepayments

Faster than expected rates of prepayments on the Purchased Receivables will cause the Compartment to make payments of principal on the Notes earlier than expected and will shorten the maturity of the Notes. Prepayments on the Purchased Receivables may occur as a result of (a) prepayments of Purchased Receivables by Borrowers in whole or in part; (b) liquidations and other recoveries due to default, (c) receipts of proceeds from claims on any physical damage, credit life or other insurance policies covering the Borrowers and (d) repurchases by the Seller of any Purchased Receivables. A variety of economic, social and other factors will influence the rate of prepayments on the Purchased Receivables. No prediction can be made as to the actual prepayment rates that will be experienced on the Purchased Receivables.

If principal is paid on the Notes earlier than expected due to prepayments on the Purchased Receivables (such prepayments occurring at a time when interest rates are lower than interest rates that would otherwise be applied if such prepayments have not been made or made at a different time), Noteholders may not be able to reinvest the principal in a comparable security with an effective interest rate equivalent to the interest rate on the Notes. Similarly, if principal payments on the Notes are made later than expected due to slower than expected prepayments or payments on the Purchased Receivables, Noteholders may lose reinvestment opportunities. Noteholders will bear all reinvestment risk resulting from receiving payments of principal on the Notes earlier or later than expected.

## 2.8 French Consumer Credit Legislation

### *General*

The Borrowers benefit from the protection of the legal and regulatory provisions of the French *Code de la Consommation* (the “**French Consumer Code**”). The French Consumer Code, *inter alia*, (a) requires lenders under consumer law contracts to provide certain information to borrowers that are consumers, and to award time to the consumer before the entry into of a credit transaction is definitive and (b) sets out detailed formalistic rules with regard to the contents of the credit contract. These rules were significantly amended following a recent reform of consumer credit in France in 2010 (law no. 2010-737 of 1 July 2010), implementing a 2008 European Directive enhancing transparency and consumer rights in the field of consumer credit. Infringement of those rules could conduct to the rescission of the loan agreement and the full deprivation of all the contractual interests (*i.e.* the credit will be granted free of contractual interests and the mandatory legal interest rate (*taux d’intérêt légal*) will apply).

However, under the Master Receivables Sale and Purchase Agreement, the Seller will represent and warrant that the Loan Agreements relating to the Purchased Receivables fulfil the relevant formal requirements of applicable Consumer Credit Legislation.

### ***Protection of Overindebtedness Consumers***

Any individual who is a consumer having contracted consumer loans (professional debts are excluded) and who is in good faith (*bonne foi*) is entitled to contact a *commission départementale de surendettement* if he considers to be in a situation of overindebtedness (*surendettement*). An overindebted individual will not be in good faith if he has organised its own insolvency or if he has dissipated its assets.

If the individual is overindebted (*en état de surendettement*) and in good faith, and depending on the amount of its total debts, of its assets and its current resources, Article L. 712-2 and Article L. 732-1 of the French Consumer Code provides that the *commission départementale de surendettement* may propose:

- (a) a contractual settlement (*plan conventionnel de redressement*) between the overindebted individual and its creditors if the *commission départementale de surendettement* considers the overindebted individual is capable of paying its debts subject to their rescheduling, a reduction (or a cancellation) of the interest rates or a sale of the overindebted individual's assets (subject to the fact that the overindebted individual's assets which are essential to its life cannot be sold); or
- (b) a personal recovery plan without liquidation (*rétablissement personnel sans liquidation*) if the *commission départementale de surendettement* considers the overindebted individual is in an "irremediable compromised situation" (*situation irrémédiablement compromise*) and is therefore not capable of paying its debts with any rescheduling of its debts or a reduction (or a cancellation) of the interest rates and a sale of the overindebted individual's assets. The personal recovery plan without liquidation will be decided by the *commission départementale de surendettement* for overindebted individuals who have no assets other than furniture or assets with no value; or
- (c) a personal recovery plan with liquidation (*rétablissement personnel avec liquidation*) if the *commission départementale de surendettement* considers the overindebted individual is in an "irremediable compromised situation" (*situation irrémédiablement compromise*) and is therefore not capable of paying its debts with any rescheduling of its debts, a reduction (or a cancellation) of the interest rates and a partial sale of the overindebted individual's assets. The personal recovery plan with liquidation will be decided by the *commission départementale de surendettement* for overindebted individuals who have some assets which can be sold but the proceeds of such sale will not be sufficient to pay the debts of the overindebted individual. The personal recovery plan with liquidation (*rétablissement personnel avec liquidation*), when settled, will trigger the cancellation of all personal debts of the overindebted individual.

Pursuant to Article L. 722-3 of the French Consumer Code if the *commission départementale de surendettement* approves the opening of an overindebtedness proceeding (*décision de recevabilité du dossier de surendettement*), all on-going enforcement proceedings (*procédures d'exécution forcée*) and any monetary obligations and any payment of outstanding debts will be automatically suspended for a maximum period of two years.

In addition, pursuant to Articles L. 721-4 and L. 721-6 of the French Consumer Code, before the approval of the opening of an insolvency proceeding by the *commission départementale de surendettement* (*décision de recevabilité de la demande de traitement de la situation de surendettement*), any overindebted individual may ask the *commission départementale de surendettement* to obtain from the judge (*juge d'instance*) the suspension of on-going enforcement procedures (*procédures d'exécution forcée*) for a maximum period of two years. If such suspension is authorised by the judge (*juge d'instance*), it will be valid and effective until the decision approving the contractual settlement plan (*approbation du plan conventionnel de redressement*) or the decision of the court authorising the personal recovery plan with liquidation (*rétablissement personnel avec liquidation*).

Upon the application of such measures in favour of certain Borrowers, the Compartment may suffer a principal loss and/or a reduction in the yield of the Purchased Receivables.

This risk is mitigated by the liquidity support provided by the General Reserve Deposit and the ability of the Compartment to use principal to pay interest and by the credit enhancement provided in the transaction (see section “*Credit Structure – General Reserve Deposit*”).

## **2.9 Geographical Concentration of Receivables May Affect Performance**

Although the Borrowers are located throughout France as at the date of origination of the relevant Receivables, there can be no assurance as to what the geographical distribution of the Borrowers will be in the future depending on, in particular, the amortisation schedule of the Receivables. Consequently, any deterioration in the economic condition of the areas in which the Borrowers are located, or any deterioration in the economic condition of other areas that causes an adverse effect on the ability of the Borrowers to meet their payment obligations could trigger losses of principal on the Notes and/or could reduce the respective yields of each Class of Notes. Likewise, certain geographic regions from time to time will experience weaker regional economic conditions and consumer markets than will other regions and, consequently, will experience higher rates of loss and delinquency on consumer loans generally.

## **3. RISK FACTORS RELATING TO CERTAIN COMMERCIAL AND LEGAL CONSIDERATIONS**

### **3.1 Performance of Contractual Obligations of the Parties to the Transaction Documents**

The ability of the Compartment to make any principal and interest payments in respect of the Notes will depend to a significant extent upon the ability of the parties to the Transaction Documents to perform their contractual obligations. In particular and by way of example, without limiting the generality of the foregoing, the timely payment of amounts due in respect of the Notes will depend on the ability of the Servicer to service the Purchased Receivables as well as to the maintenance of the level of hedging protection offered by each Interest Rate Swap Agreement.

### **3.2 Certain Conflicts of Interest**

#### ***Between Certain Transaction Parties***

With respect to the Notes, conflicts of interest may arise as a result of various factors involving in particular the Compartment, the Custodian, the Management Company, their affiliates and the other parties named herein. The following briefly summarises some of these conflicts, but is not intended to be an exhaustive list of all such potential conflicts.

For example, such potential conflicts may arise because of the following:

- (a) in relation to the exercise or performance of each of its powers, authorities, duties, discretions and obligations under the Compartment Regulations and the other Transaction Documents, the Management Company shall have regard to the interests of the holders of the Listed Notes, the holders of the Class D Notes and the holders of the Units, in accordance with the provisions of the Compartment Regulations. Where, however, there is a conflict between the interests of the Class A Noteholders and the Class B Noteholders and the Class C Noteholders and the Class D Noteholders, the Compartment Regulations contain provisions requiring the Management Company to have regard, to the extent permitted by applicable law, to the interests of the Class A Noteholders which rank higher in priority than the Class B Noteholders and to the interests of the Class B Noteholders which rank higher in priority than the Class C Noteholders and to the interests of the Class C Noteholders which rank higher in priority than the Class D Noteholders (see sub-section “*Certain Conflicts of Interest—Between the Notes and the Units*” below). In addition, pursuant to Article 319-3 2° of the AMF General Regulations, the Management Company shall act in the best interest of the Compartment or the Unitholders and the integrity of the market. Pursuant to Article 318-13 of the AMF General Regulations the Management Company shall maintain and operate effective organisational and administrative arrangements with a view to taking all reasonable steps designed to identify, prevent, manage and monitor conflicts of interest in order to prevent them from adversely affecting the interests of the Compartment and the Unitholders and provisions of Article 319-3 4° of the AMF General Regulations pursuant to which the

Management Company shall take all reasonable steps designed to avoid conflicts of interest and, when they cannot be avoided, to identify, manage and monitor and, where applicable, disclose, those conflicts of interest in order to prevent them from adversely affecting the interests of the Compartment and the Unitholders and to ensure that the Compartment is fairly treated;

- (b) CA Consumer Finance is acting in several capacities under the Transaction Documents. Even if its rights and obligations under the Transaction Documents contractually are not conflicting and are independent from one another, in performing such obligations in these different capacities under the Transaction Documents, CA Consumer Finance may be in a situation of conflict of interest *provided that*, when acting in its capacity as Custodian, CA Consumer Finance will act in the interests of the Noteholders; and
- (c) any party named in this Compartment Prospectus and its affiliates may also have ongoing relationships with, render services to, or engage in other transactions with, another party or affiliates of another party named herein and as such may be in a position of a conflict of interest.

### ***Between the Notes and the Units***

The Compartment Regulations provide that the Management Company is to have regard to the interests of the holders of all the classes of Notes. There may be circumstances, however, where the interests of one class of the Noteholders and the interests of the holder(s) of Units conflict with the interests of another class or classes of the Noteholders and the interests of the holder(s) of Units. In general, the Management Company will give priority to the interests of the holders of the Most Senior Class of Notes such that:

- (a) the Management Company is to have regard only to the interests of the Class A Noteholders in the event of a conflict between the interests of the Class A Noteholders on the one hand and the Class B Noteholders and/or the Class C Noteholders and/or the Class D Noteholders and/or the Unitholder(s) on the other hand;
- (b) (if there are no Class A Notes outstanding) the Management Company is to have regard only to the interests of the Class B Noteholders in the event of a conflict between the interests of the Class B Noteholders on the one hand and the Class C Noteholders and/or the Class D Noteholders and/or the Unitholder(s) on the other hand;
- (c) (if there are no Class B Notes outstanding) the Management Company is to have regard only to the interests of the Class C Noteholders in the event of a conflict between the interests of the Class C Noteholders on the one hand and the Class D Noteholders and/or the Unitholders on the other hand;
- (d) (if there are no Class C Notes outstanding) the Management Company is to have regard only to the interests of the Class D Noteholders in the event of a conflict between the interests of the Class D Noteholders on the one hand and and/or the Unitholders on the other hand;

*provided always that*, (i) pursuant to Article 319-3 2° of the AMF General Regulations, the Management Company shall act in the best interest of the Compartment or the Unitholders and the integrity of the market; (ii) pursuant to Article 318-13 of the AMF General Regulations the Management Company shall maintain and operate effective organisational and administrative arrangements with a view to taking all reasonable steps designed to identify, prevent, manage and monitor conflicts of interest in order to prevent them from adversely affecting the interests of the Compartment and the Unitholders and (iii) the Conditions of each Class of Notes, no representative of Noteholders of any Class may interfere in the management of the affairs of the Fund or the Compartment.

### **3.3 Direct Exercise of Rights**

Pursuant to Article L. 214-183-II of the French Monetary and Financial Code the Management Company will represent the Fund and the Compartment and will act in the best interests of the

Securityholders in accordance with the relevant provisions of the AMF General Regulation. The Management Company has the exclusive right to exercise contractual rights against the parties which have entered into agreements with the Fund and the Compartment, including the Seller and the Servicer. The Securityholders will not have the right to give directions (except where expressly provided in the Transaction Documents) or to claim against the Management Company in relation to the exercise of their respective rights or to exercise any such rights directly, even following the occurrence of an Accelerated Redemption Event or a Compartment Liquidation Event.

### **3.4 Commingling Risk**

Upon the insolvency (*redressement judiciaire* or *liquidation judiciaire*) of the Servicer, collections received in respect of the Purchased Receivables and standing to the credit of the accounts of the Servicer may be commingled with other monies belonging to the Servicer and may not be available to the Compartment to meet its obligations under the Transaction Documents and in particular to make payments under the Notes. In order to mitigate this risk, the Servicer has agreed to fund a cash deposit (the “**Commingling Reserve Deposit**”) in favour of the Compartment with the Commingling Reserve Account opened with the Account Bank in the name of the Compartment.

Pursuant to the Commingling Reserve Deposit Agreement, the Servicer has agreed to make such deposit with the Compartment by way of full transfer of title in accordance with Article L. 211-36-2° and Article L. 211-38-II of the French Monetary and Financial Code and which will be applied as a guarantee (*remise d'espèces en pleine propriété à titre de garantie*) for the financial obligations (*obligations financières*) of the Servicer under the Servicing Agreement (see “*Servicing of the Purchased Receivables—The Commingling Reserve Deposit Agreement*”).

Further, pursuant to the Account Bank Agreement, if the Account Bank ceases to have the Account Bank Required Ratings, the Management Company (acting for and on behalf of the Compartment) shall terminate the appointment of the Account Bank and shall appoint a new bank account provider, having at least the Account Bank Required Ratings within thirty (30) calendar days after the downgrade of the ratings of the Account Bank (see “*Description of the Account Bank Agreement and the Compartment Bank Accounts*”).

### **3.5 Substitution of the Servicer**

CA Consumer Finance has been appointed by the Management Company and the Custodian to administer the Receivables pursuant to the Servicing Agreement. No back-up servicer has been appointed in relation to the Compartment, and there is no assurance that any substitute servicer could be found which would be willing and able to act for the Compartment as servicer under the Servicing Agreement. In the event CA Consumer Finance was to cease acting as Servicer, the appointment of substitute servicer and the process of payments on the Purchased Receivables and information relating to collection could be delayed, which in turn could delay payments due to the Securityholders and there can be no assurance that the transition of servicing will occur without adverse effect on Securityholders (see “*Servicing of the Purchased Receivables—The Servicing Agreement—Substitution of the Servicer*”).

The Noteholders have no right to give orders or directions to the Management Company in relation to the duties and/or appointment or removal of the Servicer. Such rights are vested solely in the Management Company.

### **3.6 Substitution of the Account Bank**

CA Consumer Finance has been appointed by the Management Company and the Custodian to act as the Account Bank of the Compartment.

Pursuant to the Account Bank Agreement, if the Account Bank ceases to have the Account Bank Required Ratings, the Management Company (acting for and on behalf of the Fund with respect to the Compartment) shall terminate the appointment of the Account Bank and shall appoint a new bank account provider, having at least the Account Bank Required Ratings within thirty (30) calendar days after the downgrade of the ratings of the Account Bank.

If the appointment of the Account Bank is terminated in accordance with the terms of the Account Bank Agreement, there is no assurance that any substitute account bank could be found which would be willing and able to act for the Compartment if CA Consumer Finance becomes insolvent or must be replaced.

### **3.7 Reliance on Credit Policies and Servicing Procedures**

The Servicer will, or procure that any person to whom it may delegate any of its functions, carry out the administration, collection and enforcement of the Purchased Receivables in accordance with the Servicing Agreement and its customary and usual servicing procedures.

The Servicer may sub-contract to third parties certain of its tasks and obligations under, the Servicing Agreement, which may give rise to additional risks (although the Servicer shall remain liable for its obligations under the Servicing Agreement, notwithstanding such sub-contracting). The Servicer is required to follow its collection practices, policies and procedures, being those practices, policies and procedures used by the Servicer with respect to comparable revolving consumer receivables that it services for itself.

The Noteholders are relying on the business judgment and practices of the Servicer as they exist from time to time, including enforcing claims against Borrowers. Such procedures may change over time and no assurance can be given that such changes will not have an adverse effect on the Compartment's ability to make payments on the Notes.

As mitigant, the Servicer is required to follow its collection practices, policies and procedures, being those practices, policies and procedures used by the Servicer with respect to comparable consumer credit receivables that it services for itself.

### **3.8 Additional Receivables and Revolving Period**

There is no assurance that in the future the origination of new Eligible Receivables by CA Consumer Finance will be sufficient or that all or part of such new Eligible Receivables will meet the applicable Eligibility Criteria and the Portfolio Criteria and that, consequently, the Compartment's securitised portfolio will be replenished and that no Purchase Shortfall will occur (the occurrence of a Purchase Shortfall is a Revolving Period Termination Event which will trigger the early termination of the Revolving Period and the start of the Normal Redemption Period). Consequently, the Revolving Period might end prior to its scheduled end date as set out herein.

Furthermore the characteristics of the portfolio of Purchased Receivables will change from time to time with the additional purchases of Eligible Receivables by the Compartment during the Revolving Period, the repayment or prepayment, as the case may be of the Purchased Receivables. In particular the Weighted Average Interest Rate of the Purchased Receivables may decrease or the aggregate Outstanding Principal Balance of the Personal Loan Receivables and the Debt Consolidation Loan Receivables may increase. In order to mitigate these risks the Eligibility Criteria and the Portfolio Criteria set out in the Master Receivables Sale and Purchase Agreement aim at limiting the changes of the overall characteristics the Purchased Receivables during the Revolving Period.

### **3.9 Article 1244-1 of the French Code Civil**

Pursuant to the provisions of Article 1244-1 of the French Civil Code, debtors have a right to request from the competent court to postpone (reporter) or extend (*échelonner*) for a period up to two years, the payment of the sums owned by such debtors. In such case, the court may, by special and justified decision (*décision spéciale et motivée*), order that the sums corresponding to the postponed instalments will bear interest at a reduced rate which cannot be less than the legal interest rate or that the payments will first reimburse the principal. Consequently the Noteholders are likely to suffer a

delay in the repayment of the principal of the Notes and the Compartment may not be in a position to pay, in whole or in part, the accrued interest in respect of the Notes if a substantial part of the Purchased Receivables is subject to that kind of decision.

This risk is mitigated by the liquidity support provided by the General Reserve Fund and the ability of the Compartment to use principal to pay interest and by the credit enhancement provided in the transaction (see “*Credit Structure—General Reserve Fund*”).

### **3.10 Legality of Purchase**

Neither the Management Company, the Custodian, the Arranger, the Lead Manager nor any of their respective affiliates have or assume responsibility for the lawfulness of the acquisition of the Notes by a prospective investor, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective investor with any law, regulation or regulatory policy applicable to it.

### **3.11 Authorised Investments**

The temporary available funds standing to the credit of the Compartment Bank Accounts (prior to their allocation and distribution) may be invested by the Cash Manager in Authorised Investments. The value of the Authorised Investments may fluctuate depending on the financial markets and the Compartment may be exposed to a credit risk in relation with the issuers of such Authorised Investments. Neither the Management Company, the Custodian, the Account Bank nor the Cash Manager guarantee the market value of the Authorised Investments. The Management Company, the Custodian, the Account Bank and the Cash Manager shall not be liable if the market value of any of the Authorised Investments fluctuates and decreases.

### **3.12 Projections, Forecasts and Estimates**

Any projections, forecasts and estimates contained herein are forward-looking statements and are necessarily speculative in nature. It can be expected that some or all of the assumptions underlying such projections will not materialise or will vary significantly from actual results. No reliable sources of statistical information exist with respect to the default rates for the Purchased Receivables. The historical performance of similar obligations is not necessarily indicative of its future performance.

Estimates of the weighted average lives of the Notes included in the section “*Weighted Average Lives of the Listed Notes And Assumptions*” herein, together with any other projections, forecasts and estimates in this Compartment Prospectus are forward looking statements. Such projections are speculative in nature and it can be expected that some or all of the assumptions underlying the projections will not prove to be wholly correct or will vary from actual results. Consequently, the actual results might differ from the projections and such differences might be significant.

The financial and other information set out in the section “*Description of Seller*” represents the historical experience of the Seller. None of the Arranger, the Lead Manager, the Management Company, the Custodian, the Paying Agent, the Account Bank, the Cash Manager and the Interest Rate Swap Counterparty has undertaken or will undertake any investigation or review of, or search to verify the historical information. There is no assurance that the future experience and performance of the Purchased Receivables, the Compartment or the Seller in its capacity as Servicer will be similar to the historical experience described in this Compartment Prospectus.

### **3.13 French Banking Secrecy and Data Protection Regulations**

According to Article L. 511-33 of the French Monetary and Financial Code, any credit institution operating in France is required to keep confidential all customer’s related facts and information which it receives in the course of its business relationship (including in connection with the entry into a loan agreement) (the “**Protected Data**”). However, Article L. 511-33 of the French Monetary and Financial Code also provides for certain exceptions to this principle, in particular, credit institutions are allowed to transfer information covered by the banking secrecy to third parties in a limited number of cases, among which for the purpose of a transfer of receivables, *provided that* such third party shall keep the relevant information confidential. Accordingly, the rules applicable to banking

secrecy would not prevent the Seller to transfer the Protected Data in connection with the transaction contemplated by the Transaction Documents.

Under French law no. 78-17 of 6 January 1978 (as amended) relating to the protection of personal data (*Loi relative à l'informatique, aux fichiers et aux libertés*) (the “**Data Protection Law**”) the processing of personal data relating to individuals has to follow certain requirements. However, those requirements do not apply to the collection/processing of anonymised data. In this respect, pursuant to the Transaction Documents personal data regarding the Borrowers will be set out under encoded files. Pursuant to the Servicing Agreement, the encryption key (the “**Encryption Key**”) to decrypt such encoded documents will be delivered to the Custodian on or prior to the Closing Date and will only be released to the Management Company or the person designated so by it upon replacement of the Servicer or if the Servicer is subject to any proceeding governed by Book VI of the French Commercial Code. Upon the Compartment becoming in a position to have access to any personal data relating to the Borrowers, the Compartment, as a data controller, will have to comply with the requirements of the Data Protection Law.

For the purpose of accessing the encrypted data provided by the Seller to the Compartment under the Transaction Documents and notifying the Borrowers (as the case may be), the Management Company (or any person appointed by it) will need the Encryption Key, which will not be in its possession but under the control of the Custodian, in its capacity as holder of the Encryption Key (to the extent it has not been replaced) pursuant to the Servicing Agreement. Accordingly, there cannot be any assurance, in particular, as to:

- (a) the possibility to obtain in practice such Encryption Key and to read the relevant data; and
- (b) the ability in practice of the Management Company (or any person appointed by it) to obtain such data in time for it to validly implement the procedure of notification of the Borrowers (as the case may be) before the corresponding Purchased Receivables become due and payable (and to give the appropriate payment instructions to the Borrowers).

If the Short-Term Issuer Default Rating (IDR) of CA Consumer Finance (acting as holder of the encryption key) by Fitch is below F1 or the Long-Term IDR of CA Consumer Finance (acting as holder of the encryption key) by Fitch is below A or the short-term unsecured, unsubordinated and unguaranteed debt obligations of CA Consumer Finance (acting as holder of the encryption key) are rated below A-1 by S&P or the long-term unsecured, unsubordinated and unguaranteed debt obligations of CA Consumer Finance (acting as holder of the encryption key) are rated below A by S&P, the Management Company shall appoint within thirty (30) days any authorised entity to hold the encryption key on its behalf *provided that* such authorised entity shall not belong to the Crédit Agricole Group and whose (i) Short-Term Issuer Default Rating (IDR) by Fitch is at least F1 or Long-Term IDR is at least A and (ii) short-term unsecured, unsubordinated and unguaranteed debt obligations are rated at least A-1 by S&P and long-term unsecured, unsubordinated and unguaranteed debt obligations are rated at least A by S&P.

### **3.14 Liquidation of the Compartment**

There is no assurance that the market value of the Receivables purchased by the Compartment will at any time be equal to or greater than the Principal Amount Outstanding of the Notes then outstanding plus the accrued interest thereon. Moreover, in the event of the occurrence of a Compartment Liquidation Event and a sale of the assets of the Compartment by the Management Company (see “*Dissolution and Liquidation of the Compartment*”), the Management Company, the Custodian, any relevant parties to the Transaction Documents and the Interest Rate Swap Counterparty will be entitled to receive the proceeds of any such sale to the extent of unpaid fees and expenses and other amounts owing to such parties prior to any distributions due to the holders of the Notes, in accordance with the application of the Accelerated Priority of Payments.

## 4. TAX CONSIDERATIONS

### 4.1 General

Potential purchasers and sellers of the Listed Notes should be aware that they may be required to pay taxes or documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for financial instruments such as the Listed Notes. Potential investors are advised not to rely upon the tax summary contained in this Compartment Prospectus but should ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Listed Notes. Only these advisers are in a position to duly consider the specific situation of the potential investor. This investment consideration has to be read in connection with the taxation sections of this Compartment Prospectus.

### 4.2 Withholding and No Additional Payment

All payments of principal and/or interest in respect of the Notes will be subject to any applicable tax law in the relevant jurisdiction. Payments of principal and interest in respect of the Notes shall be made net of any withholding tax (if any) applicable to the Notes in the relevant state or jurisdiction, and neither the Fund, the Compartment, the Management Company, the Custodian, the Interest Rate Swap Counterparty or the Paying Agent shall be under any obligation to gross up such amounts as a consequence or otherwise compensate the Noteholders for the lesser amounts the Noteholders will receive as a result of such withholding or deduction. Any such imposition of withholding taxes will result in the Noteholders receiving a lesser amount in respect of the payments on the Notes. The ratings to be assigned by the Rating Agencies will not address the likelihood of the imposition of withholding taxes (see "*Terms and Conditions of the Class A Notes—Condition 6 (Taxation)*", "*Terms and Conditions of the Class B Notes—Condition 6 (Taxation)*", "*Terms and Conditions of the Class C Notes—Condition 6 (Taxation)*" and "*Terms and Conditions of the Class D Notes—Condition 6 (Taxation)*").

If the Fund or the Compartment is required at any time to deduct or withhold any amount for or on account of any tax from any sum payable by the Compartment under each Interest Rate Swap Agreement, neither the Fund nor the Compartment shall be obliged to pay to the Interest Rate Swap Counterparty any such additional amount. If the Interest Rate Swap Counterparty is required at any time to deduct or withhold any amount for or on account of any tax from any sum payable to the Compartment under each Interest Rate Swap Agreement, the Interest Rate Swap Counterparty shall at the same time pay such additional amount as is necessary to ensure that the Compartment receives a sum equal to the Class A Swap Net Amount and the Class B Swap Net Amount it would have received in the absence of any deduction or withholding.

### 4.3 EU Savings Directive

The European Directive on the taxation of savings (EC Council Directive 2003/48/EC, "**EU Savings Directive**") has been repealed as of 1 January 2016 (1 January 2017 in the case of Austria) (in each case subject to transitional arrangements) by EU Council Directive 2015/2060. The EU Savings Directive required paying agents to report on payment of interest (or other similar income) made to individuals resident in other EU Member States.

For a transitional period, however, Austria (unless during such period it elects otherwise) instead operates an optional information reporting system whereby if a beneficial owner, within the meaning of the EU Savings Directive, does not comply with one of two procedures for information reporting, Austria will levy a withholding tax on payments to such beneficial owner. The withholding tax system applies for a transitional period during which the rate of the withholding is of 35%. The transitional period is to terminate at the end of first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments.

If a payment were to be made or collected through a Member State which has opted for a withholding system under the EU Savings Directive and an amount of, or in respect of, tax is withheld from that payment, neither the Fund or the Compartment nor any Paying Agent nor any other person would be

obliged to pay additional amounts with respect to any Note, as a result of the imposition of such withholding tax. For the purpose of this section, the term “paying agent” is defined widely and includes in particular any economic operator who is responsible for making interest payments, within the meaning of the EU Savings Directive, for the immediate benefit of individuals or certain entities.

The Council of the European Union has adopted Council Directive 2011/16/EU on administrative cooperation in the field of taxation, (as amended by Council Directive 2014/107/EU) (the “DAC”), pursuant to which Member States are generally required to apply new measures on mandatory automatic exchange of information as from 1 January 2016 (1 January 2017 in the case of Austria). The DAC is generally broader in scope than the EU Savings Directive, although it does not impose withholding taxes.

In order to avoid overlap between the EU Savings Directive and the DAC, the Council of the European Union adopted on 10 November 2015 a Council Directive 2015/2060/EU repealing the EU Savings Directive from 1 January 2017 in the case of Austria and from 1 January 2016 in the case of all other Member States (subject to on-going requirements to fulfill administrative obligations such as the reporting and exchange of information relating to, and accounting for withholding taxes on, payments made before that date). Austria may continue to levy the 35% withholding tax until 31 December 2016 (in practice until 1 October 2016 for new accounts opened as from 1 October 2016 for which Austria has committed to comply with the reporting and exchange of information requirements) and may remain subject to the transitional arrangements until 30 June 2017.

A number of third countries and territories have adopted similar measures to the EU Savings Directive. Some of those measures have been revised to be aligned with the DAC with an entry into force on 1 January 2017 or 2018, and other such measures may be similarly revised in the future.

Investors should inform themselves of, and where appropriate take advice on, the impact of the EU Savings Directive and the DAC on their investment.

Please refer to section “EU Savings Directive” of the taxation’s chapter of this Compartment Prospectus for further details on the withholding under the EU Savings Directive.

#### **4.4 U.S. Foreign Account Tax Compliance Act Withholding**

Sections 1471 through 1474 of the U.S. Internal Revenue Code (“**FATCA**”) impose a new reporting regime and potentially a 30 per cent. withholding tax with respect to certain payments to any non-U.S. financial institution (a “foreign financial institution”, or “FFI” (as defined by FATCA)) that neither (i) becomes a “Participating FFI” by entering into an agreement with the U.S. Internal Revenue Service (IRS) to provide the IRS with certain information in respect of its account holders and investors nor (ii) is otherwise exempt from or in deemed compliance with FATCA.

The new withholding regime has been phased in beginning 1 July 2014 for payments from sources within the United States and will apply to “foreign passthru payments” (a term not yet defined) no earlier than 1 January 2017. Withholding on foreign passthru payments could potentially apply to payments in respect of (i) any Listed Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are materially modified on or after the date that is six months after the date on which final U.S. Treasury regulations defining the term foreign passthru payments are filed in the Federal Register and (ii) any Notes characterised as equity or which do not have a fixed term for U.S. federal tax purposes.

The United States and a number of other jurisdictions have entered into intergovernmental agreements to facilitate the implementation of FATCA (each, an “**IGA**”). Pursuant to FATCA and the “Model 1” IGA released by the United States, an FFI in an IGA signatory country could be treated as a non-reporting financial institution (a “**Reporting FI**”) not subject to withholding under FATCA on any payments it receives. Further, under the terms of the Model 1 IGA, an FFI in a Model 1 IGA jurisdiction generally would not be required to withhold under FATCA or an IGA (or any law implementing an IGA) (any such withholding being “**FATCA Withholding**”) from payments it makes. On 14 November 2013, the United States of America and France signed an IGA largely based

on the Model 1 IGA and that IGA was adopted by the French *Assemblée Nationale* on 18 September 2014.

A law no. 2014-1098 dated 29 September 2014 which authorises the approval of the agreement between France and the United States of America in order to improve international tax compliance and to implement the law relating to tax requirements for foreign accounts (FATCA) executed in Paris on 14 November 2013 (*loi autorisant l'approbation de l'accord entre le Gouvernement de la République française et le Gouvernement des Etats-Unis d'Amérique en vue d'améliorer le respect des obligations fiscales à l'échelle internationale et de mettre en œuvre la loi relative au respect des obligations fiscales concernant les comptes étrangers (dite « loi FATCA »*)) has been published on 30 September 2014. A decree n°2015-1 dated 2 January 2015 relating to the publication of the agreement between France and the United States of America in order to improve international tax compliance and to implement the law relating to tax requirements for foreign accounts (FATCA) executed in Paris on 14 November 2013 (*décret n° 2015-1 du 2 janvier 2015 portant publication de l'accord entre le Gouvernement de la République française et le Gouvernement des Etats-Unis d'Amérique en vue d'améliorer le respect des obligations fiscales à l'échelle internationale et de mettre en œuvre la loi relative au respect des obligations fiscales concernant les comptes étrangers (dite « loi FATCA »*)) has been published on 3 January 2015.

The Fund or the Compartment may be classified as an FFI and a "Financial Institution" under the IGA between the United States and France. It is expected to comply with French regulations implementing the IGA and therefore expects to be a Reporting FI. As such the Compartment does not expect to suffer any FATCA Withholding on payments it receives or to be required to make any FATCA Withholding with respect to payments on the Listed Notes.

If an amount in respect of FATCA Withholding were to be deducted or withheld either from amounts due to the Compartment or from interest, principal or other payments made in respect of the Notes, neither the Compartment nor any paying agent nor any other person would, pursuant to the conditions of the Listed Notes, be required to pay additional amounts as a result of the deduction or withholding. As a result, investors may receive less interest or principal than expected. Under the IGA, as currently drafted, the Fund does not expect payments made on or with respect to the Notes to be subject to withholding under FATCA.

**FATCA is particularly complex. The above description is based in part on final regulations, official guidance and IGAs, however, a substantial portion of this legislation is still uncertain and its application in practice is not known at this time. Prospective investors should consult their tax advisers on how these rules may apply to the Compartment or the Fund and to payments they may receive in connection with the Listed Notes.**

**TO ENSURE COMPLIANCE WITH IRS CIRCULAR 230, EACH TAXPAYER IS HEREBY NOTIFIED THAT: (A) ANY TAX DISCUSSION HEREIN IS NOT INTENDED OR WRITTEN TO BE USED, AND CANNOT BE USED BY THE TAXPAYER FOR THE PURPOSE OF AVOIDING U.S. FEDERAL INCOME TAX PENALTIES THAT MAY BE IMPOSED ON THE TAXPAYER; (B) ANY SUCH TAX DISCUSSION WAS WRITTEN TO SUPPORT THE PROMOTION OR MARKETING OF THE TRANSACTIONS OR MATTERS ADDRESSED HEREIN; AND (C) THE TAXPAYER SHOULD SEEK ADVICE BASED ON THE TAXPAYER'S PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISER.**

#### **4.5 EU Financial Transaction Tax**

On 14 February 2013, the European Commission issued proposals, including a draft directive, for a financial transaction tax ("FTT") to be adopted in certain participating EU Member States (Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia). However, Estonia has since officially stated that it will no longer participate in the negotiations.

If these proposals were adopted in their current form, the FTT would be a tax primarily on "financial institutions" (which would include the Compartment) in relation to "financial transactions" (which would include the conclusion or modification of derivative contracts and the purchase and sale of

financial instruments). Under the current proposals, the FTT would apply to persons both within and outside of the participating Member States. Generally, it would apply where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the financial transaction issued in a participating Member State.

Based on the current proposals, it may operate in a manner giving rise to tax liabilities for the Fund with respect to certain transactions (including swap transactions and/or purchases or sales of securities such as Authorised Investments). Any such liabilities may reduce amounts available to the Compartment to meet its obligations under the Notes and may result in investors receiving less interest or principal than expected. It should also be noted that FTT could be payable in relation to relevant transactions by investors in respect of the Notes (including secondary market transactions) if the conditions for a charge to arise are satisfied.

The FTT proposal remains subject to negotiation between the participating Member States described above and the scope of any such tax remains uncertain. It may therefore be altered prior to any implementation. Additional EU Member States may decide to participate.

In June 2016, Participating Member States indicated final decisions would be taken in September 2016.

Prospective holders of the Listed Notes are advised to seek their own professional advice in relation to the FTT.

**THE DISCUSSION ABOVE IS A GENERAL SUMMARY. IT DOES NOT COVER ALL TAX MATTERS THAT MAY BE OF IMPORTANCE TO A PARTICULAR INVESTOR. EACH PROSPECTIVE INVESTOR IS STRONGLY URGED TO CONSULT ITS OWN TAX ADVISOR ABOUT THE TAX CONSEQUENCES OF AN INVESTMENT IN THE NOTES UNDER THE INVESTOR'S OWN CIRCUMSTANCES.**

## **5. REGULATORY ASPECTS AND OTHER CONSIDERATIONS AND RISK FACTORS**

### **5.1 Eurosystem monetary policy operations**

It is intended that the Class A Notes will constitute eligible collateral for Eurosystem monetary policy operations.

No assurance can be given that the Class A Notes will be recognised as eligible collateral to the Eurosystem monetary policy operations either upon issuance or at any or all times until the Final Legal Maturity Date. Such recognition will, inter alia, depend upon the European Central Bank being satisfied that the Eurosystem eligibility criteria set out in the European Central Bank Guideline (ECB/2015/510) of 19 December 2014 (as amended) have been met. Such criteria may be amended by the European Central Bank from time to time or new criteria may be added and such amendments or additions may render the Class A Notes non eligible to the Eurosystem monetary policy and intra-day credit operations, as no grandfathering would be guaranteed. If the new requirements are not met, this may cause the Class A Notes to be non-eligible to the Eurosystem monetary policy operations

Neither the Fund, the Compartment, the Management Company, the Custodian, the Account Bank, the Cash Manager, any of the Arranger, the Lead Manager, the Interest Rate Swap Counterparty, the Paying Agent, the Seller and the Servicer nor any of their respective affiliates nor any other parties gives any representation, warranty, confirmation or guarantee to any investor in the Class A Notes that the Class A Notes will, either upon issue, or at all times before the redemption in full, satisfy all requirements for Eurosystem eligibility and be recognised as Eurosystem collateral. Any potential investor in the Class A Notes should make their own conclusions and seek their own advice with respect to whether or not the Class A Notes constitute Eurosystem eligible collateral.

None of the Class B Notes or the Class C Notes or the Class D Notes is intended to be Eurosystem eligible and, as at the date of this Compartment Prospectus, none are eligible collateral to the

Eurosystem monetary policy operations since such Classes of Notes are subordinated asset-backed securities.

## 5.2 **Change of Law and/or Regulatory, Accounting and/or Administrative Practices**

The structure of the issue of the Notes and the ratings which are to be assigned to them are based on French law, regulatory, accounting and administrative practice in effect as at the date of this Compartment Prospectus, and having due regard to the expected tax treatment of all relevant entities under French tax law as at the date of this Compartment Prospectus. No assurance can be given as to the impact of any possible change to French law, regulatory, accounting or administrative practice in France or to French tax law, or the interpretation or administration thereof. Likewise the terms and conditions of each Class of Notes are based on French law in effect as at the date of this Compartment Prospectus. No assurance can be given as to the impact of any possible judicial decision or change in French law or the official application or interpretation of French law after the date of this Compartment Prospectus.

## 5.3 **Implementation of and/or changes to the Basel III framework may affect the capital requirements and/or the liquidity associated with a holding of the Notes for certain investors**

The Basel Committee on Banking Supervision (the “**Basel Committee**”) approved significant changes to the Basel II regulatory capital and liquidity framework in 2011 (such changes being commonly referred to as “**Basel III**”). In particular, Basel III provides for a substantial strengthening of existing prudential rules, including new capital and liquidity requirements intended to reinforce capital standards (with heightened requirements for global systemically important banks) and to establish a leverage ratio “backstop” for financial institutions and certain minimum liquidity standards (referred to as the “**Liquidity Coverage Ratio**” and the “**Net Stable Funding Ratio**”). Member countries will be required to implement the new capital standards and the new Liquidity Coverage Ratio as soon as possible (with provision for phased implementation, meaning that the measure will not apply in full until January 2019) and the Net Stable Funding Ratio from January 2018. Implementation of Basel III requires national legislation and therefore the final rules and the timetable for their implementation in each jurisdiction may be subject to some level of national variation. The Basel Committee has also published a consultative document setting out certain proposed revisions to the securitisation framework, including proposed new hierarchies of approaches to calculating risk weights and a new risk weight floor of 15%.

In January 2014, the Basel Committee finalised a definition of how the leverage ratio (the “**LR**”) should be computed and set an indicative benchmark (namely 3% of Tier 1 capital). The 3% Tier 1 LR will be tested during the monitoring period until 2017 when the Basel Committee will decide on the final calibration.

Under the Regulation (EU) 575/2013 of the European Parliament and the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms amending the Regulation (EU) n° 648/2012 (the “**Regulation**”), credit institutions and investment firms must respect a general liquidity coverage requirement to ensure that a sufficient proportion of their assets can be made available in the short-term. Under Article 460 of the Regulation, the Commission is required to specify the detailed rules for EU-based credit institutions. This delegated act lays down a full set of rules on the liquid assets, cash outflows, cash inflows needed to calculate the precise liquidity coverage requirement.

Under the Regulation (EU) 575/2013 of the European Parliament and the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms amending the Regulation (EU) n° 648/2012 (the “**Regulation**”), credit institutions and investment firms must respect a general liquidity coverage requirement to ensure that a sufficient proportion of their assets can be made available in the short-term. Under Article 460 of the Regulation, the Commission is required to specify the detailed rules for EU-based credit institutions. This delegated act lays down a full set of rules on the liquid assets, cash outflows, cash inflows needed to calculate the precise liquidity coverage requirement. The European Commission has published on 10 October 2014 the Commission Delegated Regulation 2015/61 with regard to liquidity coverage requirement (the “**LCR Delegated Act**”) which became effective on 1 October 2015. The LCR Delegated Act amends Article 429 of the Regulation. Its

purpose is to ensure that EU credit institutions and investment firms use the same methods to calculate, report and disclose their leverage ratios which express capital as a percentage of total assets (and off balance sheet items).

Implementation of the Basel framework and any changes as described above may have an impact on the capital requirements in respect of the Notes and/or on incentives to hold the Notes for investors that are subject to requirements that follow the relevant framework and, as a result, may affect the liquidity and/or value of the Notes.

In general, investors should consult their own advisers as to the regulatory capital requirements in respect of the Notes and as to the consequences to and effect on them of any changes to the Basel framework (including the changes described above) and the relevant implementing measures. No predictions can be made as to the precise effects of such matters on any investor or otherwise.

#### **5.4 Regulatory Treatment of the Listed Notes**

In Europe, the United States and elsewhere there is increased political and regulatory scrutiny of the asset-backed securities industry. This has resulted in a number of measures for increased regulation which are currently at various stages of implementation and which may have an adverse impact on the regulatory capital charge to certain investors in securitisation exposures and/or the incentives for certain investors to hold asset backed securities, and may thereby affect the liquidity of such securities. Investors in the Listed Notes are responsible for analysing their own regulatory position and none of the Fund, the Compartment, the Management Company, the Custodian, the Arranger, the Lead Manager, the Seller or the Servicer makes any representation to any prospective investor or purchaser of the Listed Notes regarding the regulatory capital treatment of their investment on the Closing Date or at any time in the future.

#### **5.5 CRD IV**

Directive 2013/36/EU on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms and Regulation (EU) n° 575/2013 of the European Parliament and the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms amending the Regulation (EU) n° 648/2012 (the “**Capital Requirements Regulations**” or the “**CRR**”), collectively referred to as “**CRD IV**”, replaced the former banking capital adequacy framework. CRD IV is supplemented by technical standards and there remains uncertainty as to how these standards will affect transactions entered into prior to their adoption.

In any case, investors should be aware of Articles 404 through 410 of the CRR, which applies in general to newly issued securitisations after 31 December 2010 and to notes issued under securitisations established on or before that date from the beginning of 2015 to the extent that new underlying exposures are added or substituted after 31 December 2014. Article 405 of the CRR restricts an EU-regulated credit institution from investing in asset-backed securities unless the originator, sponsor or original lender in respect of the relevant securitisation has explicitly disclosed to the EU-regulated credit institution that it will retain, on an ongoing basis, a net economic interest of not less than 5 per cent in respect of certain specified credit risk tranches or asset exposures as contemplated by Article 405 of the CRR. Article 406 of the CRR also requires an EU-regulated credit institution to be able to demonstrate that it has undertaken certain due diligence in respect of, among other things, the securitisation notes it has acquired and the underlying exposures and that procedures are established for such due diligence activities to be conducted on an on-going basis. Failure to comply with one or more of the requirements set out in Articles 405, 406 and 409 of the CRR may result, pursuant to Article 407 of the CRR, in additional risk weights that would, as a consequence, increase the capital requirement with respect to the investment made in the securitisation by the relevant investor.

Articles 405 through 409 of the CRR apply in respect of the Listed Notes. Investors should therefore make themselves aware of the requirements of Articles 405 through 409 of the CRR (and any corresponding rules, practices or positions of their regulator), where applicable to them, in addition to any other regulatory requirements applicable to them with respect to their investment in the Listed Notes.

The Seller has undertaken, for so long as any of the Listed Notes are outstanding, to retain, on an on-going basis, a material net economic interest not less than five per cent. (5%) in the securitisation transaction described in this Compartment Prospectus as contemplated by article 405 paragraph (1) of the Regulation (EU) n° 575/2013 of the European Parliament and the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms amending the Regulation (EU) n° 648/2012 (the “**Capital Requirements Regulations**” or the “**CRR**”) and article 51 paragraph (1) of Section 5 of Chapter III of the Commission Delegated Regulation (EU) n° 231/2013 of 19 December 2012 (“**Section 5**”) implementing AIFM Directive 2011/61/EU of the European Parliament and of the Council of 8 June 2011 on Alternative Investment Fund Managers (“**AIFM**”), and therefore retain on an on-going basis a material net economic interest which, in any event, shall not be less than 5 per cent. The Seller has also to provide (or cause to be provided) to the representative of the holders of the Notes all information that is required to enable the holders of the Listed Notes to comply with Article 404 to 410 of the Capital Requirements Regulations and Section 5, as the case may be.

For that purpose, CA Consumer Finance (i) has undertaken to subscribe for all the Class D Notes and all the Units and (ii) has undertaken to retain on an on-going basis all the Class D Notes and all the Units until the full amortisation of the Listed Notes and (iii) has represented and warranted not to transfer, sale or benefit from a guarantee or otherwise hedge any of the Class D Notes or any of the Units before the full amortisation of the Listed Notes. With respect to the commitment of the Seller to retain a material net economic interest in the securitisation as contemplated by Article 405 of the CRR and with respect to the information to be made available by the Compartment or another relevant party for the purposes of complying with Articles 404 through 409 of the CRR (see “*Regulatory Compliance – Retention Statement*”), relevant investors are required independently to assess and determine the sufficiency of the information described in this Compartment Prospectus, in any Investor Report and otherwise for the purposes of complying with Articles 404 through 409 of the CRR (and any corresponding implementing rules of their regulator) and none of the Management Company, the Custodian, the Seller, the Servicer or any other entity which may be subject to CRR from time to time makes any representation that the information described above is sufficient in all circumstances for such purposes.

On 13 March 2014 the European Commission adopted the Delegated Regulation (EU) No 625/2014 supplementing the CRR by way of regulatory technical standards specifying the requirements for investors, sponsors, original lenders and originator institutions relating to exposures to transferred credit risk. In particular, that Delegated Regulation lists several retention options and specifies the criteria that shall be applied when measuring the level of retention as well as the information to be disclosed by the retainer pursuant to article 409 of the CRR.

Similar requirements to those set out in Articles 404 through 409 of the CRR have already been implemented with respect to alternative investment fund managers and are expected to be implemented in the future for other EU regulated investors (such as investment firms, insurance and reinsurance undertakings).

Articles 404 through 409 of the CRR and any other changes to the regulation or regulatory treatment of the Listed Notes for some or all investors may negatively impact the regulatory position of individual investors and, in addition, have a negative impact on the price and liquidity of the Listed Notes in the secondary market.

The changes under the CRD IV and the CRR (the “**CRD IV Regime**”) may have an impact on incentives to hold the Listed Notes for investors that are subject to requirements that follow the revised framework and, as a result, they may affect the liquidity and/or value of the Listed Notes.

In general, investors should consult their own advisers as to the regulatory capital requirements in respect of the Notes and as to the consequences to and effect on them of any changes to the CRD IV Regime in particular and the relevant implementing measures. No predictions can be made as to the precise effects of such matters on any investor or otherwise.

## **5.6 Section 5 of Chapter III of the Regulation implementing the EU Alternative Investment Managers Directive**

Investors should be aware of Article 17 of the AIFM and Section 5 which introduced risk retention and due diligence requirements in respect of alternative investment fund managers that are required to become authorised under AIFM. These requirements came into force on 22 July 2013 in general.

Whilst the requirements under Section 5 are similar to those which apply under Articles 404 through 409 of the CRR, they are not identical. Additional due diligence obligations apply to relevant alternative investment fund managers especially in respect of requirements for retained interest and qualitative requirements concerning sponsors and originators, and AIFMs exposed to securitisations. Amongst others, prior to being exposed to securitisations, an AIFM must ensure that the sponsor and originator:

- (a) grant credit based on sound and well-defined criteria and clearly establish the process for approving, amending, renewing and re-financing the consumer loans (please see the information set out in this Compartment Prospectus in particular in section “DESCRIPTION OF THE LOAN AGREEMENTS AND THE RECEIVABLES”, section “SALE AND PURCHASE OF THE RECEIVABLES” and section “CREDIT STRUCTURE”);
- (b) have in place and operate effective systems to manage the ongoing administration and monitoring of credit risk-bearing portfolios and exposures, including for identifying and managing problem loans and for making adequate value adjustments and provisions;
- (c) adequately diversify each credit portfolio based on the target market and overall credit strategy;
- (d) have a written policy on credit risk that includes risk tolerance limits and provisioning policy and describes the measurement, monitoring and control of such risk;
- (e) grant readily available access to all materially relevant data on the credit quality and performance of the individual underlying exposures, cash flows and collateral supporting a securitisation exposure and to any information that is necessary to conduct comprehensive and well informed stress tests on the cash flows and collateral values supporting the underlying exposures;
- (f) grant readily available access to all other relevant data necessary for the AIFM to comply with the applicable qualitative requirements;
- (g) disclose the level of their retained net economic interest, as well as any matters that could undermine the maintenance of the minimum required net economic interest.

Under the Master Receivables Sale and Purchase Agreement, the Seller has represented and warranted to the Compartment that the procedures and policies of the Seller in relation to the granting of credit, the maintenance of written credit risk policies and the administration, monitoring and diversification of credit-risk bearing portfolios are in compliance with the requirements of Section 5 referred to in paragraphs (a) to (g) above.

With respect to the commitment of the Seller to retain a material net economic interest in the securitisation transaction and the information to be made available by the Compartment in this regard, and the commitment of the Seller to provide (or cause to be provided) to the representative of the holders of the Listed Notes all information that is required to enable the holders of the Listed Notes to comply with inter alia, Section 5, as the case may be, please refer to the statements in section “REGULATORY COMPLIANCE – Retention Statement”.

Relevant investors are required to independently assess and determine the sufficiency of the information referred to above for the purpose of complying with requirements applicable to them. The Arranger, the Lead Manager, the Fund, the Compartment, the Seller and the Servicer make no representation or warranty that such information is sufficient in all circumstances. Aspects of what is required by national regulators for compliance with Section 5 are unclear. In addition, this Section is subject to further regulation and interpretation including by the European Securities Markets Authority (ESMA). Investors who or which are uncertain as to the requirements applicable to themselves should seek guidance from their national regulator(s).

## 5.7 Solvency II Framework Directive

Article 135 of the Solvency II Framework Directive (2009/138/EC) empowered the European Commission to adopt implementing measures laying down the requirements that will need to be met by originators of asset-backed securities in order for insurance and reinsurance companies located within the EU to be allowed to invest in such instruments following implementation of the Solvency II Framework Directive, which may be applicable as early as 1 January 2016.

On 10 October 2014 the European Commission adopted the Solvency II Delegated Act.

Article 254 of the Solvency II Delegated Act provides, in particular, that, for the purposes of Article 135(2)(a) of the Solvency II Framework Directive, the originator, sponsor or original lender shall retain, on an ongoing basis, a material net economic interest which in any event shall not be less than 5 per cent. and shall explicitly disclose that commitment to the insurance or reinsurance undertaking in the documentation governing the investment.

Article 254 of the Solvency II Delegated Act further specifies, inter alia, that only the following retentions shall qualify as retentions of a material net economic interest of not less than 5 per cent.:

- (a) the retention of no less than 5 per cent. of the nominal value of each of the tranches sold or transferred to investors;
- (b) in the case of securitisations of revolving exposures within the meaning of Article 242(12) of CRR, the retention of the originator's interest of no less than 5 per cent. of the nominal value of the securitised exposures;
- (c) the retention of randomly selected exposures, equivalent to no less than 5 per cent. of the nominal value of the securitised exposures, where such exposures would otherwise have been securitised in the securitisation, provided that the number of potentially securitised exposures is not less than 100 at origination;
- (d) the retention of the first loss tranche and, if necessary, other tranches having the same or a more severe risk profile than those transferred or sold to investors and not maturing earlier than those transferred or sold to investors, so that the retention equals in total no less than 5 per cent. of the nominal value of the securitised exposures;
- (e) the retention of a first loss exposure of not less than 5 per cent. of every securitised exposure in the securitisation.

Among other requirements set forth in the Solvency II Delegated Act, the net economic interest shall be measured at origination. The net economic interest shall not be subject to any credit risk mitigation or any short positions or any other form of hedging and shall not be sold. The net economic interest shall be determined by the notional value for off-balance sheet items.

In addition Article 256 of the Solvency II Delegated Act provides a list of qualitative requirements that insurance and reinsurance undertakings investing in securitisation shall comply with. Such requirements include, amongst others, the obligation to ensure that the originator, the sponsor or the original lender meet all of the features listed in such article.

The Solvency II Framework Directive has been transposed into French law by the decree no. 2015-513 dated 7 May 2015.

Article 135 of the Solvency II Framework Directive and the Solvency II Delegated Act may negatively impact the regulatory position of individual investors and, in addition, have a negative impact on the price and liquidity of the Listed Notes in the secondary market.

Relevant investors are required to independently assess and determine the sufficiency of the information referred to above for the purpose of complying with requirements applicable to them. None of the Management Company, the Custodian, the Arranger, the Lead Manager, the Seller, the Servicer or any other entity makes any representation or warranty that such information is sufficient in all circumstances.

## 5.8 No Representation as to compliance with LCR or Solvency II requirements

Investors should conduct their own due diligence and analysis to determine whether:

- (a) the Notes qualify as high quality liquid assets for the purposes of the liquidity coverage ratio introduced by the CRR, as implemented by the LCR Delegated Act and national implementation measures and, if so, whether they may qualify as Level 2A or Level 2B assets as described in the Commission Delegated Regulation (EU) 2015/61 of 10 October 2014 to supplement Regulation (EU) No 575/2013 of the European Parliament and the Council with regard to liquidity coverage requirement for credit institutions (the “**LCR Delegated Regulation**”); and
- (b) Notes may qualify as an investment in a Type 1 or Type 2 securitisation as described in Article 254(2) of the Commission Delegated Regulation (EU) 2015/35 of 10 October 2014 supplementing Directive 2009/138/EC of the European Parliament and of the Council on the taking-up and pursuit of the business of Insurance and Reinsurance (Solvency II) (the “**Solvency II Delegated Act**”).

None of the Management Company, the Custodian, the Arranger, the Lead Manager, the Seller or the Servicer makes any representation to any prospective investor or purchaser of the Notes as to these matters on the Issue Date or at any time in the future.

## 5.9 Qualifying Securitisation / Simple, Transparent and Standardised Securitisation

There have been numerous market and official sector initiatives which discuss the possibility of developing a differentiated approach to the regulatory treatment of securitisation transactions. A common theme of these discussions or consultations, including consultations by the European Commission, the European Central Bank, the European Banking Authority, the Bank of England, the Basel Committee on Banking Supervision and the International Organisation of Securities Commissions, has been a potential approach which distinguishes high quality securitisation, qualifying securitisations or simple, transparent and standard securitisations from other securitisation transactions and affording a different regulatory and prudential treatment to these different categories of securitisation transactions.

At the moment, these discussions are on-going and it is not clear whether such a general approach of differentiating between different categories of securitisations will be adopted, what label will be given to different categories of securitisation, what criteria will be used to distinguish between the different categories of securitisation or what the regulatory treatment of such different categories may be.

Accordingly, investors will need to make their own analysis of these matters. None of the Management Company, the Custodian, the Arranger, the Lead Manager, the Seller or the Servicer makes any representation to any prospective investor or purchaser of the Notes as to these matters on the Issue Date or at any time in the future.

## 5.10 CRA3

The Regulation (EU) No 462/2013 of the European Parliament and of the Council of 31 May 2013 amending the CRA Regulation (“**CRA3**”) became effective on 20 June 2013. CRA3 provides for certain additional disclosure requirements which are applicable in relation to structured finance transactions. Such disclosures will need to be made via a website to be set up by ESMA. The information to be published pursuant to the CRA 3 disclosure requirements, its update frequency and the standardised disclosure template are subject to regulatory technical standards to be prepared by ESMA.

The precise scope and manner of such disclosure will be subject to regulatory technical standards (for the purposes of this section, the “**CRA III RTS**”) prepared by ESMA. On 30 September 2014, the European Commission adopted three CRA III RTS to implement provisions of the CRA III. The CRA III RTS specify (i) the information that the issuer, originator and sponsor of a structured finance instrument established in the European Union must jointly disclose on the ESMA website, (ii) the frequency with which this information is to be updated and (iii) the presentation of this information by

means of standardised disclosure templates. However, the disclosure obligations will not apply until 1 January 2017. Any structured finance instrument issued since 26 January 2015 (when the regulatory technical standards came into effect) which are still outstanding on 1 January 2017 will be subject to these disclosure requirements for the remaining period. However, investors should consult their legal advisors as to the applicability of the CRA III RTS and any consequences of noncompliance in respect of their investment in the Listed Notes.

Additionally, CRA III has introduced a requirement that where an issuer or related third parties (which term includes sponsors and originators) intends to solicit a credit rating of a structured finance instrument it will appoint at least two credit rating agencies and should consider appointing at least one rating agency having not more than a 10 per cent. total market share (as measured in accordance with Article 8d(3) of the CRA (as amended by CRA III RTS)) (a small CRA), provided that a small CRA is capable of rating the relevant issuance or entity. Where the issuer or a related third party does not appoint at least one credit rating agency with no more than 10% market share, this must be documented. In order to give effect to those provisions of Article 8d of CRA III, ESMA is required to annually publish a list of registered CRAs, their total market share, and the types of credit rating they issue.

Investors should consult their legal advisors as to the applicability of CRA3 RTS in respect of their investment in the Listed Notes.

The Seller has undertaken to provide the information required under article 8b of CRA3 as from the entry into force of the related ESMA regulatory technical standard (as amended from time to time by any other supplemental regulation), without prejudice to the French banking secrecy requirements provided for in article L. 511-33 of the French Monetary and Financial Code and the Data Protection Law (please refer to the paragraph 3.13 “*French Banking Secrecy and Data Protection Regulations*”).

#### **5.11 Exchange rates and exchange controls**

The Compartment will pay principal and interest, if any, on the Listed Notes in euros. This presents certain risks relating to currency conversions if an investor’s financial activities are denominated principally in a currency or currency unit other than euros. These include the risk that exchange rates may significantly change (including changes due to devaluation of the euro or revaluation of the investor's currency) and the risk that authorities with jurisdiction over the investor's currency may impose or modify exchange controls. An appreciation in the value of the investor's currency relative to euro would decrease (1) the investor's currency-equivalent yield on the Listed Notes, (2) the investor's currency-equivalent value of the principal payable on the Listed Notes and (3) the investor's currency-equivalent market value of the Listed Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate and/or restrict the convertibility or transferability of currencies within and/or outside of a particular jurisdiction. As a result, investors may receive less interest or principal than expected, or receive it later than expected or not at all.

#### **5.12 Potential Reform of Euribor determinations**

Financial market reference rates and their calculation and determination procedures have come under close public scrutiny in recent years. Starting in 2009, authorities in jurisdictions such as the European Union, the United States, Japan and others investigated cases of alleged misconduct around the rate setting of LIBOR, Euribor and other reference rates. A number of initiatives to reform reference rate setting have been launched as a consequence by the regulatory and supervisory communities as well as the financial markets. These include the Final Report of ESMA-EBA on Principles for Benchmark-Setting Processes in the EU published in June 2013 and the European Commission Proposal for a Regulation on Indices used as Benchmarks in Financial Instruments and Financial Contracts of 18 September 2013.

It is not possible to ascertain as at the date of this Compartment Prospectus what will be the impact of these initiatives on the determination of Euribor in the future, how such changes may impact the determination of Euribor for the purposes of the Class A Notes and the Class B Notes and each

Interest Rate Swap Agreement, whether this will result in an increase or decrease in Euribor rates or whether such changes will have an adverse impact on the liquidity or the market value of the Class A Notes and the Class B Notes.

### 5.13 European Market Infrastructure Regulation and Securities Financing Transactions Regulation

The Compartment will be entering into an interest rate swap transaction. Regulation (EU) No 648/2012 of the European Parliament and Council on OTC derivatives, central counterparties and trade repositories dated 4 July 2012 (“**EMIR**”) establishes certain requirements for OTC derivatives contracts including mandatory clearing obligations, bilateral risk-management requirements and reporting requirements. Although not all the technical standards specifying the risk-management procedures, including the levels and type of collateral and segregation arrangements, required to give effect to EMIR are as yet finalised and it is therefore not possible to be definitive, investors should be aware that it is likely that certain provisions of EMIR would impose obligations on the Compartment in relation to each Interest Rate Swap Agreement including, without limitation, in relation to reporting transactions to a trade repository or ESMA. Under each Interest Rate Swap Agreement, the Interest Rate Swap Counterparty has undertaken that it shall ensure that the details of each Interest Rate Swap Agreement will be reported to a trade repository on its own behalf and on behalf of the Compartment provided that, in the latter case, the Compartment has delegated such reporting to the Interest Rate Swap Counterparty. Pursuant to article 12(3) of EMIR any failure by a party to comply with the rules under Title II of EMIR should not make the Interest Rate Swap Agreements invalid or unenforceable. However, if any party fails to comply with the rules under EMIR it may be liable for a fine. If such a fine is imposed on the Compartment, the Compartment may have insufficient funds to pay its liabilities in full.

The European Parliament and Council has adopted Regulation (EU) No 2015/2365 of 25 November 2015 which was published in the Official Journal of the European Union on 23 December 2015 and took effect as of 12 January 2016 known as the Securities Financing Transactions Regulation (“**SFTR**”). The SFTR introduces certain requirements in respect of OTC derivative contracts applying to financial counterparties (“**SFTR FCPs**”), such as investment firms, credit institutions and insurance companies and certain non-financial counterparties (“**SFTR Non-FCPs**”). Such requirements include, amongst other things, the reporting of each “Securities Financing Transaction” that has been concluded between SFTR FCPs and SFTR Non-FCPs, together with any modification or termination of a Securities Financing Transaction, to a trade repository (the “**SFTR Reporting Obligation**”). The definition of Securities Financing Transaction includes a repurchase transaction, securities or commodities lending transaction, a buy-sell back transaction and a margin lending transaction and could potentially include the credit support agreements. ESMA has been tasked with drafting draft regulatory technical standards to be included in the reports prepared pursuant to the SFTR Reporting Obligation. The requirements also include an obligation to disclose certain information before counterparties (including SFTR FCPs and SFTR Non-FCPs) can reuse financial instruments (but not cash) received as collateral from 13 July 2016 (the “**Collateral Reuse Notification Obligation**”). The Collateral Reuse Notification Obligation applies irrespective of whether the transaction is a Securities Financing Transaction.

### 5.14 Volcker Rule

Under Section 619 of the U.S. Dodd-Frank Act and the corresponding implementing rules (the “**Volcker Rule**”), U.S. banks, foreign banks with U.S. branches or agencies, bank holding companies, and their affiliates (collectively, the “**Relevant Banking Entities**” as defined under the Volcker Rule) are prohibited from, among other things, acquiring or retaining any ownership interest in, or acting as sponsor in respect of, certain investment entities referred to in the Volcker Rule as covered funds, except as may be permitted by an applicable exclusion or exception from the Volcker Rule. In addition, in certain circumstances, the Volcker Rule restricts relevant banking entities from entering into certain credit exposure related transactions with covered funds. Full conformance with the Volcker Rule is required since 21 July 2015.

Key terms are widely defined under the Volcker Rule, including “banking entity”, “ownership interest”, “sponsor” and “covered fund”. In particular, “banking entity” is defined to include certain

non-U.S. affiliates of U.S. banking entities. A “covered fund” is defined to include an issuer that would be an investment company under the Investment Company Act 1940 but is exempt from registration solely in reliance on section 3(c)(1) or 3(c)(7) of that Act, subject to certain exemptions found in the Volcker Rule’s implementing regulations. An “ownership interest” is defined to include, among other things, interests arising through a holder’s exposure to profits and losses in the covered fund, as well as through any right of the holder to participate in the selection or removal of an investment advisor, manager, or general partner, trustee, or member of the board of directors of the covered fund.

No representation or warranty nor any advice is given or deemed given by any entity named in this Prospectus nor the Lead Manager of the Listed Notes nor any of their respective affiliates on whether the Compartment may qualify or not as a “covered fund”, whether the Notes represent “ownership interests” within the definitions provided for under the Volcker Rule or whether exemptions are available under applicable U.S. laws and regulations in respect of the Compartment.

The Volcker Rule and any similar measures introduced in another relevant jurisdiction may restrict the ability of relevant individual prospective purchasers to invest in the Listed Notes and, in addition, may have a negative impact on the price and liquidity of the Listed Notes in the secondary market.

Prospective investors which qualify as Relevant Banking Entities must rely on their own independent investigation and appraisal of the Fund and the Compartment and the terms of the offering and should consult their own legal advisers in order to assess whether an investment in the Notes would lead them to violate any applicable provisions of the Volcker Rule. Each investor is responsible for analysing its own position under the Volcker Rule and any similar measures and none of the Arranger, the Lead Manager, the Fund, the Compartment, the Management Company, the Custodian, the Seller, the Servicer, the Account Bank, the Cash Manager, the Interest Rate Swap Counterparty or the Paying Agent makes any representation regarding such position, including with respect to the ability of any investor to acquire or hold the Notes, now or at any time in the future in compliance with the Volcker Rule and any other applicable laws.

#### **5.15 Economic conditions in the Eurozone**

Concerns relating to credit risk of sovereigns and of those entities which have exposure to sovereigns have recently intensified. In particular, concerns have been raised with respect to current economic, monetary and political conditions in the Member States of the European Union where the Euro has been implemented as legal currency (the “**Eurozone**”). If such concerns persist and/or such conditions further deteriorate (including as may be demonstrated by any relevant credit rating agency action, any default or restructuring of indebtedness by one or more Member States or institutions within those Member States and/or any changes to, including any break up of, the Eurozone), then these matters may cause further severe stress in the financial system generally and/or may adversely affect the Compartment, one or more of the other parties to the Transaction Documents (including the Custodian, the Management Company, the Seller, the Servicer, the Account Bank, the Cash Manager, the Paying Agent and the Interest Rate Swap Counterparty) and/or any Borrower in respect of its Loan Agreement. Given the current uncertainty and the range of possible outcomes to the conditions in the Eurozone, no assurance can be given as to the impact of any of the matters described above and, in particular, no assurance can be given that such matters would not adversely affect the rights of the holders of the Listed Notes, the market value of the Listed Notes and/or the ability of the Compartment to satisfy its obligations under the Listed Notes.

#### **5.16 European Banking Resolution**

On 15 May 2014, the Council of the European Union adopted Directive 2014/59/EU of the European Parliament and of the Council establishing a framework for the recovery and resolution of credit institutions and investment firms (the “**Bank Recovery and Resolution Directive**” or “**BRRD**”). The BRRD provides authorities with a credible set of tools to intervene sufficiently early and quickly in an unsound or failing institution so as to ensure the continuity of the institution’s critical financial and economic functions, while minimising the impact of an institution's failure on the economy and financial system.

The BRRD contains four resolution tools and powers which may be used alone or in combination where the relevant resolution authority considers that (a) an institution is failing or likely to fail, (b) there is no reasonable prospect that any alternative private sector measures would prevent the failure of such institution within a reasonable timeframe, and (c) a resolution action is in the public interest: (i) sale of business – which enables resolution authorities to direct the sale of the firm or the whole or part of its business on commercial terms; (ii) bridge institution – which enables resolution authorities to transfer all or part of the business of the firm to a "bridge institution" (an entity created for this purpose that is wholly or partially in public control); (iii) asset separation – which enables resolution authorities to transfer impaired or problem assets to one or more publicly owned asset management vehicles to allow them to be managed with a view to maximising their value through eventual sale or orderly wind-down (this can be used together with another resolution tool only); and (iv) bail-in – which gives resolution authorities the power to write down certain claims of unsecured creditors of a failing institution and to convert certain unsecured debt claims to equity (the "bail-in tool"), which equity could also be subject to any future application of the general bail-in tool.

The BRRD also provides for a Member State as a last resort, after having assessed and exploited the above resolution tools to the maximum extent possible whilst maintaining financial stability, to be able to provide extraordinary public financial support through additional financial stabilisation tools. These consist of the public equity support and temporary public ownership tools. Any such extraordinary financial support must be provided in accordance with the EU state aid framework.

An institution will be considered as failing or likely to fail when: it is, or is likely in the near future to be, in breach of its requirements for continuing authorisation; its assets are, or are likely in the near future to be, less than its liabilities; it is, or is likely in the near future to be, unable to pay its debts as they fall due; or it requires extraordinary public financial support (except in limited circumstances). The BRRD provides that it will be applied by Member States from 1 January 2015, except for the bail-in tool which is to be applied from 1 January 2016.

The powers set out in the BRRD will impact how credit institutions and investment firms are managed as well as, in certain circumstances, the rights of creditors.

Bail-in enables the resolution authority to write down subordinated or non-subordinated debt (including principal and interest of subordinated notes) of a failing institution and/or convert them to equity, which equity could also be subject to any reduction or written down. When applying bail-in, the resolution authority must first reduce or cancel common equity tier one, thereafter reduce, cancel, convert additional tier one instruments, then tier two instruments and other subordinated debts to the extent required and up to their capacity. If only this total reduction is less than the amount needed, the resolution authority will reduce or convert to the extent required the principal amount or outstanding amount payable in respect of unsecured creditors in accordance with the hierarchy of claims in normal insolvency proceedings.

The implementation of the BRRD into French law has been made by two texts of legislative nature. Firstly, the banking law dated 26 July 2013 regarding the separation and the regulation of banking activities (*loi de séparation et de régulation des activités bancaires*) (as modified by the ordonnance dated 20 February 2014 (*Ordonnance portant diverses dispositions d'adaptation de la législation au droit de l'Union européenne en matière financière*)) (the "**Banking Law**") implemented partially the BRRD in anticipation. Secondly, Ordonnance No. 2015-1024 dated 20 August 2015 (*Ordonnance n° 2015-1024 du 20 août 2015 portant diverses dispositions d'adaptation de la législation au droit de l'Union européenne en matière financière*) (the "**Ordonnance**") published in the Official Journal of the French Republic dated 21 August 2015 has introduced various provisions amending and supplementing the Banking Law to adapt French law to the BRRD. Decree(s) and *arrêtés* implementing certain provisions of the Ordonnance remain to be published to fully implement the BRRD in France.

Regulation (EU) No 806/2014 of the European Parliament and of the Council of 15 July 2014 *establishing uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of a Single Resolution Mechanism and a Single Resolution Fund and amending Regulation (EU) No 1093/2010* has established a centralised power of resolution

with the Single Resolution Board and to the national resolution authorities. Starting on 1 January 2015, the Single Resolution Board works in close cooperation with the *Autorité de contrôle prudentiel et de résolution*, in particular in relation to the elaboration of resolution planning. As from 1 January 2016 it assumes full resolution powers.

If at any time any resolution powers would be used by the *Autorité de contrôle prudentiel et de résolution* or, as applicable, the Single Resolution Board or any other relevant authority in relation to the Seller, the Servicer, the Custodian, the Account Bank, the Interest Rate Swap Counterparty, the Cash Manager and the Paying Agent pursuant to the BRRD and the relevant provisions of the French Monetary and Financial Code (including the Banking Law and the Ordonnance) or otherwise, this could adversely affect the proper performance by each of the Seller, the Servicer, the Custodian, the Account Bank, the Interest Rate Swap Counterparty, the Cash Manager and the Paying Agent under the Transaction Documents and result in losses to, or otherwise affect the rights of, the holders of the Listed Notes and/or could affect the market value, the liquidity and/or the credit ratings assigned to the Listed Notes.

As of 1 January 2016, CA Consumer Finance is on the “*List of significant supervised entities*” in accordance with Article 6(4) of the Council Regulation (EU) No 1024/2013 of 15 October 2013 *conferring specific tasks on the European Central Bank concerning policies relating to the prudential supervision of credit institutions* which has been produced by the European Central Bank and which are under the direct supervision of the European Central Bank and therefore, pursuant to Regulation (EU) No 806/2014, CA Consumer Finance is under the direct responsibility of the Single Resolution Board.

*The Management Company and the Custodian believe that the risks described above are the principal risks inherent in the transaction for Noteholders, but the inability of the Compartment to pay interest, principal or other amounts on or in connection with the Notes may occur for other reasons and neither the Management Company nor the Custodian represent that the above statements regarding the risks relating to the Notes are exhaustive. Although the Management Company and the Custodian believe that the various structural elements described in this Compartment Prospectus mitigate some of these risks for Noteholders, there can be no assurance that these measures will be sufficient to ensure payment to Noteholders of interest, principal or any other amounts on or in connection with the Notes on a timely basis or at all.*

## WEIGHTED AVERAGE LIFE OF THE LISTED NOTES AND ASSUMPTIONS

### General

The yields to maturity on the Listed Notes will be affected by *inter alia* the amount and timing of delinquencies and default on the Purchased Receivables and the Prepayments. Furthermore, the capacity of the Compartment to redeem in full the Listed Notes on the Final Legal Maturity Date will be affected by *inter alia* the delinquencies and defaults on the Purchased Receivables.

### Weighted Average Lives of the Listed Notes

The estimated “*Weighted Average Life*” (WAL) of the Listed Notes refers to the calculation, on the basis of certain assumptions, of the average amount of time that will elapse from the date of issuance of a Listed Note to the date of distribution of amounts to the holder of such Listed Note in reduction of principal of such Note to zero, weighted by the principal amount distributed to the holder of such Listed Note over time.

The Weighted Average Life of the Listed Notes will be influenced by certain factors including the principal payments received on the Receivables purchased by the Compartment, prepayments, delinquencies and defaults.

The model used for the purpose of calculating estimates presented in this Compartment Prospectus employs an assumed constant *per annum* rate of prepayment (the “CPR”). The CPR is an assumed annual constant rate of payment of principal not anticipated by the scheduled amortisation of the portfolio which, when applied monthly, results in the estimated portfolio of the Purchased Receivables balance and allows calculating the monthly prepayments.

Assumptions used for calculation are the following:

- (a) the contractual amortisation schedule of the portfolio as of 30 June 2016 is assumed as follows:

- (b) during the Revolving Period, all principal collections are applied to the purchase of Additional Receivables;
- (c) the contractual amortisation schedule of each pool of Additional Receivables transferred to the Issuer on each Payment Date of the Revolving Period has the same contractual amortisation schedule as that of a unique fixed rate monthly amortising loan with constant instalments having the following characteristics:
- (i) an interest rate equal to 5.3%;
  - (ii) a remaining term equal to 62 months minus one (to account for the minimum number of paid instalments);
- (d) the Seller does not repurchase any Receivable purchased by the Compartment;
- (e) there are no delinquencies or losses on the Receivables, and monthly instalments of principal are received on their due date together with prepayments, if any, at the respective constant prepayment rates (“CPR”) set forth in the table below;

- (f) no early liquidation of the Compartment by the Management Company except for the 10% clean-up call;
- (g) payments of interest due and payable under the Notes are received on the 18<sup>th</sup> day of each month, commencing on 18 August 2016;
- (h) payments of principal due and payable under the Notes are received on the 18<sup>th</sup> day of each month, commencing on 18 February 2018;
- (i) zero per cent. investment return is earned on the Compartment Bank Accounts; and
- (j) no Revolving Period Termination Event, Accelerated Redemption Event or Compartment Liquidation Event occurs.

The actual characteristics and performance of the Purchased Receivables will differ from the assumptions used in constructing the tables set forth below, which are hypothetical in nature and should not be relied upon. Besides, the contractual amortisation schedule of the Purchased Receivables to be purchased on Closing Date may differ substantially from the contractual amortisation schedule indicated above. Subject to the foregoing assumptions, the following tables indicate the Weighted Average Life of each Class of Listed Notes under the scenario of the constant CPR shown.

The Weighted Average Lives of the Listed Notes are subject to factors largely outside the control of the Compartment and consequently no assurance can be given that the assumptions and the estimates above will prove in any way to be realistic.

## Approximate amortisation of the Class A Notes

The following estimated amortisation scenario is based on (a) the assumptions listed above under “*Weighted Average Life of the Listed Notes*” and (b) for different CPR scenarios. It should be noted that the actual amortisation of the Class A Notes may differ substantially from the amortisation scenario indicated below. The amortisation is calculated on certain monthly payment dates and under the scenario of the constant CPR shown as a percentage of the initial Class A Principal Amount Outstanding at closing and rounded at the nearest decimal.

### Approximate amortisation of the Class B Notes

The following estimated amortisation scenario is based on (a) the assumptions listed above under “*Weighted Average Life of the Listed Notes*”, (b) for different CPR scenarios and (c) the clean-up call being exercised. It should be noted that the actual amortisation of the Class B Notes may differ substantially from the amortisation scenario indicated below. The amortisation is calculated on certain monthly payment dates and under the scenario of the constant CPR shown as a percentage of the initial Class B Principal Amount Outstanding at closing and rounded at the nearest decimal.

### Approximate amortisation of the Class C Notes

The following estimated amortisation scenario is based on (a) the assumptions listed above under “*Weighted Average Life of the Listed Notes*”, (b) for different CPR scenarios and (c) the clean-up call being exercised. It should be noted that the actual amortisation of the Class C Notes may differ substantially from the amortisation scenario indicated below. The amortisation is calculated on certain monthly payment dates and under the scenario of the constant CPR shown as a percentage of the initial Class C Principal Amount Outstanding at closing and rounded at the nearest decimal.

If the notification is made by the Management Company, the Seller has agreed to provide all necessary information to the Management Company in that respect. Upon receipt by the Management Company of a letter executed by the relevant insurance company in the form provided for in the Master Receivables Sale and Purchase Agreement, the Compartment shall be entitled to receive direct payment by the relevant insurance company.

For the avoidance of doubt, the Insurance Premiums will not be assigned and transferred by the Seller to the Compartment and consequently the Insurance Premiums shall not be paid by the Servicer to the Compartment.

### **Breach of Representations and Warranties**

#### ***Failure to comply and remedies***

##### *General*

When consenting to acquire the Receivables on each Purchase Date, the Management Company, acting for and on behalf of the Compartment, will take into consideration, as an essential and determining condition for its consent (*condition essentielle et déterminante de son consentement*), the Seller's representations and

warranties and compliance of those Receivables with the Eligibility Criteria.

The Management Company may carry out consistency tests on the information provided to it by the Seller and may verify the compliance of certain of the Receivables with the Eligibility Criteria. Such tests will be undertaken in the manner, and as often as is necessary, to ensure the satisfaction by the Seller of its obligations under the Master Receivables Sale and Purchase Agreement, the protection of the interests of the Noteholders and the Unitholders with respect to the Assets of the Compartment, and, more generally, in order to satisfy its legal and regulatory obligations as defined by the provisions of the French Monetary and Financial Code. Nevertheless, the responsibility for the non-compliance of the Receivables transferred by the Seller to the Compartment with the Eligibility Criteria on each applicable Purchase Date will at all times remain with the Seller only (and the Management Company shall under no circumstance be liable therefor) and the Management Company will therefore rely only on the representations made, and on the warranties given, by the Seller regarding those Receivables.

#### *Remedies in case of non-compliance*

Under the Master Receivables Sale and Purchase Agreement, if the Management Company or the Seller becomes aware that any of the representations or warranties given or made by the Seller in relation to the compliance of any Purchased Receivable to the Eligibility Criteria was false or incorrect by reference to the facts and circumstances existing on each applicable Purchase Date, the Management Company or the Seller, as applicable, will promptly inform the other party of such non-compliance.

Such non-compliance, which may relate to the compliance of the Loan Agreement relating to that Purchased Receivable with the Eligibility Criteria and/or of that Purchased Receivable with the Eligibility Criteria of the Purchased Receivables, will be remedied by the Seller, at the option of the Management Company but subject to prior consultation with the Seller, by:

- (a) to the extent possible, and as soon as practicable, taking any appropriate steps to rectify the non-compliance and ensure that the relevant Loan Agreement complies with the Eligibility Criteria and/or that the relevant Purchased Receivable complies with the Eligibility Criteria; or
- (b) declaring the rescission (*résolution*) of the transfer of that Purchased Receivable, which shall take effect on the Cut-Off Date following the date on which the non-compliance of those Receivables was notified by a party to the other. In this respect, on any Calculation Date, the Management Company shall record in an electronic file any Purchased Receivables whose transfer will be rescinded. Such electronic file shall contain the date on which the rescission will become effective. The indemnification payable by the Seller to the Compartment on the following Settlement Date as a consequence of such rescission will be equal to the then Outstanding Principal Balance of the relevant Purchased Receivable plus any accrued and unpaid outstanding interest and any other outstanding amounts of principal, interest, expenses and other ancillary amounts relating to that Purchased Receivable as of such Cut-Off Date (the “**Non-Compliance Rescission Amount**”); or
- (c) substituting such non-compliant Purchased Receivable with one or several Receivable(s) which satisfy the Eligibility Criteria (the “**Substitute Receivable(s)**”). If the Management Company decides to proceed with such substitution:
  - (i) such substitution shall take effect on the Cut-Off Date on which the transfer of the relevant Non-Compliant Receivables is rescinded (*résolu*) in accordance with paragraph (b) above;
  - (ii) the Substitute Receivable(s) (identified in an electronic file) shall be transferred by the Seller to the Compartment, on the Settlement Date, in accordance with the provisions of the Master Receivables Sale and Purchase Agreement; and
  - (iii) the Non-Compliance Rescission Amount payable by the Seller on the following Settlement Date in relation to the Non-Compliant Receivables will be set-off against the Principal Component Purchase Price of the Substitute Receivable(s), up to the lower of the two amounts, *provided that*, for the avoidance of doubt, any part of the Non-Compliance Rescission Amount remaining unpaid after such set-off shall be paid by the Seller to the Compartment, on such following Settlement Date,

*provided that:*

- (x) the Substitute Receivable(s) is/are of the same Eligible Product Category as the Non-Compliant Receivables to be substituted; and
- (y) such substitution shall not result in a reduction of the average interest rate of the Purchased Receivables (taking into account the Substitute Receivable(s)) weighted by the respective Outstanding Principal Balance of the Purchased Receivables (taking into account the Substitute Receivable(s)); and
- (z) such substitution shall not result in an increase of the average remaining term to maturity of the Purchased Receivables (taking into account the Substitute Receivable(s)) weighted by the respective Outstanding Principal Balance of the Purchased Receivables (taking into account the Substitute Receivable(s)) of one calendar month or more.

Any amount paid to the Compartment under these provisions will be exclusively allocated to the Compartment and be credited to the General Collection Account and form part of the Available Collections in the Collection Period during which that amount is paid by the Seller. The amounts corresponding to principal paid to the Compartment by the Seller shall be added to the Available Principal Collections.

The non-compliance and rescission of the transfer or the repurchase of any Purchased Receivable shall not affect in any manner the validity of the transfer of the other Purchased Receivables.

#### ***Limited remedies in case of non-compliance***

The representations and warranties made or given by the Seller in relation to the compliance of the Receivables to the Eligibility Criteria and the remedies set out in section “*Failure to comply and remedies*” above are the sole remedies available to the Compartment in respect of the non-compliance of any Receivable with the Eligibility Criteria. Under no circumstance may the Management Company request an additional indemnity from the Seller relating to a breach of any such representations or warranties.

To the extent that any loss arises as a result of a matter which is not covered by those representations and warranties, the loss will remain with the Compartment. In particular, the Seller has given and will give no warranty as to the on-going solvency of the Borrowers.

Furthermore, the representations and warranties given or made by the Seller in relation to the compliance of the Receivables with the Eligibility Criteria shall not entitle the Noteholders to assert any claim directly against the Seller, the Management Company having the exclusive competence under Article L. 214-183 of the Monetary and Financial Code to represent the Compartment, and more generally, the Fund as against third parties and in any legal proceedings.

#### **Governing Law**

The Loan Agreements from which the Receivables (and the Ancillary Rights) derive are governed by French law and, in particular, the applicable provisions of the Consumer Credit Legislation, the French Civil Code and all other applicable laws and regulations.

## SALE AND PURCHASE OF THE RECEIVABLES

*This section sets out the main material terms of the Master Receivables Sale and Purchase Agreement pursuant to which the Seller has agreed to sell and the Management Company, acting for and on behalf of the Fund, in respect of the Compartment, has agreed to purchase the Receivables on the First Purchase Date and on each Purchase Date.*

### Introduction

Under a master receivables sale and purchase agreement entered into on 19 July 2016 between the Management Company, the Custodian and CA Consumer Finance (the “**Seller**”) (the “**Master Receivables Sale and Purchase Agreement**”), the Management Company, acting on behalf of the Compartment, has agreed to purchase, and the Seller has agreed to sell, loan receivables (the “**Receivables**”) arising from Personal Loan Agreements and Debt Consolidation Loan Agreements (together, the “**Loan Agreements**”).

### Assignment and Transfer of the Receivables

#### *General*

The Seller and the Management Company, acting for and on behalf of the Compartment, have agreed under the provisions of Article L. 214-169-IV and Article R. 214-235 of the French Monetary and Financial Code and subject to the terms of the Master Receivables Sale and Purchase Agreement to purchase and assign the Receivables together with the related Ancillary Rights on each Purchase Date.

#### *Transfer of the Receivables and of the Ancillary Rights*

Pursuant to Article L. 214-169-IV of the French Monetary and Financial Code, the transfer of the Receivables and their Ancillary Rights shall be made by way of a “deed of transfer” (*acte de cession*) satisfying the requirements of Article L. 214-169-IV and Article R. 214-235 of the French Monetary and Financial Code.

Pursuant to Article L. 214-169-IV of the French Monetary and Financial Code “*the assignment of receivables shall take effect between the parties (i.e. the assignor and the fund in its capacity as transferee) and shall be enforceable vis-à-vis third parties as of the date specified in the deed of transfer, irrespective of the origination date, the maturity date or the due date of such receivables with no further formalities regardless of the law governing the transferred receivables and the jurisdiction of residence of the assigned borrowers. Notwithstanding the commencement of any proceeding governed by Book VI of the French Commercial Code (dispositions du Livre VI du Code de Commerce) or any equivalent proceeding governed by any foreign law (procédure équivalente sur le fondement d’un droit étranger) against the seller after any purchase date, the assignment of the receivables shall remain valid after the commencement of such proceeding (conserve ses effets après le jugement d’ouverture). The delivery of the deed of transfer shall entail the automatic transfer of any security interest, guarantees and ancillary rights attached to each receivable, including mortgages, and the enforceability of such transfer vis-à-vis third parties, with no further formalities*”.

It is confirmed that the Seller is located in a jurisdiction without severe clawback.

Pursuant to Article D. 214-227 of the French Monetary and Financial Code the Seller and the Servicer shall, when required to do so by the Management Company, carry out any act of formality in order to protect, amend, perfect, release or enforce any of the Ancillary Rights relating to the Purchased Receivables.

#### *Types of Ancillary Rights*

Under the terms of the Compartment Regulations, the Master Receivables Sale and Purchase Agreement and the Servicing Agreement, “**Ancillary Rights**” shall mean any rights, security interest or personal guarantees (*garanties personnelles*) which secure the payment of certain Receivables under the terms of the relevant Loan Agreements. The Ancillary Rights will be transferred and assigned to the Compartment together with the relevant Receivables on each applicable Purchase Date in accordance with, and subject to, the Master Receivables Sale and Purchase Agreement.

## ***Purchase Procedure***

### *Conditions Precedent to the Purchase of Additional Receivables*

In accordance with provisions of Article L. 214-169-IV of the French Monetary and Financial Code, the terms of the Compartment Regulations and the Master Receivables Sale and Purchase Agreement, the Compartment may purchase additional Eligible Receivables (the “**Additional Receivables**”) from the Seller. Such Additional Receivables will be exclusively allocated by the Management Company to the Compartment. The Additional Receivables will be randomly selected from existing Eligible Receivables held by the Seller as at the First Purchase Date and/or from Eligible Receivables originated by the Seller after the First Purchase Date. The Management Company, for and on behalf of the Compartment, has agreed to purchase from the Seller the Additional Receivables pursuant to the terms and conditions set forth below.

In this respect, the Management Company shall verify that the conditions precedent to the purchase of eligible Additional Receivables (the “**Conditions Precedent to Additional Purchase**”) are satisfied on each Purchase Date.

Pursuant to the provisions of the Master Receivables Sale and Purchase Agreement, the Conditions Precedent to Additional Purchase are the following:

- (a) no Revolving Period Termination Event has occurred or will have occurred on the relevant Purchase Date;
- (b) no Accelerated Redemption Event has occurred or will have occurred on the relevant Purchase Date;
- (c) the Management Company has not taken steps to liquidate the Compartment following the occurrence of a Compartment Liquidation Event or will not make such a decision on such Purchase Date;
- (d) the Seller has validly made a Purchase Offer of Additional Receivables to the Management Company pursuant to the terms of the Master Receivables Sale and Purchase Agreement;
- (e) the selected Additional Receivables comply with the Eligibility Criteria on such Purchase Date;
- (f) the Portfolio Criteria will be met on the applicable Purchase Date (taking into account the Additional Receivables offered to be purchased by the Compartment on that Purchase Date);
- (g) the representations and warranties made, and the undertakings given, by the Seller under the Master Receivables Sale and Purchase Agreement remain true and accurate in all material respects on such Purchase Date;
- (h) the purchase of Additional Receivables by the Compartment will neither result in the withdrawal nor in the downgrade of the then current ratings of any of the Rated Notes (nor to such ratings being placed on creditwatch); and
- (i) no material adverse change in the business of the Seller or the Servicer has occurred which, in the reasonable opinion of the Management Company, might prevent the Seller from performing its obligations under the Master Receivables Sale and Purchase Agreement and the Servicer from performing its obligations under the Servicing Agreement.

In addition to the Conditions Precedent to Additional Purchase listed above, in the event that the long-term unsubordinated, unsecured and unguaranteed debt obligations of the Seller are rated below BBB- by S&P, the Seller shall deliver to the Management Company a solvency certificate (*certificat de solvabilité*) executed by a duly representative of the Seller prior to each Purchase Date.

### *Purchase Procedure of Additional Receivables*

Prior to each Purchase Date on which it is expected that Additional Receivables will be purchased, pursuant to the Master Receivables Sale and Purchase Agreement, the terms of such purchase of Additional Receivables shall be the following:

1. On each Calculation Date, the Management Company shall notify the Seller of the Available Purchase Amount.

2. One Business Day after each Calculation Date, the Seller shall send to the Management Company a Purchase Offer.
3. In connection with a Purchase Offer, the Seller will make representations and warranties in favour of the Management Company with respect to the compliance of the corresponding Additional Receivables with the Eligibility Criteria. Subject to correction of any material error, the Purchase Offer will constitute an irrevocable binding offer made by the Seller, with respect to the sale and transfer of the relevant Additional Receivables together with the corresponding Ancillary Rights, to the Management Company.
4. The Management Company will verify, on the basis of the information provided to it by the Seller in the said Purchase Offer, that the Additional Receivables which are offered for purchase on the relevant Purchase Date comply with the applicable Eligibility Criteria, *provided that* the responsibility for the non-compliance of the Additional Receivables sold and transferred by the Seller to the Compartment with the Eligibility Criteria on the Cut-Off Date preceding the relevant Purchase Date will at all times remain with the Seller only (and the Management Company shall under no circumstance be liable therefore).
5. The Management Company shall verify whether the Conditions Precedent to Additional Purchase on a Purchase Date are fulfilled and shall inform the Seller of its acceptance or, as the case may be, its refusal (subject to appropriate motivation) to purchase the Additional Receivables stated in the Purchase Offer and shall verify whether the Seller has fulfilled the Conditions Precedent to Additional Purchase. In case of acceptance, the Management Company shall send to the Seller the corresponding Purchase Acceptance.
6. The Outstanding Principal Balance of the Additional Receivables (as of the Selection Date) that may be purchased on each Purchase Date shall not exceed the Available Purchase Amount which has been notified to the Seller as specified in sub-paragraph 1 above.
7. The Management Company, acting for and on behalf of the Compartment, shall give the appropriate instructions to the Custodian and the Account Bank for the Principal Component Purchase Price to be debited from the Principal Account on the relevant Purchase Date and the Interest Component Purchase Price to be debited from the Interest Account on each following Payment Date and to be paid to the Seller in accordance with the applicable Priority of Payments.
8. The Management Company, acting for and on behalf of the Compartment shall verify that the Additional Receivables comply with the relevant Eligibility Criteria.

#### *Purchase Offer of Additional Receivables*

The Seller shall indicate in each relevant Purchase Offer of Additional Receivables (with copy to the Custodian) (a) the number of the selected Receivables, (b) the aggregate Outstanding Principal Balance of the selected Receivables as of such Selection Date and (c) the average interest rate of the selected Receivables weighted by their respective Outstanding Principal Balance.

Following the receipt of a Purchase Offer, the Management Company shall notify to the Seller (with copy to the Custodian) its acceptance to purchase the relevant Receivables. The Management Company shall be obliged to refuse the Purchase Offer made by the Seller if the Conditions Precedent to Additional Purchase are not duly satisfied on the relevant Purchase Date. In the event that the Conditions Precedent to Additional Purchase are satisfied on the relevant Purchase Date, the Management Company shall accept the Purchase Offer made by the Seller and shall inform the Seller by sending a Purchase Acceptance (with copy to the Custodian) at the latest two (2) Business Days prior to such Purchase Date. Once such Purchase Acceptance has been received by the Seller, the Management Company shall be bound by the terms of such Purchase Acceptance.

#### **Postponement of Purchase of Additional Receivables**

If, for any reason whatsoever, the Seller is unable to sell, assign and transfer, any Additional Receivables on any Purchase Date, the Seller may sell such Additional Receivables on any Alternative Purchase Date(s), *provided that* the Conditions Precedent to Additional Purchase are satisfied on such Alternative Purchase

Date(s). In such event, and *provided that* no Revolving Period Termination Event, no Accelerated Redemption Event and no Compartment Liquidation Event shall have occurred, the amounts standing to the balance of the Principal Account, which would otherwise have been allocated by the Management Company to purchase such Additional Receivables on the relevant Purchase Date, will be kept in the Principal Account for the purpose of purchasing Additional Receivables on the applicable Purchase Dates.

### **Suspension of Purchase of Additional Receivables**

Any purchase of Additional Receivables may be suspended on any Purchase Date in the event that none of the Additional Receivables originated by the Seller and purported to be assigned on such date comply with, in all or part, the Eligibility Criteria or in the event that the Conditions Precedent to Additional Purchase are not fully satisfied (*provided that* the Management Company shall make its best efforts to notify the Seller as soon as possible in advance should it become aware that such suspension may occur). In such event, and *provided that* no Revolving Period Termination Event, no Accelerated Redemption Event and no Compartment Liquidation Event shall have occurred, the amounts standing to the credit of the Principal Account, which would otherwise have been allocated by the Management Company to purchase Additional Receivables, will be kept in the Principal Account for the purpose of later purchases.

### **Purchase Price of the Receivables**

The Purchase Price of each Receivable will be equal to the sum of (a) the Principal Component Purchase Price and (b) the Interest Component Purchase Price.

### **Principal Component Purchase Price**

The Principal Component Purchase Price of each Purchased Receivable purchased by the Compartment on each Purchase Date will be equal to the Outstanding Principal Balance of that Purchased Receivable as of the applicable Cut-Off Date.

The Principal Component Purchase Price of the Initial Receivables transferred to the Compartment on the First Purchase Date will be paid to the Seller on that date out of the proceeds of the issue of the Notes and the Units.

The Principal Component Purchase Price of the Initial Receivables shall be approximately equal to EUR 799,999,687.83.

The Principal Component Purchase Price of the Additional Receivables transferred to the Compartment on each Purchase Date during the Revolving Period will be paid to the Seller by debiting the Principal Account in accordance with the Priority of Payments.

### **Interest Component Purchase Price**

The Interest Component Purchase Price of each Receivable purchased by the Compartment on each Purchase Date will be equal to the amount of the accrued and unpaid interest (for the avoidance of doubt “accrued and unpaid interest” means interest arrears (*encours d’arriérés sur intérêts échus*) and interest accrued but not yet payable (*intérêts courus non échus*)) on the applicable Cut-Off Date, as the case may be.

The Interest Component Purchase Price of the Initial Receivables transferred to the Compartment on the First Purchase Date will be paid to the Seller on each of the Payment Dates falling after such First Purchase Date, in accordance with the applicable Priority of Payments.

The Interest Component Purchase Price of the Additional Receivables transferred to the Compartment on any Purchase Date during the Revolving Period will be paid to the Seller on such Payment Date and on each of the Payment Dates falling thereafter, in accordance with the applicable Priority of Payments.

### **Effective Date of Transfer of the Receivables**

#### ***Effective Date of Transfer of the Initial Receivables***

The effective date (*date de jouissance*) of the transfer of the Initial Receivables shall be 1<sup>st</sup> July 2016 (inclusive). The parties to the Master Receivables Sale and Purchase Agreement have agreed that any

payments of principal, interest, arrears, penalties and any other related payments received from the Seller between (and including) 1<sup>st</sup> July 2016 and the First Purchase Date shall be an asset of the Compartment and shall be transferred by the Seller to the Compartment on the first Settlement Date.

Accordingly all such payments received by the Seller with respect to the Receivables as of 1<sup>st</sup> July 2016 shall be collected by the Servicer, acting for and on behalf of the Compartment, pursuant to the Servicing Agreement.

### ***Effective Date of Transfer of the Additional Receivables***

With respect to each Purchase Date, the effective date (*date de jouissance*) of the transfer of Additional Receivables shall be the day after the immediately preceding Cut-Off Date, notwithstanding other agreements between the parties to the Master Receivables Sale and Purchase Agreement. The parties to the Master Receivables Sale and Purchase Agreement have agreed that any payments of principal, interest, arrears, penalties and any other related payments received from CA Consumer Finance between (and including) such day and the applicable Purchase Date shall be an asset of the Compartment and shall be transferred by the Seller to the Compartment.

Accordingly all such payments received by the Seller with respect to the Additional Receivables as such day shall be collected by the Servicer, acting for and on behalf of the Compartment, pursuant to the Servicing Agreement.

### **General Reserve Deposit**

Pursuant to the Master Receivables Sale and Purchase Agreement the Seller has undertaken to guarantee the performance of the Purchased Receivables up to a limit equal to the General Reserve Deposit.

In accordance with Article L. 211-36-2° and Article L. 211-38 of the French Monetary and Financial Code and pursuant to the provisions of the General Reserve Deposit Agreement, as a guarantee for its financial obligations (*obligations financières*) under such performance guarantee, the Seller has agreed to make, on the Compartment Establishment Date, the General Reserve Deposit with the Compartment by way of full transfer of title which will be applied as a guarantee (*remise d'espèces en pleine propriété à titre de garantie*) for the financial obligations (*obligations financières*) of the Seller with respect to the performance of the Purchased Receivables.

This General Reserve Deposit is made by the Seller on the Compartment Establishment Date. The Seller will not be obliged to replenish the General Reserve Deposit or pay any additional amount in cash under that performance guarantee after the Compartment Establishment Date.

### **Option to re-transfer certain Purchased Receivables**

#### ***General***

Pursuant to Article L. 214-169-IV and Article L. 214-183-I of the French Monetary and Financial Code and the terms of the Master Receivables Sale and Purchase Agreement, the Compartment, represented by the Management Company, is entitled:

- (a) to assign any Purchased Receivable which has become due and payable (*créance échue*) or which has been accelerated (*créance déchue de son terme*) (see “*Optional Repurchase of any Purchased Receivable which has become due and payable (créance échue) or which has been accelerated (créance déchue de son terme)*” below); and
- (b) to assign, following the occurrence of a Compartment Liquidation Event, all Purchased Receivables in the context of the liquidation of the Compartment (see “*Dissolution and Liquidation of the Compartment*”).

***Optional Repurchase of any Purchased Receivable which has become due and payable (créance échue) or which has been accelerated (créance déchue de son terme)***

### ***Optional Repurchase***

The Management Company (acting on behalf of the Compartment) may propose to the Seller to repurchase Purchased Receivables which have become due and payable (*créances échues*) or which have been accelerated (*créances déchues de leur terme*).

The Seller shall have the right (but not the obligation) to request the Management Company to transfer back to it Purchased Receivables which have become due and payable (*créances échues*) or which have been accelerated (*créances déchues de leur terme*).

No such repurchase may occur if in the reasonable opinion of the Management Company it may negatively affect any of the ratings of the Listed Notes.

### ***Repurchase Price***

The Seller and the Management Company shall determine and agree on the repurchase price (the “**Repurchase Price**”) of such Purchased Receivables that have become due and payable (*créances échues*) or which have been accelerated (*créances déchues de leur terme*) in accordance with the two following paragraphs.

The Repurchase Price for any Purchased Receivable which has become due and payable (*créance échue*) shall be agreed between the Seller and the Management Company provided such Repurchase Price shall not be less than the Outstanding Principal Balance plus accrued interest of such Purchased Receivable.

The Repurchase Price for any Purchased Receivable which has been accelerated (*créance déchue de son terme*) shall be agreed between the Seller and the Management Company provided such Repurchase Price shall not be less than eighty (80) per cent. of the Outstanding Principal Balance of such Purchased Receivable if it is classified as an Overindebted Borrower Receivable or forty-five (45) per cent. of the Outstanding Principal Balance of such Purchased Receivable if it is not classified as an Overindebted Borrower Receivable.

The Repurchase Price for any Purchased Receivable shall be deemed exclusive of VAT (if any).

### ***Repurchase Date and Payment of the Repurchase Price***

The repurchase date of any Purchased Receivable which has become due and payable (*créance échue*) or which has been accelerated (*créance déchue de son terme*) shall always be a Payment Date.

The Repurchase Price shall be paid by the Seller to the Compartment on the Payment Date on which a repurchase of any Purchased Receivable which has become due and payable (*créance échue*) or which has been accelerated (*créance déchue de son terme*) is made by the Seller.

On such Payment Date the Seller, the Management Company and the Custodian shall sign a transfer document (*acte de cession de créances*) dated as of such Payment Date.

### ***Allocation***

Any amount paid to the Compartment under these provisions will be exclusively allocated to the Compartment and be credited to the General Collection Account and form part of the Available Collections in the Collection Period during which that amount is paid by the Seller. The amounts corresponding to principal paid to the Compartment by the Seller shall be added to the Available Principal Collections.

### ***Termination of the Master Receivables Sale and Purchase Agreement***

The Master Receivables Sale and Purchase Agreement shall terminate no later than the Compartment Liquidation Date.

## **Governing Law and Jurisdiction**

The Master Receivables Sale and Purchase Agreement is governed by and shall be construed in accordance with French law. The parties have agreed to submit any dispute that may arise in connection with the Master Receivables Sale and Purchase Agreement to the exclusive jurisdiction of the courts competent of the *Cour d'Appel de Paris*.

## HISTORICAL PERFORMANCE DATA

The tables of this section were prepared on the basis of the internal records of CA Consumer Finance.

Actual performance may be influenced by a variety of economic, social, geographic and other factors beyond the control of CA Consumer Finance. It may also be influenced by changes in the CA Consumer Finance origination and servicing policies.

There can be no assurance that the future performance of the Purchased Receivables will be similar to the historical performance set out in the tables below.

CA Consumer Finance has extracted data on the historical performance of its entire Personal Loans and Debt Consolidation Loans portfolio. Characteristics and product mix of the securitised portfolio may differ from the entire Personal Loans and Debt Consolidation Loans portfolio.

### **Gross loss**

The cumulative gross loss data displayed below is in static format and show the cumulative gross defaults amount recorded after the specified number of quarters since origination, for each portfolio of loans originated in a particular quarter, expressed as a percentage of the aggregate amount of loans granted during this particular quarter of origination.

The gross loss data below includes both loans accelerated (*déchu du terme*) pursuant to CA Consumer Finance collection policy and loans that have been restructured following an overindebtedness procedure.

The gross loss data below is shown for the entire Personal Loans and Debt Consolidation Loans portfolio of CA Consumer Finance and detailed for each Eligible Product Category.

## Recoveries

The recovery data shows in a quarterly vintage format recoveries on restructuring plans enacted following the overindebtedness procedure and recoveries on loans accelerated (*déchu du terme*) pursuant to CA Consumer Finance collection policy.

For each vintage quarter of restructuring plans, the recovery rate is calculated for each quarter as the cumulative recovery amount (until write-off) received, in respect of the restructuring plans enacted during the vintage quarter considered, until the end of such quarter expressed as a percentage of the aggregate outstanding balance (at the time of enactment) of the restructuring plans enacted during the vintage quarter considered. For this data, any restructuring plan recorded by CA Consumer Finance where the loans consolidated into the restructuring plan included an amortising loan (be it a sales finance loan, a personal loan or a debt consolidated loan) is in scope. For each restructuring plan, other consumer loan products originated by CA Consumer Finance may have been consolidated in the restructuring plan.

For each vintage quarter of loan acceleration cases, the recovery rate is calculated for each quarter as the cumulative recovery amount (until write-off) received, in respect of loans accelerated during the vintage quarter considered, until the end of such quarter expressed as a percentage of the aggregate outstanding balance (at the time of acceleration) of loans accelerated during the vintage quarter considered. For this date, any loan accelerated by CA Consumer Finance where the loan is a personal loan or a debt consolidation loan is in scope.

## SERVICING OF THE PURCHASED RECEIVABLES

*This section sets out the main material terms of (a) the Servicing Agreement pursuant to which the Servicer has been appointed by the Management Company and the Custodian and has agreed to administer and collect the Purchased Receivables purchased by the Compartment and (b) the Commingling Reserve Deposit Agreement.*

### **The Servicing Agreement**

#### ***Introduction***

Under a servicing agreement dated 19 July 2016 (the “**Servicing Agreement**”) and pursuant to Article L. 214-172 of the French Monetary and Financial Code, CA Consumer Finance has been appointed as servicer (the “**Servicer**”) by the Management Company and the Custodian, to administer, service and collect the Purchased Receivables.

#### ***Undertaking and Duties of the Servicer***

##### *General Undertakings of the Servicer*

The Servicer has agreed that the Servicing Procedures it will use to service, recover and collect the Purchased Receivables sold to the Compartment are and will remain in accordance with the applicable laws and regulations. The Servicer has agreed with the Management Company to provide the same level of care and diligence for the servicing, recovery and collection of the Purchased Receivables as the level of diligence it usually provides for its other similar loan receivables and to use procedures at least equivalent to those it usually uses.

The Servicer has undertaken to establish, maintain and implement all necessary accounting, management and administrative systems and procedures, electronic or otherwise, to establish and maintain accurate, complete, reliable and up to date information regarding the Purchased Receivables including, but not limited to, all information contained in the reports that it is required to prepare and the records relating to the Purchased Receivables.

The Servicer has undertaken to provide at the required frequency the relevant loan by loan file for European Central Bank loan-level data reporting purposes in the European Datawarehouse from the Issue Date and for so long the Listed Notes are outstanding.

##### *Duties of the Servicer*

Pursuant to the Servicing Agreement the Servicer has agreed to undertake the following tasks that the Management Company may reasonably give in relation to the Purchased Receivables:

- (a) to provide administration services in relation to the collection of the Purchased Receivables;
- (b) to provide services in relation to the transfer to the Compartment of all amounts of the Purchased Receivables collected and of all amounts payable by it and/or the Seller (in any capacity whatsoever) under the Servicing Agreement to the Compartment;
- (c) to provide certain data administration and cash management services in relation to the Purchased Receivables; and
- (d) to report to the Management Company and the Custodian, as the case may be, on the performance of the Purchased Receivables.

When exercising the Ancillary Rights and liquidating the Purchased Receivables, it may be necessary to apply time limits laid down in the laws or regulations applicable to such procedures. This may cause certain delays in the payment to the Compartment, for which the Servicer cannot be liable.

#### *Custody of the Contractual Documents*

Pursuant to Article R. 214-229 of the French Monetary and Financial Code and the terms of the Servicing Agreement, CA Consumer Finance, in its capacity as Servicer of the Purchased Receivables, shall ensure the safekeeping of the Contractual Documents relating to the Purchased Receivables and their Ancillary Rights.

Under the Servicing Agreement, the Servicer has agreed to provide the Management Company in a reasonable timeframe with all information that may reasonably be requested by it in relation to the Receivables or that the Management Company may reasonably deem necessary in order to fulfil its obligations, but only if such information is to (a) enable the Management Company to verify that the Servicer duly perform its obligations pursuant to the Servicing Agreement, (b) allow to ensure the rights of the Securityholders over the Assets of the Compartment or (c) enable the Management Company to perform its legal duties pursuant to the relevant provisions of the French Monetary and Financial Code and the AMF General Regulations.

On each Settlement Date the Servicer shall debit the Servicer Account(s) and shall credit the General Collection Account with the Available Collections in respect of the corresponding Collection Period. The Management Company shall ensure that such Available Collections are duly credited into the General Collection Account on such date.

#### *Overpayment*

If at any time during any given Collection Period, the Servicer identifies that the amount that the Servicer has transferred to the General Collection Account as Available Collections during such Collection Period in respect of the Purchased Receivables exceeds the amount in respect of the Purchased Receivables actually received by it, the Compartment shall reimburse such overpayment to the Servicer on the following Settlement Date. The Servicer shall be entitled to set off the amount of such overpayment against any Collections payable by the Servicer in respect of Purchased Receivables in accordance with the Servicing Agreement.

If, in relation to any Purchased Receivable, the Borrower is referred to the consumer over-indebtedness commission or a claim is made to a court pursuant to Book VII of the French Consumer Code (*Livre VII – Traitement des situations de surendettement*), Article 1244-1 of the French Civil Code, or under any other similar procedure as defined by any applicable regulations, the Servicer may agree or be compelled by a court (*juge de l'exécution*) to waive some of its rights under any Loan Agreement or to amend its terms in accordance with the terms of the Servicing Agreement.

#### ***Amicable or Commercial Arrangements, Waivers and Modification of the Terms of a Loan Agreement***

##### *General Provision*

The Servicer may, for commercial reasons or in order to reach some out-of-court settlement with a delinquent Borrower, amend the terms of any Loan Agreement under which a Performing Receivable arises, or waive any of its rights thereunder.

##### *Seller's Undertakings*

In this regard, the Seller has undertaken to the Management Company, acting for and on behalf of the Compartment, to procure, that, unless it is required by a court or regulatory authority, the Servicer shall not proceed to such amendment, variation, termination or waiver with respect to any Performing Receivable if:

- (a) such amendment, variation, termination or waiver would not comply with the Servicing Procedures;
- (b) such amendment, variation, termination or waiver would render the relevant Receivable non-compliant with the Eligibility Criteria that would have applied if such Receivable was to be transferred by the Seller to the Compartment at the time of such amendment, variation, termination or waiver; or
- (c) such amendment, variation, termination or waiver would result in:
  - (i) the forgiveness of whole or part of such Purchased Receivable, or
  - (ii) the last Instalment Due Date of such Purchased Receivable to fall after December 2029;
- (d) such amendment is a one month deferment made for commercial reasons during a given Collection Period as a result of which the six (6) month rolling average of the ratio, as calculated on the following Calculation Date, of (i) the number of Performing Receivables in respect of which a one

month deferment was made for commercial reasons during the relevant Collection Period and (ii) the number of Performing Receivables outstanding at the start of such Collection Period, exceeds 1.50 per cent.; or

- (e) such amendment is made for commercial reasons and is either (x) an extension of the term together with a reduction of the applicable Instalment during a given Collection Period, or (y) a reduction of the applicable interest rate during a given Collection Period, as a result of which the six (6) month rolling average of the ratio, as calculated on the following Calculation Date, of (i) the number of Performing Receivables in respect of which (x) an extension of the term together with a reduction of the applicable Instalment, or (y) a reduction of the applicable interest rate, has been agreed for commercial reasons during the relevant Collection Period and (ii) the number of Performing Receivables outstanding at the start of such Collection Period, exceeds 0.75 per cent.

#### *Breach of Undertakings and Remedies*

In the event that the Servicer has agreed to some commercial or amicable waiver, arrangement, or renegotiates the terms of any Purchased Receivables in breach of the undertakings given by it in the Master Receivables Sale and Purchase Agreement, the Seller shall:

- (a) if the breach results from any of the events referred to in sub-paragraphs (a), (b) or (c) of section “*Seller’s Undertakings*” above, with the prior consent of the Management Company, but subject to prior consultation with the Servicer:
- (i) declare the rescission (*résolution*) of the transfer of that Purchased Receivable, which shall take effect on the Cut-Off Date following the date on which the non-compliance of those Purchased Receivables was notified by a party to the other. In this respect, on any Calculation Date, the Management Company shall record in an electronic file any Purchased Receivables whose transfer will be rescinded. Such electronic file shall contain the date on which the rescission will become effective. The indemnification payable by the Seller to the Compartment on the following Settlement Date as a consequence of such rescission will be equal to the then Outstanding Principal Balance of the relevant Purchased Receivable plus any accrued and unpaid outstanding interest and any other outstanding amounts of principal, interest, expenses and other ancillary amounts relating to that Purchased Receivable as of such Cut-Off Date (the “**Non-Compliance Rescission Amount**”); or
- (ii) proceed with the substitution of such non-compliant Purchased Receivable with one or several Receivable(s) which satisfy the Eligibility Criteria (the “**Substitute Receivable(s)**”). If the Management Company decides to proceed with such substitution:
- (A) such substitution shall take effect on the relevant Settlement Date on which the transfer of the relevant Non-Compliant Receivables is rescinded (*résolu*) in accordance with paragraph (i) above;
- (B) the Substitute Receivable(s) shall be transferred by the Seller to the Compartment on the Settlement Date in accordance with the provisions of the Master Receivables Sale and Purchase Agreement; and
- (C) the Non-Compliance Rescission Amount payable by the Seller on the following Settlement Date in relation to the Non-Compliant Receivable will be set-off against the Principal Component Purchase Price of the Substitute Receivable(s), up to the lower of the two amounts, *provided that*, for the avoidance of doubt, any part of the Non-Compliance Rescission Amount remaining unpaid after such set-off shall be paid by the Seller to the Compartment on such Settlement Date,
- provided that:*
- (x) the Substitute Receivable(s) is/are of the same Eligible Product Category as the Non-Compliant Receivable to be substituted; and

- (y) such substitution shall not result in a reduction of the average interest rate of the Purchased Receivables (taking into account the Substitute Receivable(s)) weighted by the respective Outstanding Principal Balance of the Purchased Receivables (taking into account the Substitute Receivable(s)); and
  - (z) such substitution shall not result in an increase of the weighted average remaining term to maturity of the Purchased Receivables (taking into account the Substitute Receivable(s)) weighted by the respective Outstanding Principal Balance of the Purchased Receivables (taking into account the Substitute Receivable(s)) of one calendar month or more.
- (b) if the breach results from any of the events referred to in sub-paragraphs (d) or (e) of section “*Seller’s Undertakings*” above, the Seller shall proceed with the substitution described in paragraph (ii) above.

Any amount paid to the Compartment under these provisions will be exclusively allocated to the Compartment and be credited to the General Collection Account and form part of the Available Collections in the Collection Period during which that amount is paid by the Seller. The amounts corresponding to principal paid to the Compartment by the Seller shall be added to the Available Principal Collections.

#### *Sole remedies in case of Commercial Renegotiations*

The Servicer and the Management Company, acting for and on behalf of the Fund with respect to the Compartment, have agreed and acknowledged that the remedies set out in the Servicing Agreement are the sole remedies which are and will be available to the Management Company, acting for and on behalf of the Compartment, if a waiver or a renegotiation of the terms of any Purchased Receivables which would result in the breach by the Seller, in its capacity as Servicer, of the undertaking set out in the Master Receivables Sale and Purchase Agreement. Under no circumstances may the Management Company request an additional indemnity from the Servicer in relation any such a breach.

#### ***Delegation***

The Servicer may delegate some (but not all) of its obligations under the Servicing Agreement to any authorised person(s). However, the Servicer will remain responsible for the collection of the Purchased Receivables transferred to the Compartment, the enforcement of the Ancillary Rights (if any) and any delegate’s action towards the Management Company.

#### ***Substitution of the Servicer***

Upon the occurrence of a Servicer Termination Event that is not cured, the Management Company shall terminate the appointment of the Servicer and shall appoint any authorised substitute servicer(s) which shall be a credit institution (*établissement de crédit*) within thirty (30) calendar days.

In accordance with Article L. 214-172 of the French Monetary and Financial Code, each Borrower shall be notified of such substitution by the Management Company or by any third party designated by it (including any substitute servicer provider as may be appointed from time to time by the Management Company in connection with such notification).

If the Servicer becomes subject to any procedure governed by Book VI of the French Commercial Code, the Management Company shall immediately notify the Borrowers whether or not a substitute servicer has been appointed by it.

The Management Company will only be entitled to substitute the Servicer if a Servicer Termination Event shall have occurred and is continuing in relation to the Servicer. The Management Company is also entitled to appoint any authorised substitute servicer in accordance with Article L. 214-172 of the French Monetary and Financial Code, even if no Servicer Termination Event has occurred if, in the reasonable opinion of the Management Company, the performance of its obligations under the Servicing Agreement by the Servicer may result in a reduction of the level of security enjoyed by the Securityholders.

If the Servicing Agreement is terminated, the Servicer shall provide the new servicer(s) with all existing information and registrations in order to effectively transfer all of the servicing functions relating to the Purchased Receivables and to ensure, namely, the continued execution of the Priority of Payments and in particular, the payment of principal and interest due to the Securityholders.

### ***Personal Data relating to the Purchased Receivables***

Pursuant to the Servicing Agreement, CA Consumer Finance shall provide on each Information Date to the Management Company a computer file in encrypted form including the relevant personal data of the Borrowers as of the preceding Cut-Off Date.

The sole purpose of such file is to enable the Management Company to notify the Borrowers if (a) the Servicer has to be replaced in accordance with the terms of the Servicing Agreement or (b) the Servicer has become subject to any procedure governed by Book VI of the French Commercial Code.

Pursuant to the terms of the Servicing Agreement, the Custodian shall hold the encryption key required to decrypt the information relating to personal data of the Borrowers.

If the Short-Term Issuer Default Rating (IDR) of CA Consumer Finance (acting as holder of the encryption key) by Fitch is below F1 or the Long-Term IDR of CA Consumer Finance (acting as holder of the encryption key) by Fitch is below A or the short-term unsecured, unsubordinated and unguaranteed debt obligations of CA Consumer Finance (acting as holder of the encryption key) are rated below A-1 by S&P or the long-term unsecured, unsubordinated and unguaranteed debt obligations of CA Consumer Finance (acting as holder of the encryption key) are rated below A by S&P, the Management Company shall appoint within thirty (30) days any authorised entity to hold the encryption key on its behalf *provided that* such authorised entity shall not belong to the Crédit Agricole Group and whose (i) Short-Term Issuer Default Rating (IDR) by Fitch is at least F1 or Long-Term IDR is at least A and (ii) short-term unsecured, unsubordinated and unguaranteed debt obligations are rated at least A-1 by S&P and long-term unsecured, unsubordinated and unguaranteed debt obligations are rated at least A by S&P.

- Personal Loans, divided itself into three loan products
  - Standard personal loans (*prêts standards*);
  - Home improvement personal loans (*prêts travaux*);
  - *Grand projet* personal loans (*prêts grand projet*);
- Debt Consolidation Loans (*rachats de crédits*)

### **Origination and underwriting process**

The description below relates to the origination and underwriting process applied by the ex-Sofinco entity. The ex-Finaref consumer loan book is mainly focused on revolving loans and is excluded from the scope of the transaction.

#### *Loan application assessment*

The procedure for the assessment of a loan application is as follows:

1. Collect, as the case may be, documentary evidence of the debtor's identity, address, marital status, situation, income, expenses, and savings;
2. Check the consistency of the supporting documents to prevent any fraud;
3. Record the client's information into the system;
4. For an existing or previous customer, update, if appropriate, the information in the system and check the internal databases for defaults and late payments history;
5. Conduct search in Banque de France's credit data bases (*FICP: Fichier National des Incidents de Remboursement des Crédits aux Particuliers* and *FCC: Fichier Central des Chèques*);
6. Record the terms and conditions of the loan (amount, interest rate, term, commissions);
7. File all the documents supporting the information and the findings of external or internal database search (electronically and/or physically).

The partner's account manager or CA Consumer Finance as the case may be will check the consistency of all the documents provided by the applicant as evidence, as the case may be, of their situation, income and

personal information. Once the checking procedure is complete, CA Consumer Finance will input the information into the system. Data inputted into the system is systematically double-checked.

### *Scoring*

Data processed by the credit tool feeds automatically into a decision aid system which provides a scoring recommendation. CA Consumer Finance assigns a credit score to all its loan applications.

The score is based on:

- the applicant's details (age, income, other loans and leases, profession, employment history, bank history, etc.);
- the type of loan;
- the terms and conditions of the loan; and
- whether the applicant is referred to in any external or internal database with regard to his credit history.

The credit scoring system is the main factor underpinning the underwriting process conducted by the assistant system for decision:

- (a) A code "0" results in a favourable recommendation of the application;
- (b) A code "1" results in an unfavourable recommendation of the application. The loan can be exceptionally accepted only by the regional operations manager or the risk department depending on the acceptance level resulting from the assigned score;
- (c) A code "2" means that the application identified characteristics which imply a "manual" analysis of the application based on complementary information; and
- (d) A code "3" means that the application identified a particular situation calling for a specific procedure.

The delegation needed to approve a request for loan is split into five levels (the fifth level being CA Consumer Finance branch manager's delegation) under the responsibility of the relevant CA Consumer Finance regional director.

All loans exceeding authorised limits will be approved by a credit risk committee at CA Consumer Finance head office.

A scoring recommendation can only be overridden by either (a) a regional manager below a certain limit (EUR 150,000) or (b) the credit risk committee.

However, a credit application will be systematically rejected in the following cases:

- the client has been registered as "delinquent" in Banque de France's credit delinquencies database; and
- the client is in arrears in respect of any loan granted by CA Consumer Finance;

Once approval has been granted, CA Consumer Finance disburses the loan within two business days.

- CA Consumer Finance received in France in 2015 an average of 5,000 requests for loans per day (including leasing).
- The acceptance rate was, at the end of December 2015, around 51% for personal loans and 66% for debt consolidation loans.

## SERVICING AND COLLECTION PROCEDURES

*The description below relates to the servicing and collections process applied by CA Consumer Finance since the merger of Sofinco with Finaref.*

Servicing is handled by the customer service team dedicated to commercial requests for current loans and by the collections department for delinquent loans.

### Customer Service

From January 1<sup>st</sup> 2016 to June 23<sup>rd</sup> 2016, the means of payment for current loans were split between direct debit (97.8%), bank checks (2.0%) and postal checks (0.2%).

Prepayments in full or part are allowed at any time during the life of the loan.

Customer Service also handles all activity relating to commercial renegotiations, such as monthly deferrals, changes of maturity (longer or shorter maturity) or changes to the insurance policies tied to the loan (suppression or addition).

Subject to certain conditions, customer service is allowed to agree to a request of the customer to:

- defer by one month the payment of one monthly instalment (and only one) twice in any rolling twelve month period;
- reduce the applicable monthly instalment and extend the loan term accordingly; and
- reduce the applicable interest rate subject to a minimum set from time to time by the customer service division management and depending from market conditions (set at 5.9% as of 23 June 2016) ; no such reduction is possible for loans with lower interest rates than the floor interest rate.

According to CA Consumer Finance servicing policy, these loan modifications are subject to a number of conditions, *inter alia*:

- the loan is not in arrears;
- the loan is at least three months seasoned;
- no claims has been in respect of any related payment protection insurance policy;
- the borrower has not filed with an over-indebtedness commission;
- any maturity extension shall not be greater than the loan remaining term (before the extension) subject to the condition that the new remaining term (after the extension) shall be no more than 84 months for Debt Consolidation Loans and 96 months for Personal Loans;
- the loan maturity will not be extended beyond the 81<sup>st</sup> birthday of the customer.

A month deferral is free of charge, but interest continues to accrue during the month of deferral.

### Collections

As of 31 December 2015, the CA CF collection department had 432 employees located in seven sites across France.

The CA CF collection department (*Direction du Traitement du Risque*) is organised into five units:

- the amicable recovery team (153 employees);
- the pre-litigation team (109 employees);
- the litigation team (116 employees); and
- the overindebtedness team (44 employees);

- the Support Customer Agency (10 employees).

## 1. Amicable recovery

The amicable collection process (*recouvrement amiable*) relates to loans with one to four installments overdue. The system detects late payments as soon as a direct debit has been rejected, i.e. up to two days after its due date.

The client then has seven days to remedy the situation before a second direct debit is automatically submitted. If the second direct debit fails, the amicable collection procedure starts automatically. For some cases, different strategies are applied and the amicable collection process starts at the first direct debit rejected.

During this phase, the debtor may be granted flexible terms depending on his payment capacity. In that regard, the possibilities are:

- spreading the payment of the arrears over a maximum period of four (4) months;
- deferring the payment of one or two consecutive monthly instalment(s) (allowed twice in any twelve months rolling period) subject to the arrears being cleared off; and
- allowing a maturity extension in order to reduce the applicable monthly instalment.

In order to have access to these options the loan must be at least six (6) months seasoned and not subject to over indebtedness procedure.

As soon as a loan is in arrears, it is passed to one of the following telephone teams, either:

- the team managing loans with one or two unpaid installments;
- the team managing loans with three or four unpaid installments and related files;
- the team dedicated to loans with a balance in excess of EUR 15,000, and new files;
- the team dedicated to loans for which the debtor has filed an application for over-indebtedness with *Banque de France*; (plans with installment in arrears); and
- the team specialized in the search of debtors who have not left a forwarding address and phone.

The collection officer will call the debtor to inquire about the causes for non-payment. In most cases, a promise to pay at an agreed date is made by the debtor. A letter is automatically sent to the debtor confirming the terms of the arrangement.

## 2. Pre-litigation phase

The pre-litigation team handles loans with five to nine instalments in arrears.

The collection officer may decide at this stage to appoint a bailiff or a collection agent from a network of nineteen bailiffs and eighteen external collection agents, working in close cooperation with CA Consumer Finance and covering the whole of France. These collection agents will make contact and organize meetings to inquire about the situation of the debtors in order to find a solution to remedy the situation. They will also inform the debtors about the judicial procedure that might be carried out should the amicable phase fail.

At this stage, however, the collection officer is not authorised to write off any of the outstanding principal balance or interest balance due under the loan.

### 3. **Judicial Recovery**

In most cases, when a loan has seven to eight instalments in arrears, it is generally transferred to the litigation department (*recouvrement ontentieux*) and legal proceedings would commence. The loan is then accelerated (*déchéance du terme*) and all amounts become immediately due and payable.

The purpose of the judicial recovery phase is to enforce the debt through legal proceedings. Enforcement is carried out by bailiffs working in close cooperation with CA Consumer Finance who uses a network of around six hundred bailiffs and twelve solicitors.

Following acceleration of the loan, the collection process is entrusted to a bailiff, who has discretion as to which course of action to pursue within the general framework specified by CA Consumer Finance.

The objectives of this phase are first to secure the amount owed and second to recover such amount.

The first step consists in obtaining a writ of execution (*titre exécutoire*) for loans outstanding balance over EUR 610. The bailiff will act swiftly, as under the consumer credit legislation currently in force; he has only up to two years from the last unpaid instalment to seek judicial enforcement.

Once the writ of execution has been obtained, the bailiff would notify the debtor that he has obtained a court order stating that the debtor must pay his debt.

The writ of execution gives the bailiff the right to seize and sell the debtors goods and chattels. The amounts due can then be collected through attachment of property (essentially vehicles or income of the borrower).

In parallel to the bailiff action, and until a court of order is obtained, the collection officer would continue to attempt to agree to an amicable settlement plan.

In a number of cases, the debt is recovered without necessarily resorting to enforcement. The mere threat of legal proceedings or the prospect of income being seized may induce the borrower to agree to an amicable settlement.

If the parties fail to come to an amicable settlement and all available legal remedies are exhausted, the bailiff may determine that the debtor is unlikely to repay the outstanding debt. In such event, CA Consumer Finance may deem the outstanding debt to be irrecoverable and write it off.

### 4. **Over-indebtedness**

Debtors that have made a filing with the over-indebtedness commission are managed by a dedicated team of forty three staff based in Bordeaux and Roubaix.

French law allows individuals in a situation of over-indebtedness to benefit from protective arrangements. The situation of over-indebtedness is characterised by the objective impossibility for the borrower acting in good faith to pay his non-professional debts which are due.

Any borrower may approach the over-indebtedness commission (*Commission de Surendettement*) at any time whether in arrears or not.

To trigger the over-indebtedness treatment at CA Consumer Finance, Banque de France must have initially accepted the case. The file is then flagged in the database of CA Consumer Finance.

As soon as a file is submitted to the over-indebtedness commission and accepted by it for review, CA Consumer Finance freezes the debt and the arrears count. According to French law, in such cases, monthly direct debits of the instalments and interest on the loan shall be suspended until the formal approval of a debt rescheduling plan.

Once the overall debt is known and the debtor's monthly repayment capacity has been calculated, negotiations between the creditors and the over-indebtedness commission begin.

The commission's role is to reconcile the parties with a view to drawing up a contractual recovery plan approved by the debtor and his creditors.

The first step of the procedure is the conciliatory phase during which the debtor and creditors may come to an agreement to reschedule the debt. The plan may include measures to defer or reschedule debt payments, to cancel debts (partially or totally), to reduce or eliminate interest rates. The plan term, including any moratorium, shall not exceed eight years (to be reduced to seven years from 1 July 2016 onwards, pursuant to the Hamon Law dated 13 March 2014) or half of the residual term of the indebtedness.

In all cases, the plan must enable the debtor to retain a portion of his income to cover accommodation, food and school related expenses.

Should this conciliation fail, the commission may, at the debtor's request and after giving the parties an opportunity to make their observations, recommend some or all of the following measures:

- (a) rescheduling the repayment of all the debts, including, where appropriate, deferred payment of some of them, with such deferral or rescheduling not exceeding eight years– seven years from 1 July 2016 or half of the residual term of the indebtedness;
- (b) allowing a moratorium for a number of months with a limit of 24 months; and/or
- (c) allowing reduction of the interest rate and if necessary the principal balance.

If the commission establishes, but does not consider irremediable, the debtor's insolvency characterised by a lack of resources, it may recommend suspension of the payment of debts other than alimony for a period not exceeding two years.

When this moratorium period has elapsed, the commission will re-examine the debtor's situation. If the debtor remains insolvent, it will recommend a partial write-off of the debts based on a special and reasoned proposal.

If the examination of the application reveals that the debtor is irremediably compromised, the commission, having summoned the debtor and obtained his agreement thereto, will refer the case to the court in order that a personal bankruptcy procedure (*procédure de rétablissement personnel*) be instituted.

The judge then renders a judgement declaring the procedure open. A party may challenge the measures recommended by the commission before the judge ("*juge de l'exécution*") within fifteen days of being notified thereof.

In such situation, an administrator appointed by the judge shall draw up a balance sheet of the debtor's financial position and social situation within four months, verify the debts and value the assets and liabilities items. The judge will rule on any challenge to the debts and pronounce the judicial liquidation of the debtor's personal assets (which do not include the items of furniture required for daily living or the non-professional items essential to his business activity).

The liquidator has a period of twelve months in which to sell the debtor's property by private agreement or, failing that, to organise a forced sale under the terms and conditions applicable to civil execution procedures.

The liquidator will distribute the proceeds from the sale of the assets to pay off the creditors in accordance with the ranking of their sureties.

When the assets realised are sufficient to pay off the creditors, the judge declares the procedure closed. Where the assets are insufficient or where the debtor possesses nothing other than the furniture items required for daily living and the non-professional items essential to his business activity, the judge will declare the proceedings closed on account of insufficient assets.

Persons who have benefited from a personal bankruptcy procedure are registered to that effect in Banque de France's overindebtedness register for a period of five years. Other restructurings are

registered for the term of the restructuring (with a minimum of five years and a maximum of eight years - seven years from 1 July 2016 - linked to the maximum duration of the restructuring plan).

The judge may refer the case back to the commission at any time if he considers that the debtor's situation is not irremediably compromised.

#### **5. Support Customer Agency (*Agence Accompagnement Client*)**

This agency was set up in June 2013 and is fully operating since the end of 2015.

This agency is used when there are signals of borrower fragility identified by the underwriting department as any change of personal situation, decrease of the income, close to the pension, refusal of credit...

1. Contact with customers: Outbound calls (extension to inbound calls under consideration).
2. After a personalised balance sheet assessment, introduction of the solution or orientation of the customer towards the relevant department or external party for implementation of the solution.

Following the occurrence of a Revolving Period Termination Event, the Revolving Period shall end and the Management Company shall declare the beginning of the Normal Redemption Period which shall commence on the first Payment Date falling immediately after the date on which such Revolving Period Termination Event occurs. The Management Company shall give notice to the Class D Noteholders in accordance with Condition 9 (*Notices to the Class D Noteholders*).

- (b) **Accelerated Redemption Events:** The Management Company (acting on its own behalf or upon written notice (with copy to the Custodian and the Paying Agent) from the Class D Noteholders Representative (as defined in Condition 8(b))) of the *Masse* (as defined in Condition 8(a)) (upon written request of any Class D Noteholder)), shall cause all Class D Notes (but not some only) to become immediately due and repayable, whereupon they shall without further formality become immediately due and payable at their principal amount outstanding, together with interest accrued to the date of repayment, if there is a default in the payment of interest in respect of the Most Senior Class of Notes for a period of three (3) Business Days following the relevant Payment Date during the Revolving Period or the

Upon the occurrence of an Accelerated Redemption Event, the Revolving Period or the Normal Redemption Period (as the case may be) shall end immediately and the Accelerated Redemption Period shall start on the Payment Date following the date on which such Accelerated Redemption Event has occurred. Accordingly, payments of principal shall be made thereon as set out in Condition 9 (*Notices to the Class D Noteholders*).

## 8. Representation of the Class D Noteholders

- (a) **The Masse:** Pursuant to Article L.228-46 of the French Commercial Code, the Class D Noteholders will be grouped automatically for the defence of their respective common interests in a masse (or a body) for the Class D Noteholders (the “*Masse*”).

The *Masse* is, in accordance with Article L. 228-90 of the French Commercial Code, governed solely by the legal provisions that are expressed as applicable to the Class D Notes as stated above and subject to the foregoing paragraphs.

The *Masse* will be governed by the provisions of the French Commercial Code (with the exception, the Compartment having no legal personality pursuant to Article L. 214-180 of the French Monetary and Financial Code, of the provisions of Article R. 225-67 of the French Commercial Code); any other mandatory provisions from time to time governing obligations issued by *fonds communs de titrisation* and resolutions passed at any general meeting (*assemblée générale*) of the Class D Noteholders (each a “**General Meeting**”) and any other decision to be published pursuant to French legal and regulatory provisions will be published as provided under Condition 9 (*Notices to the Class D Noteholders*).

Notices for calling for a General Meeting and resolutions passed at any General Meeting and any other decision to be published pursuant to French laws and regulations will be published as provided under Condition 9 (*Notices to the Class D Noteholders*).

- (b) **Legal personality:** In accordance with the provisions of Article L.228-46 of the French Commercial Code, the *Masse* will be a separate legal entity (*personnalité civile*) and will be represented by one representative (the “**Class D Noteholder Representative**”). The *Masse*, represented by the Class D Noteholder Representative, will be empowered to exercise all rights, take all actions and claim all benefits, which in each case are common to the holders of the Class D Notes of the *Masse*, to the exclusion of each Class D Noteholder.

The *Masse* alone, to the exclusion of all individual Class D Noteholders, shall exercise the common rights, actions and benefits which now or in the future may accrue with respect to the Notes.

- (c) **Class D Noteholders Representative:** The office of the Class D Noteholders Representative may be conferred on a person of any nationality *provided that* such person resides in France. However, the following persons may not be chosen as Class D Noteholders Representative:
- (i) the Management Company, the Custodian, the members of their Board of Directors (*conseil d’administration*), their general managers (*directeurs généraux*), their statutory auditors or their employees and their ascendants, descendants and spouses;
  - (ii) the Seller;
  - (iii) companies possessing at least ten (10) per cent. of the share capital of the Management Company and/or the Custodian or of which the Management Company and/or the Custodian possess at least ten (10) per cent. of the share capital;

- (v) persons to whom the practice of banker is forbidden or who have been deprived of the right of directing, administering or managing a business in whatever capacity.

The Class D Noteholders Alternative Representative replaces the Class D Noteholders Representative when the Class D Noteholders Representative is no longer able to fulfil his duties upon his receipt of notice by registered mail from the Class D Noteholders Representative, the Management Company, the Custodian or any other interested party of the inability of the Class D Noteholders Representative to fulfil his duties. In the event of such replacement, the Class D Noteholders Alternative Representative shall have the same powers as the replaced Class D Noteholders Representative.

In the event the Class D Noteholders Alternative Representative is unable to perform his duties, a replacement Class D Noteholders Representative will be elected by a meeting of the General Meeting of the holders of the Class D Notes.

All interested parties will at all times have the right to obtain the name and the address of the Class D Noteholders Representatives at the head office of the Management Company and the Custodian.

If all Class D Notes are held by a single Class D Noteholder, the rights, powers and authority of the Masse will be vested in such Class D Noteholder and no representative of the *Masse* will need to be appointed.

- (d) **Powers of each Class D Noteholders Representative:** Pursuant to the provisions of Article L.228-53 of the French Commercial Code, the Class D Noteholder Representative shall, in the absence of any decision to the contrary of a General Meeting of the relevant Class D Noteholders, have the power to take any acts of management (*actes de gestion*) to protect the common interests of the Class D Noteholders. For the avoidance of doubt, acts of management (*actes de gestion*) shall not include the management of the Fund with respect to the Compartment.

Pursuant to the provisions of Article L.228-54 of the French Commercial Code, legal proceedings initiated by or against the Class D Noteholders may only be brought by or against the relevant Class D Noteholder Representative; any such legal proceedings that are not brought by or against the Class D Noteholder Representative in accordance with this Condition 8 shall not be legally valid.

The Class D Noteholders Representatives shall not be entitled to interfere in the management of the affairs of the Fund with respect to the Compartment.

None of the Class D Noteholders Representative shall be entitled to take any steps or proceedings that would result in the Priority of Payments in the Compartment Regulations not being observed.

- (e) **General Meetings of the Class D Noteholders:** General Meetings of the Class D Noteholders may be held in any location and at any time, on convocation by the Class D Noteholders Representative. In addition, pursuant to the provisions of Article L.228-58 of the French Commercial Code, one or more Class D Noteholders holding at least one-thirtieth of the outstanding Class D Notes may require, by written demand, the Management Company and the Class D Noteholder Representative to convene a General Meeting of the *Masse*. If no General Meeting has been convened within two (2) months from delivery of such demand, the Class D Noteholders may designate one of their number to petition a court to appoint an agent (*mandataire*) who will convene a General Meeting.

Notice of the date, hour, place, agenda and quorum requirements of any meeting of a General Meeting will be published as provided under Condition 9(a) not less than 15 days prior to the

date of the General Meeting for a first convocation and not less than six days in the case of a second convocation prior to the date of the reconvened General Meeting.

Each Class D Noteholder has the right to participate in meetings of the relevant Masse in person, by proxy, correspondence, or if the Compartment Regulations so specify, videoconference or any other means of telecommunication allowing the identification of the participating Class D Noteholders. Each Class D Note carries the right to one vote.

- (f) **Powers of the General Meetings:** A General Meeting is empowered to deliberate on the dismissal and replacement of the Class D Noteholders Representative, and also may act with respect to any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Class D Notes, including authorising the Class D Noteholders Representative to act as plaintiff or defendant.

A General Meeting may further deliberate on any proposal relating to the modification of the Conditions (*provided that* the Class D Noteholders Representative may, without the consent of the Class D Noteholders, agree to any modification of the Conditions if it is to correct a manifest error or is of a formal, minor or technical nature), including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, it being specified, however, that a General Meeting may not increase the obligations of (including any amounts payable by) the Class D Noteholders nor establish any unequal treatment between the Class D Noteholders. Any amendment to the Priority of Payments (including any amendment to each component of such Priority of Payments) shall require the prior consent of the Interest Rate Swap Counterparty.

General Meeting may deliberate validly on first convocation only if the Class D Noteholders present or represented hold at least one fifth of the principal amount of the Class D Notes then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a two-thirds majority of votes cast by the Class D Noteholders attending such meeting or represented thereat.

- (g) **Notice of Decisions:** Decisions of the General Meetings must be published in accordance with the provisions set out in Condition 9(a) not more than ninety (90) days from the date thereof.
- (h) **Information of the Class D Noteholders:** Each Class D Noteholder or representative thereof will have the right, during the 15 day period preceding the holding of each meeting of a General Meeting, to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be presented at the meeting.
- (i) **Expenses:** The Compartment will pay reasonable and duly documented expenses incurred in accordance with item (A) of the Interest Priority of Payments with respect to the operation of the *Masse*, including expenses relating to the calling and holding of meetings and the expenses which arise by virtue of the remuneration of the Class D Noteholders Representatives, and more generally all reasonable and duly documented administrative expenses resolved upon by a General Meeting of the Class D Noteholders, it being expressly stipulated that no such expenses may be imputed against interest payable on the Class D Notes. Accordingly, the second sentence of the first paragraph of Article L. 228-71 of the French Commercial Code shall not apply to the Class D Notes. Such expenses will be paid in accordance with the relevant Priority of Payments.

## 9. Notices to the Class D Noteholders

- (a) **Valid Notices and Date of Publications:** Notices may be given to Class D Noteholders in any manner deemed acceptable by the Management Company.

The Compartment will pay reasonable and duly documented expenses incurred with such notices.

- (b) **Other Methods:** The Management Company may approve some other method of giving notice to the Class D Noteholders if, in its opinion, that other method is reasonable having regard to market practice then prevailing *provided that* notice of that other method is given to the Class D Noteholders in the manner required by the Class D Noteholders Representative.
- (c) **Liquidation of the Compartment:** Following the occurrence of a Compartment Liquidation Event, the Management Company shall notify the Class D Noteholders within ten (10) Business Days. Such notice will be deemed to have been duly given if published in the leading daily newspapers of France mentioned above. The Management Company may also notify such decision on its website or through any appropriate medium.

## 10. Non Petition and Limited Recourse

- (b) **Limited Recourse:**
  - (i) In accordance with Article L. 214-175-III of the French Monetary and Financial Code, the Compartment is liable for its debts (*n'est tenu de ses dettes*) to the extent of its assets (*qu'à concurrence de son actif*) and in accordance with the rank of its creditors (including the Class D Noteholders) as provided by law (*selon le rang de ses créanciers défini par la loi*) or, pursuant to Article L. 214-169-IV of the French Monetary and Financial Code, in accordance with the Priority of Payments set out in the Compartment Regulations.
  - (ii) In accordance with Article L. 214-169-II of the French Monetary and Financial Code, the Compartment's assets may only be subject to civil proceedings (*mesures civiles d'exécution*) to the extent of the applicable Priority of Payments as set out in the Compartment Regulations.
  - (iii) In accordance with Article L. 214-169-II of the French Monetary and Financial Code, the parties to the Transaction Documents have agreed and acknowledged that they will be bound by the applicable Priority of Payments as set out in the Compartment Regulations even if the Compartment is liquidated in accordance with the relevant provisions of the Compartment Regulations.
  - (iv) Pursuant to Article L. 214-183-I of the French Monetary and Financial Code, only the Management Company may enforce the rights of the Fund with respect to the Compartment against third parties. Accordingly, the Class D Noteholders shall have no recourse whatsoever against the Borrowers as debtors of the Purchased Receivables.
  - (v) None of the Class D Noteholders shall be entitled to take any steps or proceedings that would result in the Priority of Payments in the Compartment Regulations not being observed.

## 11. Prescription

After the Final Legal Maturity Date, any part of the nominal value of the Class D Notes or of the interest due on thereon which may remain unpaid shall be automatically cancelled, so that the Class D Noteholders, after such date, shall have no right to assert a claim in this respect against the Fund with respect to the Compartment, regardless of the amounts which may remain unpaid after the Final Legal Maturity Date.

## FRENCH TAXATION

*The following information is a general description of certain tax laws relating to the notes as in effect and as applied by the relevant authorities as at the date thereof and does not purport to be a comprehensive discussion of the tax treatment of the notes.*

*Prospective investors should consult their own professional advisors on the implication of making an investment on holding or disposing of the notes and the receipt of interest with respect to such notes under the laws of the countries in which they may be liable to taxation.*

### General

Payments of interest and other revenues made by the Compartment with respect to the Listed Notes will not be subject to the withholding tax set out under Article 125 A III of the French *Code général des impôts* unless such payments are made outside France in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French *Code général des impôts* (a “**Non-Cooperative State**”). If such payments under the Listed Notes are made in a Non-Cooperative State, a 75% withholding tax will be applicable (subject to certain exceptions and to the more favourable provisions of any applicable double tax treaty) by virtue of Article 125 A III of the French *Code général des impôts*.

Furthermore, according to Article 238 A of the French *Code général des impôts*, interest and other revenues on such Class A Notes will not be deductible from the Compartment's taxable income, if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid to a bank account opened in a financial institution located in such a Non-Cooperative State. Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Article 109 et seq. of the French *Code général des impôts*, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 bis of the French *Code général des impôts*, at a rate of 30 per cent. or 75 per cent. in case of payment in a Non-Cooperative State (subject to the more favourable provisions of any applicable double tax treaty).

Notwithstanding the foregoing, Article 125 A III of the French *Code général des impôts* provides that neither the 75% withholding tax set out under Article 125 A III of the French *Code général des impôts* nor the non-deductibility for tax purposes as set out under Article 238 A of the French *Code général des impôts* to the extent the relevant interest and other revenues relate to a genuine transaction and are not abnormal or exaggerated in their amount will apply in respect of Listed Notes if the Compartment can prove that the principal purpose and effect of such issue of the Listed Notes was not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the “**Exception**”).

Pursuant to *Bulletins officiels des Finances Publiques-Impôts* BOI-INT-DG-20-50 n°990 and BOI-RPPM-RCM-30-10-20-40 n°70 dated 11 February 2014 and BOI-IR-DOMIC-10-20-20-60 n°10 dated 20 March 2015, the issue of Listed Notes will benefit from the Exception without the Compartment having to provide any proof of the purpose and effect of such issue of Listed Notes, if such Listed Notes are:

- (a) offered by means of a public offer within the meaning of Article L.411-1 of the French Monetary and Financial Code or pursuant to an equivalent offer in a State other than a Non-cooperative State. For this purpose, an “**equivalent offer**” means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; or
- (b) admitted to trading on a regulated market or on a French or foreign multilateral securities trading system *provided that* such market or system is not located in a Non-Cooperative State, and that the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, *provided further that* such market operator, investment services provider or entity is not located in a Non-Cooperative State; or
- (c) admitted, at the time of their issue, to the clearing operations of a central depository or of a securities clearing and delivery and payments systems operator within the meaning of Article L.561-2 of the French *Code monétaire et financier*, or of one or more similar foreign depositories or operators *provided that* such depository or operator is not located in a Non-Cooperative State be able to benefit from the Exception.

Since the Listed Notes will satisfy at least one of the conditions mentioned above, payments of interest and other revenues made on such Listed Notes will be exempt from the 75% withholding tax set out under Article 125 A III of the French *Code général des impôts*.

**Withholding Tax and No Gross-Up**

The attention of the Noteholders is drawn to Condition 6(a) of the terms and conditions of each Class of Notes, stating that no gross-up will be available with respect to any withholding tax imposed and that neither the Fund nor the Compartment shall pay any additional amount in this respect.

## EUROPEAN UNION TAXATION

*The following is a general description of certain tax laws relating to the Notes as in effect and as applied by the relevant tax authorities as at the date hereof and does not purport to be a comprehensive discussion of the tax treatment of the Notes.*

*Prospective investors should consult their own professional advisers on the implications of making an investment in, holding or disposing of Notes and the receipt of interest with respect to Notes under the laws of the countries in which they may be liable to taxation.*

The European Directive on the taxation of savings (EC Council Directive 2003/48/EC, “**EU Savings Directive**”) has been repealed as of 1 January 2016 (1 January 2017 in the case of Austria) (in each case subject to transitional arrangements) by EU Council Directive 2015/2060. The EU Savings Directive required paying agents to report on payment of interest (or other similar income) made to individuals resident in other EU Member States. For a transitional period, however, Austria (unless during such period it elects otherwise) instead operates an optional information reporting system whereby if a beneficial owner, within the meaning of the EU Savings Directive, does not comply with one of two procedures for information reporting, Austria will levy a withholding tax on payments to such beneficial owner. The withholding tax system applies for a transitional period during which the rate of the withholding is of 35%. The transitional period is to terminate at the end of first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments.

The Council of the European Union has adopted Council Directive 2011/16/EU on administrative cooperation in the field of taxation, (as amended by Council Directive 2014/107/EU) (the “**DAC**”), pursuant to which Member States are generally required to apply new measures on mandatory automatic exchange of information as from 1 January 2016 (1 January 2017 in the case of Austria). The DAC is generally broader in scope than the EU Savings Directive, although it does not impose withholding taxes.

In order to avoid overlap between the EU Savings Directive and the DAC, the Council of the European Union adopted on 10 November 2015 a Council Directive 2015/2060/EU repealing the EU Savings Directive from 1 January 2017 in the case of Austria and from 1 January 2016 in the case of all other Member States (subject to on-going requirements to fulfill administrative obligations such as the reporting and exchange of information relating to, and accounting for withholding taxes on, payments made before that date). Austria may continue to levy the 35% withholding tax until 31 December 2016 (in practice until 1 October 2016 for new accounts opened as from 1 October 2016 for which Austria has committed to comply with the reporting and exchange of information requirements) and may remain subject to the transitional arrangements until 30 June 2017.

A number of third countries and territories have adopted similar measures to the EU Savings Directive. Some of those measures have been revised to be aligned with the DAC with an entry into force on 1 January 2017 or 2018, and other such measures may be similarly revised in the future.

Investors should inform themselves of, and where appropriate take advice on, the impact of the EU Savings Directive and the DAC on their investment.

The Saving Directive was implemented into French law under article 242 ter of the French General Tax Code and articles 49 I-ter to 49 I-sexies of Schedule III to the French General Tax Code, which imposes on paying agent based in France an obligation to report to the French tax authorities certain information with respect to interest payments made to beneficial owners domiciled in another Member State, including among other things, the identity and address of the beneficial owner and a detailed list of the different categories of interest paid to the beneficial owner.

No payments or deliveries may be made in respect of the Swap Collateral Account other than the transfer of collateral to the Compartment or the return of excess collateral by the Interest Rate Swap Counterparty in accordance with the terms of the Interest Rate Swap Agreements, unless upon termination of the Interest Rate Swap Agreements, an amount is owed by the Interest Rate Swap Counterparty to the Compartment, in which case, the collateral held on the Swap Collateral Account may form a part of the Available Interest Amount or of the Available Distribution Amount of the Compartment and be applied in accordance with the applicable Priority of Payments.

## DESCRIPTION OF THE CASH MANAGEMENT AGREEMENT

*This section sets out the main material terms of the Cash Management Agreement pursuant to which the Compartment Available Cash will be invested in Authorised Investments.*

### Introduction

Under a cash management agreement entered into on 19 July 2016 and made between the Management Company, the Custodian, the Account Bank and the Cash Manager (the “**Cash Management Agreement**”), the Management Company has appointed CA Consumer Finance (the “**Cash Manager**”) to invest the sums temporarily available, pending allocation and standing to the credit of the Compartment Bank Accounts (the “**Compartment Available Cash**”).

### Authorised Investments

A securities account (*compte-titres*) shall be set up in relation to each of the Compartment Bank Accounts opened with the Account Bank.

The Cash Manager may, subject to the Priority of Payments, invest all sums temporarily available, pending allocation and distribution and credited to the Compartment Bank Accounts in the following Authorised Investments:

1. Euro-denominated cash deposits (*dépôts en espèces*) with a credit institution whose short-term credit rating is F1 or above by Fitch or whose long-term credit rating is A or above by Fitch and whose short-term credit rating is at least A-1 by S&P and whose long-term credit rating is A by S&P (or A+ by S&P if such credit institution is rated below A-1 or has no short-term credit rating), provided that such cash deposits can be repaid or withdrawn at any time on demand by the Management Company, acting for and on behalf of the Compartment;
2. Euro-denominated French Treasury bonds (*bons du Trésor*) with a rating of at least F1 (short-term) or A (long-term) by Fitch if their maturity is up to 30 days (otherwise if their maturity does not exceed 365 days, with a rating of at least F1+ (short-term) or AA+ (long-term) by Fitch) and a rating of at least A-1 by S&P;
3. Euro-denominated debt securities which referred to in, in accordance with Article D. 214-219-2° of the French Monetary and Financial Code and which, represent a monetary claim against the relevant issuer (*titres de créances représentant chacun un droit de créance sur l'entité qui les émet*) provided that and if such debt securities are negotiated on a regulated market located in a member state of the European Economic Area (but provided also that such debt securities do not give a right of access directly or indirectly to the share capital of a company) having a 1-month maturity and whose credit rating is:
  - (i) F1 (short-term) or A (long-term) (not in rating watch negative) by Fitch; and
  - (ii) A-1+ (short-term) by S&P;
4. Euro-denominated negotiable debt securities (*titres de créances négociables*) rated A (long-term) by Fitch or F1 (short-term) by Fitch if their maturity is up to 30 days (otherwise, if their maturity does not exceed 365 days, with a rating of at least F1+ (short-term) or AA+ (long-term) by Fitch) and AAA by S&P (for the long-term debt securities) or A-1+ by S&P (for the short-term debt securities); and
5. Euro-denominated shares (*actions*) or units (*parts*) issued by UCITS (*organismes de placement collectif en valeurs mobilières*) or alternative investment fund (*fonds d'investissements alternatifs*) referred to in article R. 214-220-5° of the French Monetary and Financial Code, whose assets are principally invested in debt securities mentioned in paragraphs 3 and 4 above provided that such Euro-denominated shares (*actions*) or units (*parts*) have a rating of AAmmf by Fitch and AAAM by S&P,

*provided that* the Management Company shall ensure that the Cash Manager shall comply with the investment rules described below.

## Investment Rules

The Management Company will appoint the Cash Manager to arrange for the investment of funds temporarily available and pending allocation and distribution. These investment rules aim to remove any risk of loss of principal and to provide for a selection of debt securities whose credit quality does not affect the then current ratings of Listed Notes by the Rating Agencies. The debt securities shall have a stated maturity date and shall not be assigned or disposed of before their maturity date, except in exceptional circumstances when justified by the protection of the interests of the Securityholders, such as when the situation of the issuer of the debt securities whose assignment is intended gives cause for concern or where there is a risk of market disruption or of inter-bank payment disruption at the maturity date of the relevant debt securities.

Each securities referred to in items 2, 3, 4 and 5 of the Authorised Investments shall mature at the latest one (1) Business Day before the next Payment Date.

- (e) the Custodian shall have given its prior written approval of such substitution and of the new Cash Manager (such consent may not be unreasonably refused or withheld other than on the basis of legitimate, serious and reasonable grounds);
- (f) neither the Fund nor the Compartment shall bear any additional costs in connection with such substitution; and
- (g) such substitution is made in compliance with the then applicable laws and regulations.

## CREDIT STRUCTURE

*An investment in the Notes implies a certain level of risk on which the attention of the investors must be drawn when subscribing or purchasing the Class A Notes or the Class B Notes or the Class C Notes. The structure of the Compartment provides for various credit protection mechanisms which benefit exclusively to the Class A Noteholders and the Class B Noteholders and the Class C Noteholders and which shall not benefit, directly or indirectly, to the holders of any security issued by the Fund in respect of any other compartment. In addition, the Securityholders shall not benefit from any hedging or protection mechanism that may be provided for in relation to the establishment and operation of any other compartment of the Fund.*

### **Representations and warranties related to the Purchased Receivables**

In particular, the Receivables will be acquired by the Compartment on the basis of the representations made and the warranties given by the Seller with regard to the compliance of the Receivables with the Eligibility Criteria. Without prejudice of such representations and warranties, the Seller will not guarantee the solvency (*solvabilité*) of the Borrowers or the effectiveness (*efficacité*) of the related Ancillary Rights.

### **Compartment Excess Margin**

Irrespective of the hedging and protection mechanisms set forth under this section, the main protection of the Noteholders derives, at any date, from the existence of an excess margin. The excess margin is equal to the difference between (a) the interest and recoveries received under the Purchased Receivables (less the Compartment Operating Expenses and the Servicing Fee) plus the Class A Swap Net Amount and the Class B Swap Net Amount due by the Interest Rate Swap Counterparty to the Compartment pursuant to the Interest Rate Swap Agreements and (b) the interest amounts payable under the Notes plus any amount due by the Compartment to the Interest Rate Swap Counterparty.

## DESCRIPTION OF THE INTEREST RATE SWAP AGREEMENTS

The following description of the Interest Rate Swap Agreements consists of a summary of the principal terms of the Interest Rate Swap Agreements in connection with the Notes. Capitalised terms used but not otherwise defined in the following summary or elsewhere in this Compartment Prospectus shall have the meanings given to such terms in the Glossary section of this Compartment Prospectus or in the 2013 FBF Master Agreement.

### Introduction

#### **FBF Master Agreement**

##### *Class A Interest Rate Swap Agreement*

On 19 July 2016, the Compartment, represented by the Management Company, will enter into an interest rate swap agreement to hedge the floating interest rate on the Class A Notes (the “**Class A Interest Rate Swap Agreement**”) with the Custodian and CA Consumer Finance (the “**Interest Rate Swap Counterparty**”). The Class A Interest Rate Swap Agreement is governed by the 2013 *Fédération Bancaire Française* (FBF) master agreement relating to transactions on forward financial instruments (*convention-cadre FBF relative aux opérations sur instruments financiers à terme* or the “**FBF Master Agreement**”) as amended by a supplementary schedule and confirmed by one written swap confirmation (the “**Swap Confirmation**”).

##### *Class B Interest Rate Swap Agreement*

On 19 July 2016, the Compartment, represented by the Management Company, will enter into an interest rate swap agreement to hedge the floating interest rate on the Class B Notes (the “**Class B Interest Rate Swap Agreement**”) with the Custodian and CA Consumer Finance (the “**Interest Rate Swap Counterparty**”). The Class B Interest Rate Swap Agreement is governed by the 2013 *Fédération Bancaire Française* (FBF) master agreement relating to transactions on forward financial instruments (*convention-cadre FBF relative aux opérations sur instruments financiers à terme* or the “**FBF Master Agreement**”) as amended by a supplementary schedule and confirmed by one written swap confirmation (the “**Swap Confirmation**”).

#### **Purpose of the Interest Rate Swap Agreements**

The purpose of the Class A Interest Rate Swap Agreement is to enable the Compartment to meet its interest payment obligations under the Class A Notes and the purpose of the Class B Interest Rate Swap Agreement is to enable the Compartment to meet its interest payment obligations under the Class B Notes, in particular by hedging the Compartment against the risk of a difference between the EURIBOR-based floating rate applicable for the relevant Note Interest Period (on each relevant Payment Date) and the fixed interest rate payments received in respect of the Purchased Receivables.

The Euro-denominated interest payments that the Interest Rate Swap Counterparty is obliged to pay to the Compartment under each Interest Rate Swap Agreement shall be exclusively allocated by the Management Company to the Compartment and applied pursuant to the relevant Priority of Payments.

#### **Notional Amount**

##### *Class A Interest Rate Swap Agreement*

In accordance with the Class A Interest Rate Swap Agreement on each Swap Payment Date the notional amount under the Class A Interest Rate Swap Agreement will be:

- (a) in respect of the first Swap Period, an amount equal to Euro 500,000,000; and
- (b) in respect of each subsequent Calculation Date, an amount in euros equal to the sum of the Principal Amount Outstanding of the Class A Notes.

##### *Class B Interest Rate Swap Agreement*

In accordance with the Class B Interest Rate Swap Agreement on each Swap Payment Date the notional amount under the Class B Interest Rate Swap Agreement will be:

- (a) in respect of the first Swap Period, an amount equal to Euro 78,400,000; and

- (b) in respect of each subsequent Calculation Date, an amount in euros equal to the sum of the Principal Amount Outstanding of the Class B Notes.

#### *Swap Payment Date*

Each fixed payment date and each floating payment date under each Interest Rate Swap Agreement will be each Payment Date under the Class A Notes and the Class B Notes (each, a “**Swap Payment Date**”).

#### *Swap Payments*

##### *Class A Interest Rate Swap Agreement*

Pursuant to the Class A Interest Rate Swap Agreement, on each Swap Payment Date, the Interest Rate Swap Counterparty shall pay to the Compartment the swap floating amount (the “**Class A Swap Floating Amount**”) and the Compartment shall pay to the Interest Rate Swap Counterparty the swap fixed amount (the “**Class A Swap Fixed Amount**”). On each Payment Date, a set-off shall be made between the Class A Swap Floating Amount and the Class A Swap Fixed Amount (the “**Class A Swap Net Amount**”).

The floating rate used to calculate the Class A Swap Floating Amount will be the EURIBOR Reference Rate applicable to the Class A Notes in respect of the Note Interest Period ending on that Swap Payment Date subject to a minimum interest rate which is equal to – 0.45 per cent.

The fixed rate used to calculate the Class A Swap Fixed Amount (the “**Class A Swap Fixed Rate**”) payable by the Compartment to the Interest Rate Swap Counterparty on any Swap Payment Date has been set on 12 July 2016 and is equal to - 0.236 per cent.

##### *Class B Interest Rate Swap Agreement*

Pursuant to the Class B Interest Rate Swap Agreement, on each Swap Payment Date, the Interest Rate Swap Counterparty shall pay to the Compartment the swap floating amount (the “**Class B Swap Floating Amount**”) and the Compartment shall pay to the Interest Rate Swap Counterparty the swap fixed amount (the “**Class B Swap Fixed Amount**”). On each Payment Date, a set-off shall be made between the Class B Swap Floating Amount and the Class B Swap Fixed Amount (the “**Class B Swap Net Amount**”).

The floating rate used to calculate the Class B Swap Floating Amount will be the EURIBOR Reference Rate applicable to the Class B Notes in respect of the Note Interest Period ending on that Swap Payment Date subject to a minimum interest rate which is equal to – 0.80 per cent.

The fixed rate used to calculate the Class B Swap Fixed Amount (the “**Class B Swap Fixed Rate**”) payable by the Compartment to the Interest Rate Swap Counterparty on any Swap Payment Date has been set on 12 July 2016 and is equal to - 0.2675 per cent.

#### *Insufficiency of Available Funds*

In the event that, on any Swap Payment Date, the Compartment is unable to pay to the Interest Rate Swap Counterparty the Class A Swap Fixed Amount or the Class B Swap Fixed Amount as the result of an insufficiency of available funds, the amount that is outstanding on such date will give rise to a shortfall of the Class A Swap Fixed Amount or the Class B Swap Fixed Amount (the “**Class A Swap Net Amount Arrears**” and the “**Class B Swap Net Amount Arrears**”) which will be paid to the Interest Rate Swap Counterparty on the next Swap Payment Date. A Class A Swap Net Amount Arrears will not constitute a ground for termination of the Class A Interest Rate Swap Agreement. A Class B Swap Net Amount Arrears will not constitute a ground for termination of the Class B Interest Rate Swap Agreement. The Class A Swap Net Amount Arrears and the Class B Swap Net Amount Arrears shall not bear interest.

#### *Return of Collateral in Excess*

If the Interest Rate Swap Counterparty has posted collateral in excess of the required amount, such excess will be directly returned by the Compartment to the Interest Rate Swap Counterparty and will not fall within the Priority of Payments.

## ***Additional Payments***

If the Fund or the Compartment must at any time deduct or withhold any amount for or on account of any tax from any sum payable by the Compartment under each Interest Rate Swap Agreement, the Fund or the Compartment shall not be liable to pay to the Interest Rate Swap Counterparty any such additional amount. If the Interest Rate Swap Counterparty must at any time deduct or withhold any amount for or on account of any tax from any sum payable to the Fund or the Compartment under each Interest Rate Swap Agreement, the Interest Rate Swap Counterparty shall at the same time pay such additional amount as is necessary to ensure that the Compartment to which that sum is due receives a sum equal to the Class A Swap Net Amount and the Class B Swap Net Amount it would have received in the absence of any deduction or withholding. In such event, the Interest Rate Swap Counterparty shall be entitled to substitute any authorised interest rate swap counterparty(ies) having at least the Interest Rate Swap Counterparty Required Ratings.

## ***Ratings of the Interest Rate Swap Counterparty by Fitch and Termination of each Interest Rate Swap Agreement***

In this sub-section:

“**Fitch Long-Term Rating**” means a rating assigned by Fitch under its long-term rating scale in respect of an entity’s Long-Term (LT) Issuer Default Rating (IDR). With respect to the Interest Rate Swap Counterparty, the Long-Term (LT) Rating means “Derivative Counterparty Rating” (“DCR”) or LT IDR when DCR is not assigned.

“**Initial Fitch Required Ratings**” means at any time the Long-Term Issuer Default Rating (IDR) by Fitch or the Short-Term IDR by Fitch found in the table below under the column “*Without collateral*” and in the row corresponding to the Fitch Long-Term Rating of the Highest Rated Notes at the time:

<b>Highest Rated Notes’ rating</b>	<b>Without collateral</b>	<b>With collateral – Flip clause</b>	<b>With collateral – No Flip clause</b>

Asf	‘BBB’ or ‘F2’	‘BB+’	‘BBB’ or ‘F2’
BBBsf	‘BBB-’ or ‘F3’	‘BB-’	‘BBB-’ or ‘F3’
BBsf	Note rating	‘B+’	‘BB-’

A “**Subsequent Fitch Rating Event**” shall occur if the Long-Term Issuer Default Rating (IDR) by Fitch and the Short-Term IDR by Fitch of the Interest Rate Swap Counterparty (or its guarantor or any permitted successor or assign) are rated below the Subsequent Fitch Required Ratings.

“**Subsequent Fitch Required Ratings**” means at any time the Long-Term Issuer Default Rating (IDR) by Fitch or the Short-Term IDR by Fitch found in the table under the definitions of “*Initial Fitch Required Ratings*” above under the column “*With collateral – Flip clause*” and in the row corresponding to the Fitch Long-Term Rating of the Highest Rated Notes at the time.

## ***Initial Fitch Rating Event***

Under the terms of each Interest Rate Swap Agreement, upon the occurrence of an Initial Fitch Rating Event:

- (a) the Interest Rate Swap Counterparty shall, at its own costs and expenses, within fourteen (14) calendar days following the occurrence of such Initial Fitch Rating Event (and all times thereafter until such Initial Fitch Rating Event ceases to exist or until such time as the Interest Rate Swap Counterparty has taken one of the actions set out in paragraphs (b)(i), (b)(ii) or (b)(iii) below) transfer collateral pursuant to the terms of the Credit Support Annex to the Swap Collateral Account opened in the name of the Compartment (or any entity so designated by the Compartment) with an Eligible Bank (as defined in each Interest Rate Swap Agreement); or
- (b) the Interest Rate Swap Counterparty, at any time following the occurrence of such Initial Fitch Rating Event, may at its own costs and expenses on a commercially reasonable efforts basis and at its own discretion either:
  - (i) transfer or novate to an Eligible Replacement (as defined in each Interest Rate Swap Agreement) satisfying the Transfer Conditions (as defined in each Interest Rate Swap Agreement) any and all of its rights and obligations with respect to each Interest Rate Swap Agreement and all transactions hereunder; or
  - (ii) procure any Fitch Eligible Guarantor (as defined in each Interest Rate Swap Agreement) to guarantee any and all of its obligations under, or in connection with, each Interest Rate Swap Agreement and the transaction outstanding at such time pursuant to the terms of a Fitch Eligible Guarantee (as defined in each Interest Rate Swap Agreement); or
  - (iii) take such other action (which may, for the avoidance of doubt, include taking no action) as will result in the ratings of the Highest Rated Notes following the taking of such action being maintained at, or restored to, the level it was immediately prior to the occurrence of such Initial Fitch Rating Event.

If any of the remedies specified in paragraph (b) above is not satisfied within fourteen (14) calendar days following the occurrence of such Initial Fitch Rating Event, the Interest Rate Swap Counterparty shall within fourteen (14) calendar days of the occurrence of such Initial Fitch Rating Event transfer collateral pursuant to the terms of the credit support document to the Swap Collateral Account opened in the name of the Compartment (or any entity so designated by the Compartment) with an Eligible Bank (as defined in each Interest Rate Swap Agreement).

If an Initial Fitch Rating Event has occurred and the Interest Rate Swap Counterparty does not take any of the measures described in paragraphs (a) and (b) above (and regardless of whether commercially reasonable efforts have been used to implement any of those measures) (such event being an “**Initial Fitch Rating Requirement Breach**”), such failure shall not be or give rise to an Event of Default (as defined in each Interest Rate Swap Agreement) but shall constitute a Change of Circumstances (as defined in each Interest Rate Swap Agreement) with respect to the Interest Rate Swap Counterparty which shall be deemed to have occurred on the next Business Day after the fourteenth calendar day following the Initial Fitch Rating Event with the Interest Rate Swap Counterparty as the sole Affected Party (as defined in each Interest Rate Swap Agreement) and the transaction as an affected Transaction.

#### *Subsequent Fitch Rating Event*

Under the terms of each Interest Rate Swap Agreement, the parties have agreed that upon the occurrence of a Subsequent Fitch Rating Event:

- (a) within thirty (30) calendar days following the occurrence of a Subsequent Fitch Rating Event, the Interest Rate Swap Counterparty shall, on a commercially reasonable efforts basis, at its own costs and expenses, either:
  - (i) transfer or novate to an Eligible Replacement (as defined in each Interest Rate Swap Agreement) satisfying the Transfer Conditions (as defined in each Interest Rate Swap Agreement) any and all of its rights and obligations with respect to each Interest Rate Swap Agreement and the transaction; or
  - (ii) procure any Fitch Eligible Guarantor (as defined in each Interest Rate Swap Agreement) to guarantee any and all of its obligations under, or in connection with, the relevant Interest Rate

Swap Agreement and the transaction outstanding at such time pursuant to the terms of a Fitch Eligible Guarantee (as defined in each Interest Rate Swap Agreement); or

- (iii) take any other action (which may, for the avoidance of doubt, include taking no action) as will result in the rating of the Highest Rated Notes following the taking of such action being maintained at, or restored to, the level it was immediately prior to the occurrence of such Subsequent Fitch Rating Event;
- (b) pending taking any of the actions set out in paragraph (a) above, the Interest Rate Swap Counterparty shall, at its own costs and expenses, (i) within fourteen (14) calendar days following the occurrence of such Subsequent Fitch Rating Event (and all times thereafter until such Subsequent Fitch Rating Event ceases to exist or until such time the Interest Rate Swap Counterparty has taken one of the actions set out in paragraphs (a)(i) or (a)(ii) or (a)(iii) above), post collateral pursuant to the terms of the Credit Support Annex to the Swap Collateral Account opened in the name of the Compartment (or any entity so designated by the Compartment) with an Eligible Bank (as defined in each Interest Rate Swap Agreement) or (ii) if collateral has already been transferred by the Interest Rate Swap Counterparty pursuant to the provisions of paragraph (a) of sub-section “Initial Fitch Rating Event” above, transfer additional collateral in accordance with the Credit Support Annex.

If, at the time a Subsequent Fitch Rating Event occurs, the Interest Rate Swap Counterparty fails to take any of the remedies described in paragraph (b) of sub-section “*Subsequent Fitch Rating Event*” (such event being a “**Subsequent Fitch Rating Requirement Breach**”), such failure will not be or give rise to an Event of Default (as defined in each Interest Rate Swap Agreement) but will constitute a Change of Circumstances (as defined in each Interest Rate Swap Agreement) with respect to the Interest Rate Swap Counterparty and will be deemed to have occurred on the later of the next Business Day after the tenth calendar day following such Subsequent Fitch Rating Event and the next Business Day after the fourteenth calendar day following any prior Initial Fitch Rating Event with the Interest Rate Swap Counterparty as the sole Affected Party (as defined in each Interest Rate Swap Agreement) and the transaction as an affected Transaction.

### ***Termination***

A Change of Circumstances (as defined in each Interest Rate Swap Agreement) with respect to the Interest Rate Swap Counterparty shall be deemed to have occurred if, even if the Interest Rate Swap Counterparty continues to post collateral as required by paragraph (b) of sub-section “*Subsequent Fitch Rating Event*” (such event being a “*Subsequent Fitch Rating Requirement Breach*”), the Interest Rate Swap Counterparty does not take the measures described in paragraph (a) of sub-section “*Subsequent Fitch Rating Event*”. Such Change of Circumstances will be deemed to have occurred on the next Business Day after the thirtieth calendar day following the Subsequent Fitch Rating Event with the Interest Rate Swap Counterparty as the sole Affected Party (as defined in each Interest Rate Swap Agreement) and the transaction as an Affected Transaction.

A termination by reasons of Change of Circumstances will occur upon the occurrence of:

- (a) an Initial Fitch Rating Requirement Breach; or
- (b) a Subsequent Fitch Rating Requirement Breach.

Under the terms of each Interest Rate Swap Agreement, the Management Company, acting for and on behalf of the Compartment, may suspend its payment or delivery obligations under each Interest Rate Swap Agreement and any transaction and may use collateral posted (if any) under the applicable Credit Support Annex (as defined in each Interest Rate Swap Agreement for the execution of new interest rate swap agreements (substantially the same of the relevant Interest Rate Swap Agreement)). The Interest Rate Swap Counterparty has agreed to bear any costs incurred in connection with such termination, substitution, transfer and/or novation and the execution of any new interest rate swap agreement so that the Compartment shall not bear any additional costs.

A “**S&P Replacement Option 4 Rating Requirement Breach**” will occur if, within the S&P Replacement Option 4 Remedy Period, the Interest Rate Swap Counterparty fails to take any of the remedies described in section “*S&P Replacement Option 4*”.

“**S&P Replacement Option 4 Remedy Period**” means, in respect of the S&P Replacement Option 4, the period from (but excluding) the date on which a S&P Replacement Option 4 Rating Event occurs to (and including) the later of: (i) the 30<sup>th</sup> calendar day following the date on which a S&P Replacement Option 4 Rating Event occurs; and (ii) if the Interest Rate Swap Counterparty has, before the 30<sup>th</sup> calendar day following the date on which a S&P Replacement Option 4 Rating Event occurs, submitted to S&P a detailed written proposal for a remedy, the 60<sup>th</sup> calendar day following the date on which a S&P Replacement Option 4 Rating Event occurs.

A “**Subsequent S&P Rating Event**” shall occur if at any time (regardless of whether an Initial S&P Rating Event has previously occurred), the Interest Rate Swap Counterparty (or any permitted successor or assign) does not meet the Subsequent S&P Required Rating Condition.

A “**Subsequent S&P Rating Requirement Breach**” will occur if the Interest Rate Swap Counterparty fails to take the remedies described in paragraph (b) of section “*Subsequent S&P Rating Event*” (notwithstanding the Interest Rate Swap Counterparty continuing to transfer collateral in accordance with paragraph (a) of section “*Initial S&P Rating Event*”).

“**Subsequent S&P Required Rating**” means, with respect to any entity, such entity having long-term, unsecured and unsubordinated debt obligations rated at least as high as the S&P Minimum Counterparty Rating corresponding to the then current rating by S&P of the Highest Rated Notes then outstanding and the applicable S&P Replacement Option, as specified in the table entitled “*S&P Minimum Counterparty Rating*” under the column “*Subsequent S&P Required Rating*”.

  - (i) transfer or novate to a S&P Eligible Replacement (as defined in each Interest Rate Swap Agreement) satisfying the Transfer Conditions (as defined in each Interest Rate Swap Agreement) any and all of its rights and obligations with respect to each Interest Rate Swap Agreement and all transactions (*provided that* if such S&P Eligible Replacement (as defined

in each Interest Rate Swap Agreement) does not have the Initial S&P Required Rating at the time such transfer occurs, such S&P Eligible Replacement (as defined in each Interest Rate Swap Agreement) will provide collateral under the provisions of the Credit Support Annex or obtain a guarantee of its rights and obligations with respect to each Interest Rate Swap Agreement from a S&P Eligible Guarantor (as defined in each Interest Rate Swap Agreement) having the Initial S&P Required Ratings); or

### *Subsequent S&P Rating Event*

Under the terms of each Interest Rate Swap Agreement:

- (a) the Interest Rate Swap Counterparty will, within the Subsequent Collateral Remedy Period, and at its own cost, transfer collateral to the Swap Collateral Account under the provisions of the Credit Support Annex (or if, at the time such Subsequent S&P Rating Event occurs, the Interest Rate Swap Counterparty has provided collateral under the Credit Support Annex pursuant to the terms of each Interest Rate Swap Agreement following an Initial S&P Rating Event and the Compartment has not transferred equivalent collateral back to the Interest Rate Swap Counterparty at such time, the Interest Rate Swap Counterparty shall continue to provide collateral if required under the provisions of the Credit Support Annex following the occurrence of an Initial S&P Rating Event); and
- (b) the Interest Rate Swap Counterparty shall, within the Subsequent Remedy Period, at any time following the occurrence of such Subsequent S&P Rating Event, at its own discretion and at its own cost, use commercially reasonable efforts to:

### **S&P Replacement Option 3**

Under the terms of each Interest Rate Swap Agreement, upon the occurrence of a S&P Replacement Option 3 Rating Event, then the Interest Rate Swap Counterparty will, within the S&P Replacement Option 3 Remedy Period, at its own cost and expense:

- (a) use commercially reasonable efforts, either:
  - (i) transfer or novate to a S&P Eligible Replacement (as defined in each Interest Rate Swap Agreement) satisfying the Transfer Conditions (as defined in each Interest Rate Swap Agreement) any and all of its rights and obligations with respect to each Interest Rate Swap Agreement and all transactions; or

- (ii) procure a S&P Eligible Guarantee (as defined in each Interest Rate Swap Agreement) in respect of its obligations under each Interest Rate Swap Agreement from a S&P Eligible Guarantor (as defined in each Interest Rate Swap Agreement); or

and

- (b) pending compliance with (a) above, within the S&P Replacement Option 3 Collateral Remedy Period, post collateral at its own cost to the Swap Collateral Account in accordance with the provisions of the Credit Support Annex.

#### **S&P Replacement Option 4**

- (b) procure a S&P Eligible Guarantee (as defined in each Interest Rate Swap Agreement) in respect of its obligations under each Interest Rate Swap Agreement from a S&P Eligible Guarantor (as defined in each Interest Rate Swap Agreement); or

#### **S&P Replacement Options**

S&P Replacement Option 2 will apply on and from the date of each Interest Rate Swap Agreement, *provided that* the Interest Rate Swap Counterparty may at any time elect for any of S&P Replacement Option 1, S&P Replacement Option 3 or S&P Replacement Option 4 to apply (or for S&P Replacement Option 2 to apply if S&P Replacement Option 1, S&P Replacement Option 3 or S&P Replacement Option 4 applies at such time) on and from the date specified in a notice (the “**Option Change Effective Date**”), in which case the relevant S&P Replacement Option shall apply on and from the Option Change Effective Date provided the following conditions have been met:

- (i) no Event of Default (as defined in each Interest Rate Swap Agreement) or Change of Circumstances (as defined in each Interest Rate Swap Agreement) has occurred with respect to which the Interest Rate Swap Counterparty is the Defaulting Party (as defined in each Interest Rate Swap Agreement) or the sole Affected Party (as defined in each Interest Rate Swap Agreement), as the case may be;
- (ii) the Interest Rate Swap Counterparty has given at least one Business Day’s notice to the Management Company and to S&P specifying which S&P Replacement Option shall apply on and from the Option Change Effective Date;
- (iii) such election would not result in the Interest Rate Swap Counterparty ceasing to meet the Subsequent S&P Required Rating Condition applicable to the S&P Replacement Option chosen by the Interest Rate Swap Counterparty and specified in the notice referred to in (ii) above; and
- (iv) such Option Change Effective Date occurs before any Initial Remedy Period or Subsequent Remedy Period has expired (disregarding limb (ii) of the definitions of Initial Remedy Period and Subsequent Remedy Period for the purpose of calculating such Initial Remedy Period or Subsequent Remedy Period).

## ***Termination***

A termination by reasons of Change of Circumstances (as defined in each Interest Rate Swap Agreement) under each Interest Rate Swap Agreement entitling the Management Company to terminate (without being obliged to) each Interest Rate Swap Agreement will occur upon the occurrence of:

- (a) an Initial S&P Rating Requirement Breach;
- (b) a Subsequent S&P Rating Requirement Breach;
- (c) a S&P Replacement Option 3 Rating Requirement Breach; or
- (d) a S&P Replacement Option 4 Rating Requirement Breach.

Under the terms of each Interest Rate Swap Agreement, the Management Company, acting for and on behalf of the Compartment, may suspend its payment or delivery obligations under each Interest Rate Swap Agreement and any transaction and may use collateral posted (if any) under the applicable Credit Support Annex (as defined in each Interest Rate Swap Agreement for the execution of a new interest rate swap agreement (substantially the same of the relevant Interest Rate Swap Agreement)). The Interest Rate Swap Counterparty has agreed to bear any costs incurred in connection with such termination, substitution, transfer and/or novation and the execution of any new interest rate swap agreement so that the Compartment shall not bear any additional costs.

## **Collateral Arrangements**

The Compartment and the Interest Rate Swap Counterparty have entered into a Credit Support Annex (as defined in each Interest Rate Swap Agreement) with respect to each Interest Rate Swap Agreement which forms part of the relevant Interest Rate Swap Agreement, which sets out the terms on which collateral will be provided by the Interest Rate Swap Counterparty to the Compartment in the event that the Interest Rate Swap Counterparty ceases to have the Interest Rate Swap Counterparty Required Ratings in respect of each Interest Rate Swap Agreement.

## **Termination**

The Interest Rate Swap Counterparty will have the right to early terminate each Interest Rate Swap Agreement in the following circumstances:

- (a) upon the occurrence of either of the following events:
  - (i) any provision of the Transaction Documents is amended and the effect of such amendment is to affect the amount, timing or priority of any payments due between the parties to each Interest Rate Swap Agreement unless the Interest Rate Swap Counterparty has consented in writing to such amendment;
  - (ii) any provision of the Transaction Documents is amended without the consent of the Interest Rate Swap Counterparty only to the extent where such amendment would have a material adverse effect on the Interest Rate swap Counterparty;
  - (iii) the Class A Notes and the Class B Notes are repaid or cancelled in full, subject to, and in accordance with, the terms of the Compartment Regulations, unless such repayment or cancellation of the Class A Notes and the Class B Notes results from the decision made by the Management Company to liquidate the Compartment; or
  - (iv) the Management Company has elected to liquidate the Compartment; and
- (b) upon the occurrence, with respect to the Compartment, of any of the Events of Default (as defined in each Interest Rate Swap Agreement) or of any of the Changes in Circumstances (as defined in each Interest Rate Swap Agreement).

Upon such early termination of each Interest Rate Swap Agreement as described above, the Compartment or the Interest Rate Swap Counterparty may be liable to make a termination payment to the other party.

In case the Interest Rate Swap Counterparty is the defaulting party, the amount of any such termination payment will be based on the replacement value of the derivative transaction.

In case the Compartment is the defaulting party, the amount of any such termination payment will be based on the total losses and costs incurred (or gain, in which case expressed as a negative number) of the non-defaulting party in connection with the termination of each Interest Rate Swap Agreement, including in respect of any payment or delivery required to have been made, any loss of bargain, cost of funding, or loss or cost incurred as a result of terminating, liquidating, obtaining or re-establishing any hedge or related trading position. The non-defaulting party's legal expenses and out-of-pocket expenses incurred enforcing or protecting its rights under each Interest Rate Swap Agreement are excluded from the calculation of loss.

In case of early termination, the Class A Swap Termination Amount and the Class B Swap Termination Amount will rank lower in priority than payments to the holders of the Notes pursuant to the Interest Priority of Payments.

### ***Governing Law and Jurisdiction***

Each Interest Rate Swap Agreement is governed by and shall be construed in accordance with French law. The parties have agreed to submit any dispute that may arise in connection with the relevant Interest Rate Swap Agreement to the exclusive jurisdiction of the competent courts of the *Cour d'Appel de Paris*.

## DISSOLUTION AND LIQUIDATION OF THE COMPARTMENT

*This section describes the Compartment Liquidation Events, the procedure for the liquidation of the Compartment and for the obligations of the Management Company in this case, in accordance with the provisions of the Compartment Regulations and of the General Regulations.*

### General

Pursuant to the Compartment Regulations and the Master Receivables Sale and Purchase Agreement, the Management Company, acting in the name and on behalf of the Compartment, may be entitled (or will have the obligation, if applicable) to declare the early liquidation of the Compartment in accordance with Article L. 214-169-IV, Article L. 214-183-I and Article R. 214-226-I of the French Monetary and Financial Code, *provided that* such event would not cause the liquidation of the other compartments of the Fund or of the Fund itself (except where the Compartment is the only one compartment of the Fund). The Compartment may be liquidated upon the occurrence of one of the liquidation events mentioned below.

Pursuant to the Compartment Regulations the Compartment shall be liquidated on the Compartment Liquidation Date which is an undetermined date occurring, at the latest, six (6) months after the extinguishment (*extinction*) of the last outstanding Purchased Receivable.

### Compartment Liquidation Events

In accordance with Article L. 214-183-I and Article R. 214-226-I of the French Monetary and Financial Code and pursuant to the Compartment Regulations, if any of the events listed in (a), (b), (c) or (d) below has occurred and if the Management Company has elected or consented, as the case may be, to liquidate the Compartment and subject to the satisfaction of the other conditions set out in this section, then a Compartment Liquidation Event shall be deemed to have occurred:

- (a) the liquidation of the Compartment is in the interest of the holders of the Units and Noteholders; or
- (b) the aggregate Outstanding Principal Balance of the Purchased Receivables which are unmatured (*non échues*) is lower than ten (10) per cent. of the maximum aggregate Outstanding Principal Balance of the Purchased Receivables which are unmatured (*non échues*) as of the Compartment Establishment Date; or
- (c) the Notes and the Units issued by the Compartment are held by a single holder and such holder requests the liquidation of the Compartment; or
- (d) the Notes and the Units issued by the Compartment are held solely by the Seller and the Seller requests the liquidation of the Compartment.

### Liquidation of the Compartment

Pursuant to the terms of the Master Receivables Sale and Purchase Agreement, if a Compartment Liquidation Event has occurred, the Management Company shall be obliged to propose to the Seller, pursuant to the terms of an offer to repurchase the Purchased Receivables and the related Ancillary Rights in accordance with the terms and provisions hereinafter provided (the “**Offer to Sell**”).

### Re-transfer and sale of the Purchased Receivables

#### *Offer to Sell*

In the event of the occurrence of any Compartment Liquidation Event, the Management Company, acting for and on behalf of the Fund with respect to the Compartment, shall propose to the Seller (or to any other authorised entity(ies)) to repurchase, under the terms of the Offer to Sell, all the Purchased Receivables remaining among the Assets of the Compartment in a single transaction. The Management Company shall propose to the Seller to repurchase the Purchased Receivables it sold on each Purchase Date. The sale price of the Purchased Receivables (the “**Sale Price**”) proposed by the Management Company to the Seller (or to any other authorised entity(ies)) shall be based on the market value of similar consumer loan receivables. The Sale Price of the Purchased Receivables shall take into account their respective Outstanding Principal

Balances and any other amounts accrued on or payable under or in connection with the Purchased Receivables.

The repurchase of the Purchased Receivables and of their Ancillary Rights remaining among the Compartment's assets pursuant to the above conditions shall take place on a Payment Date only, and at the earliest on the first Payment Date following the date on which the Compartment Liquidation Event will have been declared by the Management Company. The Sale Price of the Purchased Receivables and of their Ancillary Rights shall be credited to the General Collection Account.

Pursuant to the Master Receivables Sale and Purchase Agreement, the Seller may designate any credit institution or any authorised entity to repurchase part or all the Purchased Receivables and their Ancillary Rights, subject to the Sale Price complying with the terms provided below.

The Seller shall be entitled to refuse any Offer to Sell made by the Management Company. Consequently, if the sale of the Purchased Receivables and their Ancillary Rights to the Seller (or to any other authorised entity(ies)) in accordance with the conditions set out above does not occur for whichever reason, the Management Company may try to sell the Purchased Receivables remaining in the Compartment's assets to any credit institution authorised to acquire these Purchased Receivables under the same terms and conditions and subject to the provisions of the Master Receivables Sale and Purchase Agreement.

### **Sale Price of the Purchased Receivables**

As a condition precedent for the sale of the Purchased Receivables, the Sale Price of the Purchased Receivables and their Ancillary Rights remaining among the Assets of the Compartment must be sufficient to provide the Compartment with enough cash including, if any, the Compartment Available Cash, to pay any amount due in respect of the principal and interest due to the Noteholders once the other amounts due by the Compartment and ranking senior to the Notes have been paid. Such payments shall be made in accordance with the Accelerated Priority of Payments.

In the event that the Sale Price of the Purchased Receivables is not sufficient to pay in full such amounts, the transfer of the Purchased Receivables and the Ancillary Rights shall not take place and the Compartment shall not be liquidated.

### **Liquidation of the Compartment**

Whatever the Compartment Liquidation Events which may occur, the Management Company, pursuant to the provisions of the Compartment Regulations, shall be responsible for the liquidation of the Compartment. In this respect, it has the authority (a) to sell the Assets of the Compartment including, *inter alia*, the Purchased Receivables and the Ancillary Rights, (b) to pay the Noteholders and any other creditors of the Compartment in accordance with the Accelerated Priority of Payments and (c) to distribute any residual monies.

The Statutory Auditor of the Fund and the Custodian shall continue to perform their respective duties until the completion of the liquidation of the Compartment.

The Compartment Liquidation Surplus, if any, will be distributed to the holder(s) of the Units as a final remuneration of the Units on a *pro rata* and *pari passu* basis on the Compartment Liquidation Date and in accordance with the applicable Priority of Payments.

## GENERAL ACCOUNTING PRINCIPLES

The Management Company and the Custodian have also identified the source(s) of such information.

#### **13. European Union Directive on Taxation of Savings Income**

On 3 June 2003, the European Union has adopted a Directive 2003/48/EC regarding the taxation of savings income in the form of interest payments (the “**Savings Directive**”). The Savings Directive requires Member States to provide to the tax authorities of other Member States details of payments of interest and other similar income paid by a person to an individual in another Member State, except that Austria will instead impose a withholding system for a transitional period unless during such period they elect otherwise.

According to the Luxembourg law dated 25 November 2014, the Luxembourg government has abolished the withholding tax system with effect from 1 January 2015 in favour of automatic information exchange under the Savings Directive.

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of tax were to be withheld from that payment, neither the Fund, the Compartment nor the Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Listed Note as a result of the imposition of such withholding tax. If a withholding tax is imposed on payment made by the Paying Agent, the Fund or the Compartment will be required to maintain a Paying Agent in a Member State that will not be obliged to withhold or deduct tax pursuant to the Savings Directive.

On 10 November 2015, the Council of the European Union adopted an EU Council Directive repealing the Savings Directive from 1 January 2017 in the case of Austria and from 1 January 2016 in the case of all other Member States (subject to on-going requirements to fulfil administrative obligations such as the reporting and exchange of information relating to, and accounting for withholding taxes on, payments made before those dates).

#### **16. PCS Label**

An application has been made to Prime Collateralised Securities (PCS) UK Limited (the “**PCS**”) for the Class A Notes to receive the Prime Collateralised Securities label (the “**PCS Label**”). However, there can be no assurance that the Class A Notes will be granted the PCS Label (either before issuance or at any time thereafter) and should the Class A Notes be granted the PCS Label, there can be no assurance that the PCS Label will not be withdrawn at a later date.

The PCS Label is awarded to the most senior tranche of asset backed transactions that fully meet the criteria that are set down by PCS. The relevant criteria seek to capture some of the aspects of asset backed securities that are indicative of simplicity, asset liquidity and transparency and reflect some of the best practices available in Europe.

The PCS Label is not a recommendation to buy, sell or hold securities. It is not investment advice whether generally or as defined under Markets in Financial Instruments Directive (2004/39/EC) and it is not a credit rating whether generally or as defined under the Credit Rating Agency Regulation (1060/2009/EC) or Section 3(a) of the United States Securities Exchange Act of 1934 (as amended by the Credit Agency Reform Act of 2006). PCS is not an “expert” as defined in the United States Securities Acts of 1933 (as amended).

By awarding the PCS Label to certain securities, no views are expressed about the creditworthiness of these securities or their suitability for any existing or potential investor or as to whether there will be a ready, liquid market for these securities.

Investors should conduct their own research regarding the nature of the PCS Label and must read the information set out in <http://pcsmarket.org>. The website <http://pcsmarket.org> shall not form part of this Compartment Prospectus.

## REGULATORY COMPLIANCE

### Retention Statement

Pursuant to the Listed Notes Subscription Agreement the Seller has undertaken that, for so long as any Listed Note remains outstanding, it shall comply with article 405 paragraph (1) of the Regulation (EU) n° 575/2013 of the European Parliament and the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms amending the Regulation (EU) n° 648/2012 (the “**Capital Requirements Regulations**”), article 51 paragraph (1) of Section 5 of Chapter III of the Commission Delegated Regulation (EU) n° 231/2013 of 19 December 2012 (“**Section 5**”) implementing AIFM Directive 2011/61/EU of the European Parliament and of the Council of 8 June 2011 on Alternative Investment Fund Managers (“**AIFM**”) and Article 254(2) of the Commission Delegated Regulation (EU) 2015/35 of 10 October 2014 supplementing Directive 2009/138/EC of the European Parliament and of the Council on the taking-up and pursuit of the business of Insurance and Reinsurance (Solvency II) (the “**Solvency II Delegated Act**”), and therefore retain on a consolidated basis a material net economic interest in the transaction which, in any event, shall not be less than 5 per cent.

The Seller has (a) undertaken to subscribe for all the Class D Notes pursuant to the Class D Notes Subscription Agreement and all Units pursuant to the Units Subscription Agreement and (b) undertaken not to transfer, sell or benefit from a guarantee or otherwise hedge any of the Class D Notes and the Units before the full amortisation of the Listed Notes, save if it ensures beforehand that it complies with the retention requirement described above in another manner. Any change to the manner in which such material net economic interest is held by the Seller will be immediately notified to the Management Company and the representatives of the holders of the Listed Notes.

In accordance with article 10.1(d) of the Commission Delegated Regulation (EU) No 625/2014 of 13 March 2014 supplementing the Capital Requirement Directive, the Seller has undertaken that the retention option and the methodology used to calculate the net economic interest shall not be changed during the life of the securitisation transaction, unless such change is required due to exceptional circumstances and is not used as a means to reduce the amount of retained interest. The Seller has undertaken to notify to the Lead Manager and the Compartment any such change, the relevant circumstances and the new option and/or methodology used for the purpose of the retention of the Class D Notes and the Units. The Compartment shall, in turn, notify any such information to the holders of the Listed Notes.

The Seller has also undertaken pursuant to the Listed Notes Subscription Agreement, in compliance with Article 405 paragraph (1) of the Capital Requirements Regulations, to the Lead Manager and the Compartment that, whatever its form, the net economic interest retained for the purpose of complying with the covenant set out above, including retained positions, interest or exposures, shall not be subject to any credit risk mitigation (within the meaning of article 4 paragraph 1 sub-paragraph (57) of the Capital Requirements Regulations) or any short positions or any other hedge and shall not be sold.

Furthermore the Seller has undertaken to provide (or cause to be provided) to representative of the holders of the Listed Notes all information that is required to enable the holders of the Listed Notes to comply with article 409 of the Capital Requirements Regulations and the information required under article 8b of CRA3 and Commission Delegated Regulation (EU) 2015/3 of 30 September 2014 as from the date on which such disclosure requirements shall start to apply to structured finance instruments, without prejudice to the French banking secrecy requirements provided for in article L. 511-33 of the French Monetary and Financial Code and the French data protection law (please refer to paragraph 3.13 “*French Banking Secrecy and Data Protection Regulations*” of the section “**RISK FACTORS**”). In each case, such data and information can be obtained from the Seller by the Compartment and then by the Listed Noteholders and any prospective investor in the Listed Notes from the Compartment upon request.

### Investors to assess compliance

Each prospective investor is required independently to assess and determine the sufficiency of the information referred to above for the purposes of complying with Article 404 through 409 of the Capital Requirements Regulations and Section 5, and none of the Management Company, the Custodian, the Fund, the Compartment, the Lead Manager or the Seller makes any representation that the information described above or in this Compartment Prospectus is sufficient in all circumstances for such purposes. Furthermore, each

prospective holder of the Listed Notes should ensure it complies with the implementing provisions in respect of Article 404 through 409 of the Capital Requirements Regulations and Section 5 in its relevant jurisdiction if applicable to it. Investors who are uncertain as to the requirements which apply to them in respect of their relevant jurisdiction, should seek guidance from their regulator.

### **Section 5 of Chapter III of the Regulation implementing the EU Alternative Investment Managers Directive**

Investors should be aware of Article 17 of the AIFM and Section 5 which introduced risk retention and due diligence requirements in respect of alternative investment fund managers that are required to become authorised under AIFM. These requirements came into force on 22 July 2013 in general.

Whilst the requirements under Section 5 are similar to those which apply under Articles 404 through 409 of the CRR, they are not identical. Additional due diligence obligations apply to relevant alternative investment fund managers especially in respect of requirements for retained interest and qualitative requirements concerning sponsors and originators, and AIFMs exposed to securitisations. Amongst others, prior to being exposed to securitisations, an AIFM must ensure that the sponsor and originator:

- (a) grant credit based on sound and well-defined criteria and clearly establish the process for approving, amending, renewing and re-financing the consumer loans (please see the information set out in this Compartment Prospectus in particular in section “DESCRIPTION OF THE LOAN AGREEMENTS AND THE RECEIVABLES”, section “SALE AND PURCHASE OF THE RECEIVABLES” and section “CREDIT STRUCTURE”);
- (b) have in place and operate effective systems to manage the ongoing administration and monitoring of credit risk-bearing portfolios and exposures, including for identifying and managing problem loans and for making adequate value adjustments and provisions;
- (c) adequately diversify each credit portfolio based on the target market and overall credit strategy;
- (d) have a written policy on credit risk that includes risk tolerance limits and provisioning policy and describes the measurement, monitoring and control of such risk;
- (e) grant readily available access to all materially relevant data on the credit quality and performance of the individual underlying exposures, cash flows and collateral supporting a securitisation exposure and to any information that is necessary to conduct comprehensive and well informed stress tests on the cash flows and collateral values supporting the underlying exposures;
- (f) grant readily available access to all other relevant data necessary for the AIFM to comply with the applicable qualitative requirements; and
- (g) disclose the level of their retained net economic interest, as well as any matters that could undermine the maintenance of the minimum required net economic interest.

Under the Master Receivables Sale and Purchase Agreement, the Seller has represented and warranted to the Compartment that the procedures and policies of the Seller in relation to the granting of credit, the maintenance of written credit risk policies and the administration, monitoring and diversification of credit-risk bearing portfolios are in compliance with the requirements of Section 5 referred to in paragraphs (a) to (d) above.

With respect to the commitment of the Seller to retain a material net economic interest in the securitisation transaction and the information to be made available by the Compartment in this regard, and the commitment of the Seller to provide (or cause to be provided) to the representative of the holders of the Listed Notes all information that is required to enable the holders of the Listed Notes to comply with inter alia, Section 5, as the case may be, please refer to the statements in section “REGULATORY COMPLIANCE – Retention Statement”.

Relevant investors are required to independently assess and determine the sufficiency of the information referred to above for the purpose of complying with requirements applicable to them. The Arranger, the Lead Manager, the Fund, Compartment, the Seller and the Servicer make no representation or warranty that such information is sufficient in all circumstances. Aspects of what is required by national regulators for

compliance with Section 5 are unclear. In addition, this Section is subject to further regulation and interpretation including by the European Securities Markets Authority (ESMA). Investors who or which are uncertain as to the requirements applicable to themselves should seek guidance from their national regulator(s).
