This alliance is based on a shared vision of the future of mobility and consolidates the existing connection between two major European groups that are leaders in their markets: Crédit Agricole and Stellantis.

As part of this new partnership, Leasys strengthens the insurance solutions within its service portfolio, while **Mudum Seguros** reinforces its role within a structured mobility ecosystem, integrating insurance solutions into established renting and fleet management models in the market. The collaboration with Leasys reflects Mudum's commitment to partnerships that enable scaling its presence in specific segments, addressing new ways of using vehicles and increasingly integrated needs from companies and individuals.

*"At Leasys, we seek partners who add real value to our service offering. Mudum brings a flexible and integrated approach to the insurance component, allowing us to strengthen our value proposition for customers looking for simple, efficient solutions adapted to today's market demands. We are excited to start this long-term alliance, which aligns with our strategy of offering increasingly complete and integrated mobility solutions," said **Nuno Jacinto, CEO of Leasys.***

"We are delighted to announce this partnership with Leasys, which allows us to integrate our insurance products into a structured and scalable mobility model, meeting real needs of companies and individuals. It is a consistent step in how Mudum approaches growth: through partnerships with strategic partners that create tangible value and to whom we can offer complete solutions that complement their business," stated **Afonso Themudo Barata, CEO of Mudum Seguros.**
